- E. The inspection report shall contain deficiencies identified during an inspection. Unless otherwise provided by law, the municipality may provide the regulated person an opportunity to correct the deficiencies unless the municipality determines that the deficiencies are:
  - 1. Committed intentionally.
  - 2. Not correctable within a reasonable period of time as determined by the municipality.
  - 3. Evidence of a pattern of noncompliance.
  - 4. A risk to any person, the public health, safety or welfare or the environment.
- F. If the municipality allows the regulated person an opportunity to correct the deficiencies pursuant to subsection E of this section, the regulated person shall notify the municipality when the deficiencies have been corrected. Within thirty working days of receipt of notification from the regulated person that the deficiencies have been corrected, the municipality shall determine if the regulated person is in substantial compliance and notify the regulated person whether or not the regulated person is in substantial compliance, unless the determination is not possible due to conditions of normal operations at the premises. If the regulated person fails to correct the deficiencies or the municipality determines the deficiencies have not been corrected within a reasonable period of time, the municipality may take any enforcement action authorized by law for the deficiencies.
- G. A municipality's decision pursuant to subsection E or F of this section is not an appealable municipal action.
- H. At least once every month after the commencement of the inspection, a municipality shall provide the regulated person with an update, in writing or electronically, on the status of any municipal action resulting from an inspection of the regulated person. A municipality is not required to provide an update after the regulated person is notified that no municipal action will result from the municipality's inspection or after the completion of municipal action resulting from the municipality's inspection.
- I. This section does not authorize an inspection or any other act that is not otherwise authorized by law.
- J. This section applies only to inspections necessary for the issuance of a license or to determine compliance with licensure requirements. This section does not apply:
  - 1. To criminal investigations and undercover investigations that are generally or specifically authorized by law.
  - 2. If the municipal inspector or regulator has reasonable suspicion to believe that the regulated person may be or has been engaged in criminal activity.
  - 3. Inspections by a county board of health or a local health department pursuant to section 36-603.
- K. If a municipal inspector or regulator gathers evidence in violation of this section, the violation shall not be a basis to exclude the evidence in a civil or administrative proceeding, if the penalty sought is the denial, suspension or revocation of the regulated person's license or a civil penalty of more than one thousand dollars.
- L. Failure of a municipal employee to comply with this section:
  - 1. Constitutes cause for disciplinary action or dismissal pursuant to adopted municipal personnel policy.
  - 2. Shall be considered by the judge and administrative law judge as grounds for reduction of any fine or civil penalty.
- M. A municipality may adopt rules or ordinances to implement this section.
- N. This section:
  - 1. Shall not be used to exclude evidence in a criminal proceeding.
  - 2. Does not apply to a municipal inspection that is requested by the regulated person.
