In the following space, please describe the project or the request

Application for use permit for live entertainment. Buster's Grill had featured Karaoke on Wednesday and Saturday nights for approxiately two years. We were not aware at the Corporate Office of a need for a permit.

Since discontinuing Karaoke, the sales have decreased substantially.

Karaoke is conducted indoors in the lounge, there isn't an outdoor speaker system used. All patrons participating are in the lounge area. Doors are kept closed, but not locked, to keep Karaoke sounds inside).
