Subject: Case # 8-GP-2016 Hudson East

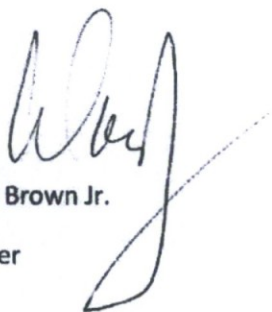

Where can I obtain more information on the project? Is this still the previously proposed 4 story apartment/retail development? If so, many in the neighborhood would like to know how to go about voicing our objection to the height. When would the zoning meeting for this project be? Is there a formal method to record our concerns with the city planners? Please let me know as soon as possible or post this information on the Nextdoor web site. Thank You -- sent by Lisa Chamberlain (case# 8-GP-2016)
