October 28, 2014

Dear Neighbor:

We want to inform you that Deco Communities is taking the next step in the City of Scottsdale's process regarding the 7300 Earll project located at 7300 E. Earll Drive. We are submitting our site plan and building elevations for development review. A visual rendering of our proposed development is attached (rear side of this page). There will be a Development Review Board meeting to review this submittal, and receive public comment, at some point in the near future. The property will be posted by the City with meeting time, date and location.

In the meantime, if you have any questions please feel free to contact our neighborhood outreach team, Technical Solutions, at 602-957-3434. The City of Scottsdale Project Coordinator for this application is Greg Bloemberg who can be reached at 480-312-4306 or GBloemberg@ScottsdaleAZ.gov.

Sincerely,

A handwritten signature in blue ink that reads "Dan Richards".

Neighborhood Outreach Update
7300 Earll

November 3, 2014

Deco Communities contacted surrounding property owners within 750 feet of the project on Tuesday, October 28, 2014 via first class mail to discuss the upcoming Development Review for the 7300 Earll project located at 7300 E. Earll Drive. Neighbors were informed that the site plan and elevations were being submitted for review at an upcoming DRB meeting and that the City would post the site with the meeting time, date and location. Additionally, they were given contact information for the outreach team as well as the City's Project Coordinator if they had questions or concerns. To date, we have received one inquiry from a neighboring property owner regarding the project. All of his questions have been answered to his satisfaction.

The outreach team and Deco Communities are committed to the outreach process and informing people of all phases of the project. The Deco Communities development team will continue to communicate with the surrounding neighbors throughout the progress of this project to ensure that any neighborhood concerns are addressed.
