Re: Terravita Market Place project number 115-PA-2008

To Whom It May Concern,

Young Electric Sign Company is proposing two (2) illuminated ground sign displays in the Scenic Corridor. One of the ground signs will be located along Carefree Highway and the other will be located on Scottsdale Road. The design of the displays will incorporate earth tone paint colors with a texture finish. The display will have clear acrylic push thru letters with diffuser and Brushed Aluminum overlay, and will have T12 fluorescent lighting. The design of the displays meets the design specifications set forth in the Scenic Corridor ordinance. If you have any questions or concerns please feel free to call me.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Josh Goins", written over a large, stylized circular scribble.

Josh Goins
