T-Mobile PH10921 – Stop Light North
11034 E Dynamite Road, Scottsdale AZ
City ROW

Purpose of Request

T-Mobile is committed to improving coverage and expanding network capacity to meet customer demand in the City of Scottsdale. T-Mobile is proposing to locate a new Wireless Communication Facility (WCF) at the NE Cnr of Dynamite Blvd & Alma School Pkwy – 11034 E Dynamite Road. The proposed WCF will provide residents, visitors and businesses with improved high quality reliable wireless service for both personal & business, in addition to enhancing emergency services

The proposed WCF is necessary to eliminate any GAP/Deficiency in the T-Mobile Network

Details of Request

T-Mobile is proposing to place antennas on a replacement Traffic Signal Pole on the NE Cnr of Dynamite Blvd & Alma School Pkwy, with ground equipment in the City ROW just North of the subject Traffic Signal Pole.

The proposed T-Mobile WCF will be similar to the existing WCF located on the NW Cnr of Dynamite Blvd & Alma School Pkwy.

The proposed installation will comply with the City of Scottsdale WCF guidelines

I look forward to discussing the details of the proposed T-Mobile WCF at the upcoming pre-app meeting

Sincerely,

Declan Murphy

Wireless Communication Facilities (WCF) Development Review/Conditional Use Permit Development Application Checklist

Minimal Submittal Requirements:

At your pre-application meeting, your project coordinator will identify which items indicated on this Development Application checklist are required to be submitted. A Development Application that does not include all items indicated on this checklist may be rejected immediately. A Development Application that is received by the City does not constitute that the application meets the minimum submittal requirements to be reviewed.

In addition to the items on this checklist, to avoid delays in the review of your application, all Plans, Graphics, Reports and other additional information that is to be submitted shall be provided in accordance with the:

- Design Standards & Policies Manual;
- requirements of Scottsdale Revised Code (including the Zoning Ordinance); and
- stipulations, including any additional submittal requirements identified in the stipulations, of any Development Application approved that this application is reliant upon; and
- the city's design guidelines.

If you have any question regarding the information above, or items indicated on this application checklist, please contact your project coordinator. His/her contact information is on the page 11 of this application.

All WCFs shall require Development Review Board or City Council approval, with the exception of minor facilities, which the Zoning Administrator shall have authority to approve. (Section 1.908. Zoning Administrator review of minor applications).

Is WCF located in the City right-of-way? If yes, the provider must apply for permission to work in City right-of-way and permission to leave Antenna Right-of-way License Agreement with the Construction Document submittal.

Please be advised that a Development Application received by the City that is inconsistent with information submitted with the corresponding pre-application may be rejected immediately, and may be required to submit a separate: pre-application, a new Development Application, and pay all additional fees.

Development Applications Process

Enhanced Application Review

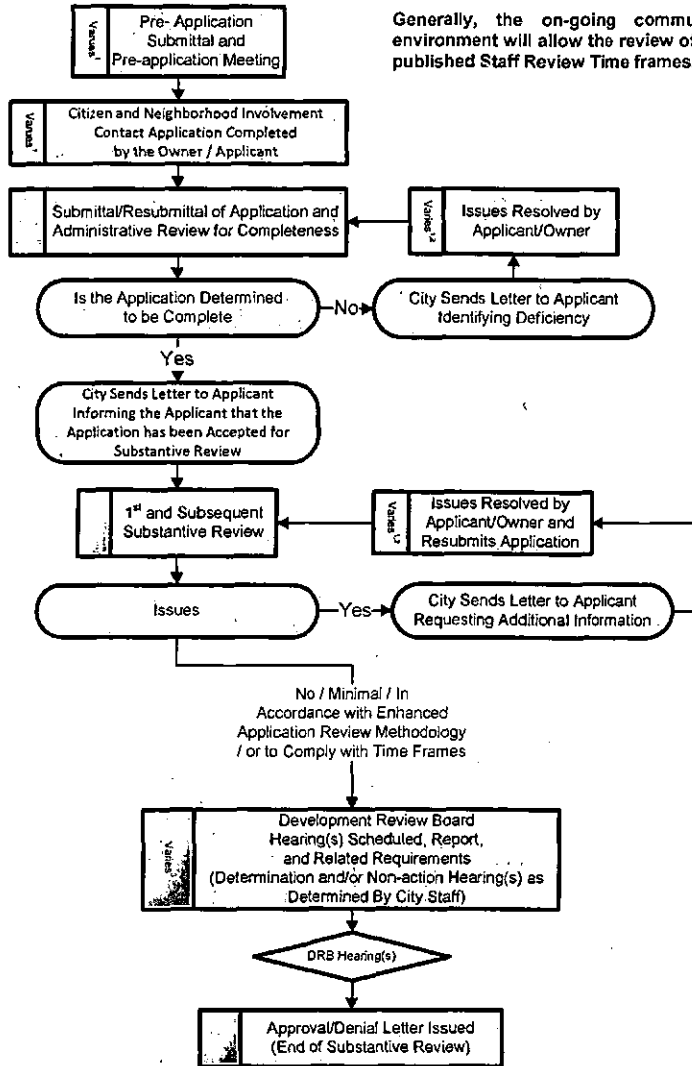

Development Review (DR)

Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

Note:

1. Time period determined by owner/applicant.
2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
4. Owner/applicant may agree to extend the time frame by 25 percent

Time Line

| | | | |
|---|--|--|----------------------------------|

Development Applications Process

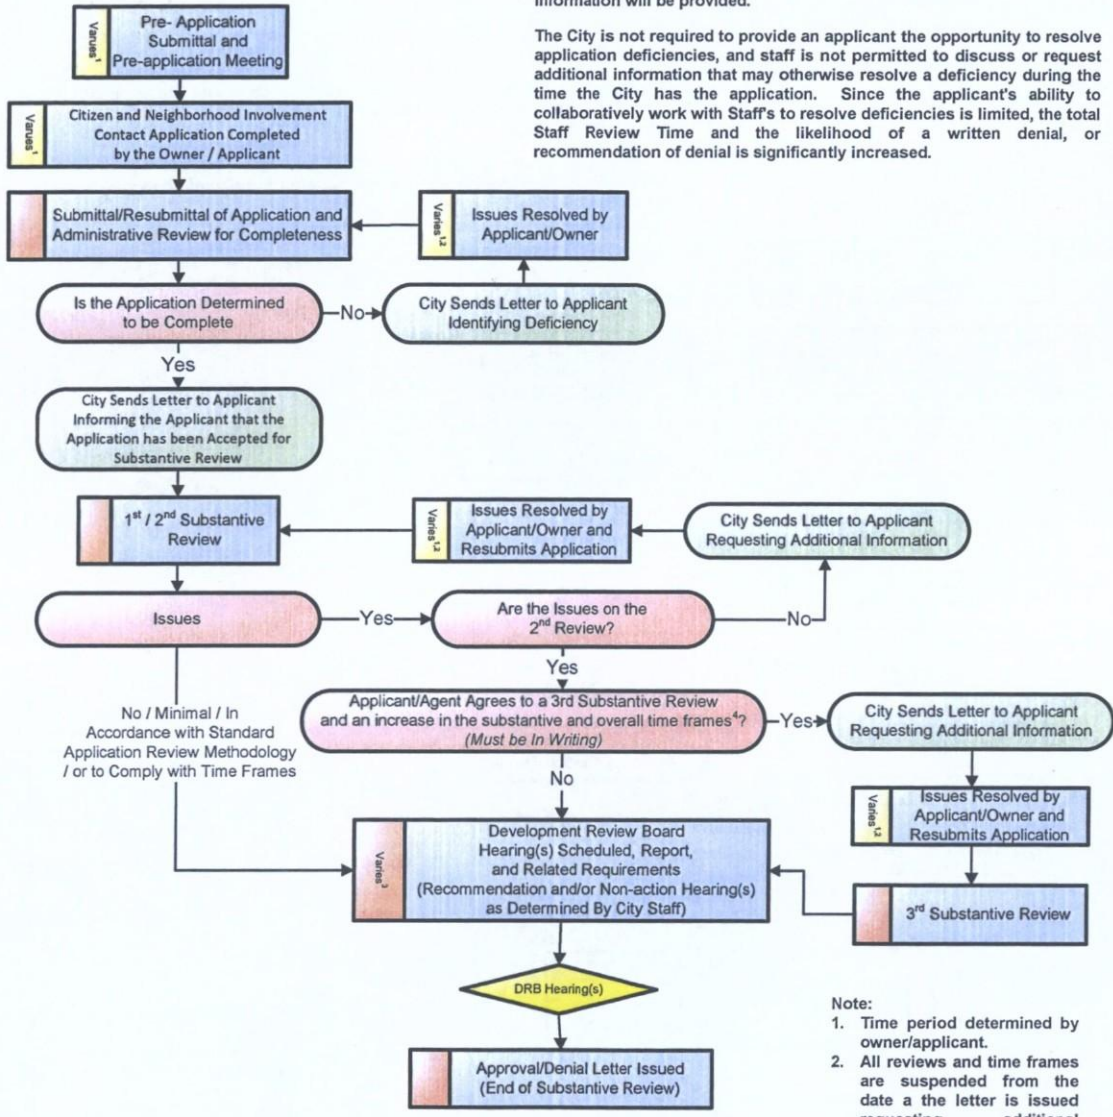

Standard Application Review

Development Review (DR)

Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff's to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

- Note:**
1. Time period determined by owner/applicant.
 2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
 3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
 4. Owner/applicant may agree to extend the time frame by 25 percent

Development Applications Process

Standard Application Review

Conditional Use Permit (UP)

Standard Application Review Methodology:
 Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion of the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff's to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

- Note:**
1. Time period determined by owner/applicant.
 2. All reviews and time frames are suspended from the date a letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
 3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
 4. Owner/applicant may agree to extend the time frame by 25 percent
