Subject: Giggle

Gwen,

The following needs to be submitted for the Giggle DRB application:

- Before and after elevations for the entire north elevation of building H. ✓
- Before and after elevations for the storefront (include the edges of the adjacent storefront for context). ✓
- Before and after perspective from an angle that will clearly show the existing canopies and the proposed awnings relative to the remaining canopies. ✓
- Material sample of the proposed awning (if possible). This can be provided later if you need more time to get one. ✓
- DRB application + Fee (300.00 – 85.00 SA fee = 215.00) ✓
- Digital copy of the drawings requested above. ✓

Please provide 2 copies of each item 11x17 no later than Friday 7/30. After staff reviews the materials, I will request the 15 copies for the board members.

Let me know if you have any questions.

Thanks,

Bryan D. Cluff, LEED AP
