BACKGROUND

General Plan

Per the General Plan Land Use element the subject site, which is located within the Scottsdale Airpark boundary, falls under the Employment category. This category is primarily intended for light manufacturing and office uses, and provides opportunities for fledgling business enterprises. Employment areas are typically located in close proximity to major transit corridors, and in areas where impacts to residential neighborhoods are minimal.

Action Taken _____

Character Area Plan

Per the Greater Airport Character Area Plan, the subject site falls under the Employment category. This category is intended to provide opportunities for business enterprises, as well as uses that provide regional and local jobs. Uses prevalent in this category include office, warehousing, and light manufacturing.

Zoning

The site is zoned Industrial Park District (I-1). This zoning allows for a wide variety of light industrial and office uses. A Medical Marijuana Dispensary is allowed subject to a Conditional Use Permit.

State Regulations

The Arizona Department of Health Services (ADHS) bases locations of Medical Marijuana facilities on established Community Health Analysis Areas, or "CHAAs" (See Attachment #8). There are seven (7) CHAAs that overlap the Scottsdale city limits. Two CHAAs cover the vast majority of the city. Five other CHAAs extend into the edges of the city limits. The rules released by the State on 4/13/11 indicate the potential for more than one (1) facility per CHAA, based on specific criteria, subject to approval by the ADHS.

The current rules require applicants for an ADHS Medical Marijuana registration certificate to submit verification to the ADHS that the site meets all local zoning restrictions. For the City of Scottsdale, the CUP is part of the "local zoning restrictions". Below is an outline of the application process showing the City and ADHS steps:

1. Applicant has a pre-application meeting and makes a formal submittal to the City for a CUP. All applicants are informed of the CUP criteria, including the various separation requirements, and that any application may be at risk of failing to meet those criteria or any other CUP condition prior to ADHS granting approval to operate.
2. CUP is heard by the Planning Commission for recommendation.
3. CUP is heard by the City Council for approval or denial.
 - If the CUP is approved, the applicant provides confirmation to the ADHS that the facility is in compliance with City zoning restrictions as part of their application for a ADHS registration certificate.
 - The approved CUP resolution does not become effective until Step 5 below.
4. ADHS confirms site meets local zoning restrictions and allocates the registration certificate.
5. Applicant presents the ADHS registration certificate to the City Zoning Administrator for confirmation that the conditions of the CUP resolution have been satisfied, including all separation requirements (See Attachment #10). City staff coordinates with ADHS on timing, location, and number of ADHS certificates.
 - Approved CUP resolutions will not become effective if they do not meet the conditions, including the separation requirements, at the time of the Zoning Administrator review.

6. Upon confirmation that the CUP resolution is in effect, the applicant applies to the ADHS for approval to operate.

Context

The subject site is located approximately 1,000 feet east of N. Scottsdale Road, on the south side of E. Greenway-Hayden Loop. The proposed use occupies a suite in a building that is part of a 3-building complex. The use mix in the complex includes office, light industrial and warehouse operations.

Key Items for Consideration

- Compliance with Conditional Use Permit criteria
- No public/private schools or residential properties within 500 feet
- Located within 1,320 feet of another proposed Medical Marijuana facility
- Public Safety and Refuse Control Plan approved by the Scottsdale Police Department
- Verbal correspondence in opposition to request received by staff

APPLICANTS PROPOSAL

Goal/Purpose of Request

The applicant seeks approval to operate a +/- 1,344 square foot Medical Marijuana Dispensary in the Industrial Park District (I-1). In addition to dispensing of product, certified medical personnel will be available, either by phone or in person, to provide consultations to patients as needed. No cultivation or processing is proposed at this location; instead, the applicant intends to contract with a separate facility to provide the product, which will either be delivered or picked up by the applicant. This may include contracting with an off-site bakery for processing and preparation of marijuana-infused edibles. Some incidental packaging and sorting of product will occur as needed as part of day to day operations, all of which will be done by hand.

For security purposes, the main entrance will be secured and will only open after facility staff has verified patient identification. Once identification is confirmed, the door will open electronically to allow the patient access to the facility. All other doors used to access restricted areas will also be secured and accessible only by employees with coded access privileges or electronic access cards. Additionally, at least one (1) security guard will be present to monitor activities inside and outside

the facility. During off-hours, the facility will be monitored remotely by a 24-hour security system that will include video surveillance, motion sensors, glass breaking sensors and intrusion detection.

Development Information

- Existing Use: Vacant
- Proposed Use: Medical Marijuana Dispensary
- Parking Required: 6 spaces
- Parking Provided: 339 spaces (for entire center)
- Floor Area: 1,344 square feet

IMPACT ANALYSIS

Land Use

The proposed use will occupy one (1) suite in a multi-tenant complex. The surrounding use mix consists primarily of professional or medical office with some light industrial and wholesale uses mixed in. It is anticipated the facility will operate similar to a medical office use, with foot traffic limited to patients and/or caregivers. The dispensary will be a non-profit organization, as required by State and Federal law, and will not function as a retail use open to the general public.

Conditional Use Permit

Conditional Use Permits, which may be revocable, conditional, or valid for a specified time period, may be granted only when expressly permitted after the Planning Commission has made a recommendation and City Council has found as follows:

- A. That the granting of such Conditional Use Permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination.
 - All operations associated with this use, with the exception of occasional deliveries, will be conducted within the building. No processing or cultivation is proposed at this location that might require the use of machinery. All incidental product separation and packaging will be done by hand. The applicant intends to use a sophisticated air filtration system to prevent any odors associated with the use from becoming a nuisance to adjacent tenants or property owners. Any deliveries to the site will occur at the rear of the suite, away from employee and visitor parking areas. Per the applicant, the existing external lighting on-site is sufficient to meet their needs. No additional external lighting is proposed at this time. Any future security lighting will be subject to separate review and approval. No damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination is anticipated.
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.

- **As the proposed use is a dispensary only with no cultivation or processing, it is anticipated the facility will generate traffic similar to a medical or professional office use, both of which are prominent in this area. Consistent with medical offices, visitation will be by appointment only, with between three (3) and five (5) visitors per hour anticipated. Occasional delivery of product will be required. All unloading of product will occur in the designated delivery area at the rear of the suite and will not affect on-site or off-site circulation. No significant impacts to existing traffic patterns, or increase in traffic volume is anticipated.**
3. There are no other factors associated with this project that will be materially detrimental to the public.
- **There are no other factors associated with this use that will be materially detrimental to the public.**
- B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.
- **It is anticipated the proposed use will operate similar to a medical or professional office use, both of which are prominent in this area. The subject site consists of three (3) large buildings, all of which are home to uses of similar character and intensity, including a variety of professional office and wholesale uses. The proposed use is reasonably compatible with the uses in the area.**
- C. The additional conditions in Section 1.403 have been satisfied:
The proposal meets the provisions for Medical Marijuana Dispensaries as identified in Zoning Ordinance Section 1.403.N., including:
1. All operations are conducted within a completely enclosed building, in conformance with Arizona Revised Statutes, Title 36, Chapter 28.1, Arizona Medical Marijuana Act, and regulations issued thereunder, as amended.
 - **All operations will be conducted within a fully enclosed building, with the exception of occasional deliveries and necessary security measures as required by the Public Safety and Refuse Control Plan. Deliveries will occur via small vehicles that will park in the parking area. Product will then be walked up to the delivery door on the east side of the building, under the supervision of security staff.**
 2. The Medical Marijuana Dispensary use is not located within 500 feet of any of the following protected districts or uses:
 - a. Single-Family Residential District (R-1)
 - b. Two-Family Residential District (R-2)
 - c. Manufactured Home District (M-H)
 - d. Public, private, or charter school
- **The proposed facility is not located within 500 feet of any of the above uses or districts.**

3. The Medical Marijuana Dispensary use is 1,320 feet or more from the following uses:
 - a. medical marijuana caregiver cultivation use
 - b. another medical marijuana dispensary use
 - c. medical marijuana dispensary cultivation use
 - d. medical marijuana dispensary processing use
 - **The proposed facility is not located within 1,320 feet of any other licensed medical marijuana facility.**
4. All distances are measured from the wall of the medical marijuana dispensary use nearest to the district(s) or use(s) indicated above, to the nearest property line of the district(s) or use(s) indicated above.
 - **All separation requirements were measured and confirmed as indicated above.**
5. The applicant has provided a written exterior refuse control plan, subject to City approval.
 - **A Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. Conditions of the plan will be implemented and enforced by the City's Code Enforcement Division and the Scottsdale Police Department.**
6. The applicant has provided a written public safety plan, subject to City approval.
 - **A Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. Conditions of the plan will be implemented and enforced by the City's Code Enforcement Division and the Scottsdale Police Department.**
7. The operating hours are no earlier than 6:00 AM and not later than 7:00 PM.
 - **The proposed hours of operation for this facility are Monday thru Sunday, 6:00 AM to 7:00 PM.**
8. There is no drive-through service, take-out window, or drive-in service.
 - **None of the services listed above are proposed as part of this request.**

Water/Sewer

No cultivation is proposed for this location. Existing water and sewer infrastructure is sufficient to accommodate a Medical Marijuana Dispensary. No upgrades are required.

Public Safety

A comprehensive Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. The nearest fire station is located at 14960 N. 78th Way, approximately ½ mile from the subject site. No significant impacts to existing service levels are anticipated.

Community Involvement

The applicant held an Open House on March 28, 2011 from 5:00 PM to 6:00 PM (see Attachment #7). Property owners within 750 feet of the site have been notified by mail, and the site has been posted with required signage twice, once 10 days prior to the Open House, and again after the formal application was submitted.

The applicant, M.M. RX, Inc., was recently formed by a father and son team – Edward Gary Reisdorf and Edward Gary Reisdorf, III. The Reisdorfs are long time residents of Arizona and successful Real Estate developers for over 17 years. With the approval of Proposition 203 last November, they saw an opportunity to bring their extensive professional experience and history of success to a brand new area of business – medical marijuana.

REQUEST

RX has submitted the required public safety and refuse management plan to the City of Scottsdale Police Department for approval. Hours of operation for this dispensary will be no earlier than 6:00 A.M. and no later than 7:00 P.M. as

The proposed site meets and/or exceeds all the use permit criteria outlined in the Scottsdale Zoning Ordinance.

A. The granting of this Use Permit will in no way be detrimental to the public health, safety or welfare of the surrounding area.

1. This use does not create damage or nuisance caused from noise, odor, dust, vibration or illumination. This dispensary will operate just as any other medical office; therefore there will be no nuisance.

2. No Impact on surrounding area from traffic. The proposed medical marijuana center is located in the Scottsdale Airpark and is surrounded by other industrial uses. This facility will not generate abnormal amounts of increased traffic. It will operate just like every other business in the area.

B. This use is compatible with surrounding uses. Again, this property is located in the Scottsdale Airpark which is zoned I-1. It is surrounded by Industrial type businesses.

C. This location meets all other additional conditions. As stated above, this location complies with all of the City of Scottsdale's zoning requirements.

CONCLUSION

In conclusion, M.M. RX is prepared to meet and/or exceed all of the requirements and rules set forth by the City of Scottsdale as well as the Department of Health Services. They will have top of the line security cameras and card swipe doors. Their goal is not only to keep their employees and patients safe but to ensure the safety of the surrounding area. Attendees: Ed Reisdorf – Applicant
Jennifer Hall – Project Manager, Rose Law Group

David Eckardt – Property Manager, Spectra Management

Mr. Eckardt attended on behalf of the property owners at the NEC of Scottsdale Rd and Greenway Hayden Loop, 15425 N. Scottsdale Rd. The property owners are from California and were concerned that this dispensary will operate similar to those in California. We addressed their concerns, explaining our dispensary will operate like a medical office and not a "head shop". Our patients will be sick individuals suffering with pain. The proposed dispensary is located along the east side of the building, tucked away very discretely. There will not be any kind of loud signs calling out our location and business hours will be normal business hours 8am-5pm. Mr. Eckardt also informed us of a new hourly child care facility locating at 15425 N. Scottsdale Road, approximately 1,500 ft from the dispensary location. The business owner was unable to attend; however, we are happy to sit down and meet with any of the surrounding neighbors to address any questions and concerns. We addressed all of Mr. Eckardt's questions and concerns and look forward to keeping in touch with the surrounding businesses.

At this time, there is no known opposition.

Request to consider the following:

1. Find that the Conditional Use Permit criteria have been met and adopt Resolution No. 8688 approving a Conditional Use Permit for a +/- 1,344 square foot Medical Marijuana Dispensary, located at 15475 N. Greenway-Hayden Loop Suite #C-22, with Industrial Park District (I-1) zoning.

LOCATION

BACKGROUND

General Plan

Per the General Plan Land Use element the subject site, which is located within the Scottsdale Airpark boundary, falls under the Employment category. This category is primarily intended for light manufacturing and office uses, and provides opportunities for fledgling business enterprises. Employment areas are typically located in close proximity to major transit corridors, and in areas where impacts to residential neighborhoods are minimal.

Character Area Plan

Per the Greater Airpark Character Area Plan, the subject site falls under the Employment category. This category is intended to provide opportunities for business enterprises, as well as uses that provide regional and local jobs. Uses prevalent in this category include office, warehousing, and light manufacturing.

Zoning

The site is zoned Industrial Park District (I-1). This zoning allows for a wide variety of light industrial and office uses. A Medical Marijuana Dispensary is allowed subject to a Conditional Use Permit.

State Regulations

The Arizona Department of Health Services (ADHS) bases locations of Medical Marijuana facilities on established Community Health Analysis Areas, or "CHAAs" (See Attachment #8). There are seven (7) CHAAs that overlap the Scottsdale city limits. Two CHAAs cover the vast majority of the city. Five other CHAAs extend into the edges of the city limits.

The current State rules require applicants for an ADHS Medical Marijuana registration certificate to submit verification to the ADHS that the site meets all local zoning restrictions. For the City of Scottsdale, the CUP is part of the "local zoning restrictions". Below is an outline of the application process showing the City and ADHS steps:

1. Applicant has a pre-application meeting and makes a formal submittal to the City for a CUP. All applicants are informed of the CUP criteria, including the various separation requirements, and that any application may be at risk of failing to meet those criteria or any other CUP condition prior to ADHS granting approval to operate.
2. CUP is heard by the Planning Commission for recommendation.
3. CUP is heard by the City Council for approval or denial.
 - If the CUP is approved, the applicant provides confirmation to the ADHS that the facility is in compliance with City zoning restrictions as part of their application for a ADHS registration certificate.
 - The approved CUP resolution does not become effective until Step 5 below.
4. ADHS confirms site meets local zoning restrictions and allocates the registration certificate.
5. Applicant presents the ADHS registration certificate to the City Zoning Administrator for confirmation that the conditions of the CUP resolution have been satisfied, including all separation requirements (See Attachment #1). City staff coordinates with ADHS on timing, location, and number of ADHS certificates.
 - Approved CUP resolutions will not become effective if they do not meet the conditions, including the separation requirements, at the time of the Zoning Administrator review.
6. Upon confirmation that the CUP resolution is in effect, the applicant applies to the ADHS for approval to operate.

Context

The subject site is located approximately 1,000 feet east of N. Scottsdale Road, on the south side of E. Greenway-Hayden Loop. The proposed use occupies a suite in a building that is part of a 3-building complex. The use mix in the complex includes office, light industrial and warehouse operations.

Key Items for Consideration

- Compliance with Conditional Use Permit criteria
- No public/private schools or residential properties within 500 feet
- Located within 1,320 feet of another proposed Medical Marijuana facility
- Public Safety and Refuse Control Plan approved by the Scottsdale Police Department
- Verbal correspondence in opposition to request received by staff
- Planning Commission recommended approval with a unanimous vote of 7-0

APPLICANTS PROPOSAL

Goal/Purpose of Request

The applicant seeks approval to operate a 1,344 +/- square foot Medical Marijuana Dispensary in the Industrial Park District (I-1). In addition to dispensing of product, certified medical personnel will be available, either by phone or in person, to provide consultations to patients as needed. No cultivation or processing is proposed at this location; instead, the applicant intends to contract with a separate facility to provide the product, which will either be delivered or picked up by the applicant. This may include contracting with an off-site bakery for processing and preparation of marijuana-infused edibles. Some incidental packaging and sorting of product will occur as needed as part of day to day operations, all of which will be done by hand.

For security purposes, the main entrance will be secured and will only open after facility staff has verified patient identification. Once identification is confirmed, the door will open electronically to allow the patient access to the facility. All other doors used to access restricted areas will also be secured and accessible only by employees with coded access privileges or electronic access cards. Additionally, at least one (1) security guard will be present to monitor activities inside and outside the facility. During off-hours, the facility will be monitored remotely by a 24-hour security system that will include video surveillance, motion sensors, glass breaking sensors and intrusion detection.

Development Information

- Existing Use: Vacant
- Proposed Use: Medical Marijuana Dispensary
- Parking Required: 6 spaces
- Parking Provided: 339 spaces (for entire center)
- Floor Area: 1,344 square feet

IMPACT ANALYSIS

Land Use

The proposed use will occupy one (1) suite in a multi-tenant complex. The surrounding use mix consists primarily of professional or medical office with some light industrial and wholesale uses mixed in. It is anticipated the facility will operate similar to a medical office use, with foot traffic limited to patients and/or caregivers. The dispensary will be a non-profit organization, as required by State and Federal law, and will not function as a retail use open to the general public.

Conditional Use Permit

Conditional Use Permits, which may be revocable, conditional, or valid for a specified time period, may be granted only when expressly permitted after the Planning Commission has made a recommendation and City Council has found as follows:

- A. That the granting of such Conditional Use Permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination.
 - All operations associated with this use, with the exception of occasional deliveries, will be conducted within the building. No processing or cultivation is proposed at this location that might require the use of machinery. All incidental product separation and packaging will be done by hand. The applicant intends to use a sophisticated air filtration system to prevent any odors associated with the use from becoming a nuisance to adjacent tenants or property owners. Any deliveries to the site will occur at the rear of the suite, away from employee and visitor parking areas. Per the applicant, the existing external lighting on-site is sufficient to meet their needs. No additional external lighting is proposed at this time. Any future security lighting will be subject to separate review and approval. No damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination is anticipated.
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.
 - As the proposed use is a dispensary only with no cultivation or processing, it is anticipated the facility will generate traffic similar to a medical or professional office use, both of which are prominent in this area. Consistent with medical offices, visitation will be by appointment only, with between three (3) and five (5)

visitors per hour anticipated. Occasional delivery of product will be required. All unloading of product will occur in the designated delivery area at the rear of the suite and will not affect on-site or off-site circulation. No significant impacts to existing traffic patterns, or increase in traffic volume is anticipated.

3. There are no other factors associated with this project that will be materially detrimental to the public.
 - **There are no other factors associated with this use that will be materially detrimental to the public.**
- B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.
 - **It is anticipated the proposed use will operate similar to a medical or professional office use, both of which are prominent in this area. The subject site consists of three (3) large buildings, all of which are home to uses of similar character and intensity, including a variety of professional office and wholesale uses. The proposed use is reasonably compatible with the uses in the area.**
- C. The additional conditions in Section 1.403 have been satisfied:
The proposal meets the provisions for Medical Marijuana Dispensaries as identified in Zoning Ordinance Section 1.403.N., including:
 1. All operations are conducted within a completely enclosed building, in conformance with Arizona Revised Statutes, Title 36, Chapter 28.1, Arizona Medical Marijuana Act, and regulations issued thereunder, as amended.
 - **All operations will be conducted within a fully enclosed building, with the exception of occasional deliveries and necessary security measures as required by the Public Safety and Refuse Control Plan. Deliveries will occur via small vehicles that will park in the parking area. Product will then be walked up to the delivery door on the east side of the building, under the supervision of security staff.**
 2. The Medical Marijuana Dispensary use is not located within 500 feet of any of the following protected districts or uses:
 - a. Single-Family Residential District (R-1)
 - b. Two-Family Residential District (R-2)
 - c. Manufactured Home District (M-H)
 - d. Public, private, or charter school
 - **The proposed facility is not located within 500 feet of any of the above uses or districts.**
 3. The Medical Marijuana Dispensary use is 1,320 feet or more from the following uses:
 - a. medical marijuana caregiver cultivation use
 - b. another medical marijuana dispensary use

- c. medical marijuana dispensary cultivation use
 - d. medical marijuana dispensary processing use
 - **The proposed facility is not located within 1,320 feet of any other licensed medical marijuana facility.**
4. All distances are measured from the wall of the medical marijuana dispensary use nearest to the district(s) or use(s) indicated above, to the nearest property line of the district(s) or use(s) indicated above.
- **All separation requirements were measured and confirmed as indicated above.**
5. The applicant has provided a written exterior refuse control plan, subject to City approval.
- **A Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. Conditions of the plan will be implemented and enforced by the City's Code Enforcement Division and the Scottsdale Police Department.**
6. The applicant has provided a written public safety plan, subject to City approval.
- **A Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. Conditions of the plan will be implemented and enforced by the City's Code Enforcement Division and the Scottsdale Police Department.**
7. The operating hours are no earlier than 6:00 AM and not later than 7:00 PM.
- **The proposed hours of operation for this facility are Monday thru Sunday, 6:00 AM to 7:00 PM.**
8. There is no drive-through service, take-out window, or drive-in service.
- **None of the services listed above are proposed as part of this request.**

Water/Sewer

No cultivation is proposed for this location. Existing water and sewer infrastructure is sufficient to accommodate a Medical Marijuana Dispensary. No upgrades are required.

Public Safety

A comprehensive Public Safety and Refuse Control Plan has been reviewed and approved by the Scottsdale Police Department. The nearest fire station is located at 14960 N. 78th Way, approximately ½ mile from the subject site. No significant impacts to existing service levels are anticipated.

Community Involvement

The applicant held an Open House on March 28, 2011 from 5:00 PM to 6:00 PM (see Attachment #7). Property owners within 750 feet of the site have been notified by mail, and the site has been

posted with required signage twice, once 10 days prior to the Open House, and again after the formal application was submitted.

Open House Report
March 28, 2011

Attendees: Ed Reisdorf – Applicant
Jennifer Hall – Project Manager, Rose Law Group

David Eckardt – Property Manager, Spectra Management

Mr. Eckardt attended on behalf of the property owners at the NEC of Scottsdale Rd and Greenway Hayden Loop, 15425 N. Scottsdale Rd. The property owners are from California and were concerned that this dispensary will operate similar to those in California. We addressed their concerns, explaining our dispensary will operate like a medical office and not a "head shop". Our patients will be sick individuals suffering with pain. The proposed dispensary is located along the east side of the building, tucked away very discretely. There will not be any kind of loud signs calling out our location and business hours will be normal business hours 8am-5pm. Mr. Eckardt also informed us of a new hourly child care facility locating at 15425 N. Scottsdale Road, approximately 1,500 ft from the dispensary location. The business owner was unable to attend; however, we are happy to sit down and meet with any of the surrounding neighbors to address any questions and concerns. We addressed all of Mr. Eckardt's questions and concerns and look forward to keeping in touch with the surrounding businesses.

At this time, there is no known opposition.
