Sent: Thursday, October 08, 2015 9:56 AM
To: Perone, Steve
Subject: I am opposed

I submitted a message on the case 51-DR-2015#2, My same concern also applies to this Case.

Perone, Steve

From: clkessler220@gmail.com
Sent: Thursday, October 08, 2015 9:55 AM
To: Perone, Steve
Subject: I'm opposed to the expansion

This mental health facility is in the middle of a high density residential neighborhood. There is a neighborhood of single family homes due east of the facility, a multi family high density apartment complex on the northeast diagonal corner, a multi-family high density community directly north of this facility, a multi-family high density community directly west of this facility, and 2 high density multi-family communities directly south of this facility. Less than 1 mile south of this facility is a high school. I live directly north of this facility and I am awakened at 4 a.m. by delivery trucks, garbage collectors, ambulances, school buses. This is no place to have a mental health facility, nor to even consider expanding this facility. This facility has plenty of monetary resources and could relocate to a larger facility in a less dense area, such as an industrial park, or a commercial area. There are many children and young adults, as well as a 7 senior citizen retirement or rehab facilities.

NEIGHBORHOOD NOTIFICATION PROCESS

Per the requirements of the City of Scottsdale, community members were notified of requests for Conditional Use Permit and Development Review. In advance of a community Open House meeting held on July 23, 2015, a white "Project Under Review" sign was posted on the property at the southwest corner of Miller Road and Earll Drive on July 9, 2015; refer to enclosed Affidavit of Posting and photographs. Furthermore, a Letter of Notification was delivered via first-class mail to all residents, homeowners' associations, and interested parties within a 750' radius of the property; refer to enclosed notification contact list and map. A total of 746 letters were mailed, and 39 were returned as undeliverable. Phone numbers to contact a Banner Health representative were provided on the sign and the letter; no parties reached out to Banner Health via phone.

The Open House Meeting was held on July 23, 2015, 6-7PM, at Scottsdale Civic Center Library, Gold Room. Three homeowners attended this meeting. Exhibits, Meeting Minutes, and a sign-in sheet from this meeting are attached for your review. Homeowners' primary concerns focused on current operations and security, traffic, and landscape. Cherie Martin, CEO of Banner Behavioral Health Hospital, discussed the current operations and security protocols, which all attendees considered acceptable. Per the Traffic Impact & Mitigation Analysis (enclosed in this submittal), the proposed location of driveways and increased number of licensed beds will have minimal impact to vehicular traffic within the neighborhood, which the neighbors found acceptable. Homeowners also inquired as to the type and density of proposed landscape. The Banner Health team reviewed the enclosed exhibits and discussed the proposed drought-tolerant landscape elements, which will improve the public streetscapes and offer shade to public areas. All homeowners in attendance responded positively to the exhibits, and inquired as to the possibility of touring the facility after construction is complete.

As all protocols regarding neighborhood notification were followed and all homeowners expressed general satisfaction with the proposed design, we hereby request that Conditional Use Permit and Development Review be approved for this project.

Community Input Certification

CASE NO: 475

PROJECT LOCATION: 7575 East Earll Drive, Scottsdale, Arizona 85251

COMMUNITY INPUT CERTIFICATION

In the City of Scottsdale it is important that all applicants for rezoning, use permit, and/or variances inform neighboring residents, affected school districts, and other parties that may be impacted by the proposed use, as well as invite their input. The applicant shall submit this completed certification with the application as verification that such contact has been made.
