

Add to Background

6.4 Study Session

Skysong Phase IV and Paseo Plaza

Ortega: Concerns about reflection from horizontal louvers.

DeAndrea: Better than 1st two buildings
* important — design per "Guiding Principles"

entry point could be strengthened

pedestrian circulation between buildings
could also be strengthened

will the buildings be LEED certified??

Edwards: what is material of mechanical screening??

Jones: Any thought to breaking up the massing??

rooftop gardens??

can elevations be "tied" together??

entrance to plaza seems "sparse"

Paseo Plaza
