(3-GP-2009)

I am in emphatic opposition to the above proposal for development. Keep what is uniquely ours.

I, Thomas Youngerman, am in opposition of this development proposal. Once you develop, you can never get back the desert which is our back yard.

City Council,

I live in the Rio Verde Foothills area and I am very concerned about the growth and development. I have lived in this area for 11 years and we need grocery stores, restaurants and what ever else some small business feels we need. To say that Pima & Dynamite is reserved for Desert Foothills is a joke. Have you ever looked at the corner? It is massive power lines which are toxic and certainly not a pretty site for anyone traveling north or south or Pima. If I am not mistaken that property on the NW corner was already rezoned, I do remember a sign there. I am all for growth and development, I would like to help small businesses by being able to support them instead of a 45 min drive one way to get to a store, hardware store, etc. Please lets think clearly about that corner and take a good look at the site, putting business in is a plus and getting rid of dirt bikes that destroy the desert and pollute. I also think that maybe the council should think of the tax revenue.

Sincerely,

A taxpayer who would like growth and development
