COMMENT	
Comment:	<p>I just read the latest bulletin and this is one of the items listed: Near Scottsdale Road and Hummingbird Lane. The owner is requesting approval of the site plan, landscape plan and building elevations for a new 242-unit multi-family building. CASE#16-DR-2017 I watched Scottsdale grow the last 16 years that I lived here and find it very upsetting that so many multi-unit high rise buildings are being built in this beautiful little city. One of the reasons I moved here was because of the mountain views which are constantly being obscured by the high risers. With so many multi-units being built the highways and streets, e.g., Scottsdale Rd will just be worse than it is now with even more traffic. There is barely any public transportation which means more cars and worse air in our beautiful city. How does the City Council not see the future of Scottsdale (one of the cleanest cities) with its many beautiful resorts and arts to admire let the city allow construction of the heights and capacities of these buildings asking for permits? I lived the first part of my life in Chicago and the second part in Philadelphia, both big cities which I love but I am so happy in Scottsdale, with its cleanliness and its natural beauty. I am afraid this will become just another</p>

city with high rises obscuring the beauty of the mountains and cars chocking impassable roads filling our air with pollution.. Thank you for your time. I will try to enjoy living here as long as possible but I cry for the future of the city of Scottsdale.
