CERTIFICATE OF COMPLIANCE-

To be signed by licensed professional before a certificate of occupancy is issued

I certify that, to the best of my knowledge, the requirements of the Building Code and the approved plans and specifications have been complied with, insofar as the portion of the work requiring special inspection under Section 1701.5 is concerned, except for those deviations previously reported. A guarantee that the contractor necessarily constructed the building in full accordance with the plans and specifications is neither intended nor implied.

Seal - sign and date

Original - to be retained by the engineer of record until the Certificate of Compliance is signed; then returned to the Building Inspections Supervisor.  
Copy - to be routed by the plans reviewer to the Building Inspections Supervisor after the Certificates of Special Inspection and Responsibility are signed.  
Copy - to be routed by the plans reviewer to records to be maintained in file until original is received from the Building Inspections Supervisor

WAIVER OF REQUIREMENT FOR PLANS AND  
CALCULATIONS FOR PLANT MANUFACTURED ELEMENTS

Project Name : SUMMIT AT SCOTTSDALE

Plan Check No.: 5092-99F

Address : 32331 - 32637 N. SCOTTSDALE RD.

Building Permit No.

Identify below the plant manufactured elements covered by this waiver:

STEEL JOISTS + JOIST GIRDERS, PLYWOOD WEB JOISTS

To be filled in and signed by Owner before a building permit is issued.

TOM BURD - DEV. REP.  
owner - please print

hereby request waiver of the requirement that plans and

calculations for the above described plant manufactured structural elements be submitted to the Building Official.

I hereby certify that I shall be responsible for such plans and calculations being furnished to the registered professional in charge of structural calculations for this project and that fabrication of the plant manufactured elements shall not take place until he / she has reviewed and approved such documents. I further understand that these requirements necessitate a field inspection of the elements in question by the registered professional in charge of structural design.

I CARUSO TURLEY SCOTT  
(professional in charge of structural design) (please print) hereby certify that I shall be responsible for such plans

and calculations (including shop drawings and field changes) conforming to the overall structural design of the building.

OWNER :

LICENSED PROFESSIONAL :

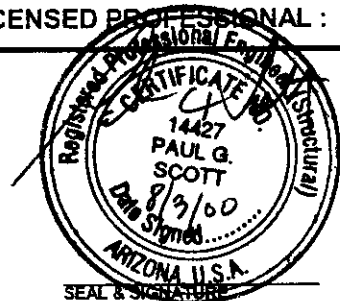

Print Owner or Agent (If agent: title, relationship to project, and furnish letter signed by owner authorizing you as agent)

DEV. REPRESENTATIVE, KDC-AZ LLC

Signature

Date

9/8/00

This does NOT permit the violation of any section of the Uniform Building Code or any federal, state or local regulations.

CERTIFICATE OF COMPLIANCE- To be signed by licensed professional upon completion of the work

I certify that I have reviewed and approved the manufacturer's application of the structural component or subsystem for conformance to the intent of the structural contract documents

I further certify that I have reviewed the shop fabrication and layout drawings as submitted by the contractor; and approved the supplier-designed drawings of components or subsystems as being in conformance with the structural contract documents.
