Subject: SkySong Master Sign Program

Hank,

I read through the entire MSP for SkySong, and it's a great piece of document. Everything is comprehensive and detailed. I only have one concern that Greg and I pointed out:

On page GD 100, the "2 of 2 Scottsdale Road M3 Sign" should be placed somewhere else on the road. The current proposed location for the "2 of 2 Scottsdale Road M3 Sign" is in an area where a lot of signs will be clustered in and around. It would be better if that sign locate itself midway between the "1 of 2 Scottsdale Road M1 Sign" and the "1 of 1 SkySong Blvd. M1 Sign."

Other than that, the MSP looks good. Come see me if there are any additional issues. Thanks Hank.
