**Attachments:** image001.png; image002.png

Hi Louisa,

As a follow-up to our conversation, it is my understanding that this blanket permit covers live entertainment (i.e. bands, etc) either inside or outside the SQ. Since there is no impact to Scottsdale Airport or any conflict with the Part 150 Noise Study, the aviation department has no issues with the CUP request.

Any questions, please let me know.

Sincerely,

Gary P. Mascaro, C.M., C.A.E.

Hi Gary,

We are processing a blanket Live Entertainment Conditional Use Permit for Scottsdale Quarter as shown on the attachment.

We are taking the blanket approach not only because it is a more efficient way of processing various LE applications for SQ, but also to implement the land use policies and the expeditious development review policies as set forth in the GACAP.

Having said that, we want to make sure that the Airport is okay with not having the Avigation Easement for the request (given the history with SQ), would you please confirm if that is the case?

Thanks.
