SCOTTSDALE QUARTER BLOCK L - Narrative
15125 N. Scottsdale Rd
Scottsdale, AZ 85254

NELSEN PARTNERS, INC.
4/17/2017

PROJECT OVERVIEW – DRB # 703-PA-2015

Scottsdale Quarter Block L development encompasses 3.74 Gross AC (162,914 SF) of PRC zoning in the Scottsdale Airpark.

The design will be consistent with the Scottsdale Quarter Design Guidelines. Block L consists of an integrated development consisting of 34,700 SF of retail and restaurant on the ground level and 6 levels of 300 apartments over the retail and parking. The residential parking garage is integrated into the building with a mezzanine level and below grade parking. The building will be 90' from grade to the top of the appurtenances and any screening of utility equipment. This matches the height of the neighboring buildings.

The building will have vertical and horizontal façade articulation along with a color and material palette that reflects the high standards of the existing buildings on site.

The streetscape will be enhanced to reflect the character and quality of the existing landscape on site, which includes several trees and canopies to shade pedestrians, a variety of landscape plantings and vertical hedges to buffer the view to utility areas. The building massing will have no adverse effect on the surrounding developments.

As part of the phase III master plan, Block L will be planned and constructed per the 2015 International Green Construction Code.

PROJECT OVERVIEW – DRB # 703-PA-2015

Scottsdale Quarter Block L development encompasses 3.74 Gross AC (162,914 SF) of PRC zoning in the Scottsdale Airpark.

The design will be consistent with the Scottsdale Quarter Design Guidelines. Block L consists of an integrated development consisting of 34,700 SF of retail and restaurant on the ground level and 6 levels of 300 apartments over the retail and parking. The residential parking garage is integrated into the building with a mezzanine level and below grade parking. The building will be 90' from grade to the top of the appurtenances and any screening of utility equipment. This matches the height of the neighboring buildings and will have no adverse effects on these buildings. All resident and resident visitor parking is provided in the garage which is accessed off of 73rd Street. The garage is integrated into the design of the building as well as below grade.

The building architecture will have vertical and horizontal façade articulation as required per the development standards along with a color and material palette that reflects the high standards of the existing buildings on site. Along 73rd Street the building steps back 20' for a length of 113'. The ground level utilities have vertical hedges and perforated metal as screening. There are several different stone, tile, stucco and metal materials to break up the building massing. The building has levels of depth to create 3-dimensional interest such as the projecting floor slabs, set back metal panels, double thickness walls to create more shadow for punched openings. The "framed" upper level give the building a hierarchy of levels as well as breaks the façade in sections horizontally as this frame turns down. The different sections of material treatment and stark contrast of colors creates more visual depth and interest.

The streetscape will reflect the character and quality of the existing landscape on site. The ground level has a variety of pedestrian experiences. To the east there are several stone varieties and wood screening for the garage as well as an allee of trees and a variety of plants. The form of the Porte cochere cover for the main entrance to the resident lobby is in response to the airpark, reminiscence of an airfoil. It is lit with linear LEDs and has a wood composite on the underside. The north side of the building has a pet spa for the residents with full storefront for visual interest as well as a canopy for additional shading. The canopy will be designed as to give 75% shade for the pedestrians. Along the street edge is a continuous row of trees for additional shade as well as ground cover. South Street is connected to the inner court of the west side through a breezeway. The west side of the project then opens up to the "Quad" and valet, and covered patio are for a large restaurant. Flanking the restaurant there are several retail tenants as well as a secondary lobby for the residents above. The upper

amenity deck looks down on this space giving more interaction between the grade and upper levels. The retail will have different types of canopies for variety as well as trees, palms, pots and ground cover. Benches and bike parking will be distributed along all streets. Scoring patterns will be continued from the "Quad" area to the east throughout the valet and pedestrian zones and will have the same quality as the existing property. The pedestrian pathway will be continued across all drives to enhance pedestrian safety. All loading and service areas are located along North Street across from the garage entry of the neighbor building. The loading area is set back under the deck as well as angled towards the east for ease of service. All back of house areas are located along North Street which is an internal private street.

As part of the phase III master plan, Block L will be planned and constructed per the 2015 International Green Construction Code.

Development Application Review Methodologies

Review Methodologies

The City of Scottsdale maintains a business and resident friendly approach to new development and improvements to existing developments. In order to provide for flexibility in the review of Development Applications, and Applications for Permitting, the City of Scottsdale provides two methodologies from which an owner or agent may choose to have the City process the application. The methodologies are:

1. Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

2. Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion of the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff's to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

In addition to the information above, please review the Development Application, and/or the Application for Permitting flow charts. These flow charts provide a step-by-step graphic representation of the application processes for the associated review methodologies.

Note:

1. Please see the Current Planning Services and Long Range Planning Services Substantive Policy Statements and Staff Review Timeframes for Development Applications, number III.

Development Application

Arizona Revised Statues Notice

59-834. Prohibited acts by municipalities and employees; enforcement; notice

- A. A municipality shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule, ordinance or code. A general grant of authority does not constitute a basis for imposing a licensing requirement or condition unless the authority specifically authorizes the requirement or condition.
- B. Unless specifically authorized, a municipality shall avoid duplication of other laws that do not enhance regulatory clarity and shall avoid dual permitting to the maximum extent practicable.
- C. This section does not prohibit municipal flexibility to issue licenses or adopt ordinances or codes.
- D. A municipality shall not request or initiate discussions with a person about waiving that person's rights.
- E. This section may be enforced in a private civil action and relief may be awarded against a municipality. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against a municipality for a violation of this section.
- F. A municipal employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the municipality's adopted personnel policy.
- G. This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.

Development Review

Development Application Checklist

Minimal Submittal Requirements:

At your pre-application meeting, your project coordinator will identify which items indicated on this Development Application checklist are required to be submitted. A Development Application that does not include all items indicated on this checklist may be rejected immediately. A Development Application that is received by the City does not constitute that the application meets the minimum submittal requirements to be reviewed.

In addition to the items on this checklist, to avoid delays in the review of your application, all Plans, Graphics, Reports and other additional information that is to be submitted shall be provided in accordance with the:

- requirements specified in the Plan & Report Requirements For Development Applications Checklist;
- Design Standards & Policies Manual;
- requirements of Scottsdale Revised Code (including the Zoning Ordinance); and
- stipulations, including any additional submittal requirements identified in the stipulations, of any Development Application approved that this application is reliant upon; and
- the city's design guidelines.

If you have any question regarding the information above, or items indicated on this application checklist, please contact your project coordinator. His/her contact information is on the page 12 of this application.

Please be advised that a Development Application received by the City that is inconsistent with information submitted with the corresponding pre-application may be rejected immediately, and may be required to submit a separate: pre-application, a new Development Application, and pay all additional fees.

Prior to application submittal, please research original zoning case history to find the original adopted ordinance(s) and exhibit(s) to confirm the zoning for the property. This will help to define your application accurately. The City's full-service Records Department can assist.

PART I -- GENERAL REQUIREMENTS

Req'd	Rec'd	Description of Documents Required for Complete Application. No application shall be accepted without all items marked below.
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	1. Development Review Application Checklist (this list)

Date: _____

Coordinator Signature: _____

If the Project Coordinator is no-longer available, please contact the Current Planning Director at the phone number in the footer of this page if you have any question regarding this application checklist.

This application need a: New Project Number, or

New Phase to an old Project Number 6-12-2014 HZ

Required Notice

Pursuant to A.R.S. §9-836, an applicant/agent may request a clarification from the City regarding an interpretation or application of a statute, ordinance, code or authorized substantive policy, or policy statement. Requests to clarify an interpretation or application of a statute, ordinance, code, policy statement administered by the Planning and Development Services, including a request for an interpretation of the Zoning Ordinance, shall be submitted in writing to the One Stop Shop to the attention of the Planning and Development Services Director. All such requests must be submitted in accordance with the A.R.S. §9-839 and the City's applicable administrative policies available at the Planning and Development Services' One Stop Shop, or from the city's website:

<http://www.scottsdaleaz.gov/bldgresources/forms>.

Development Applications Process

Enhanced Application Review

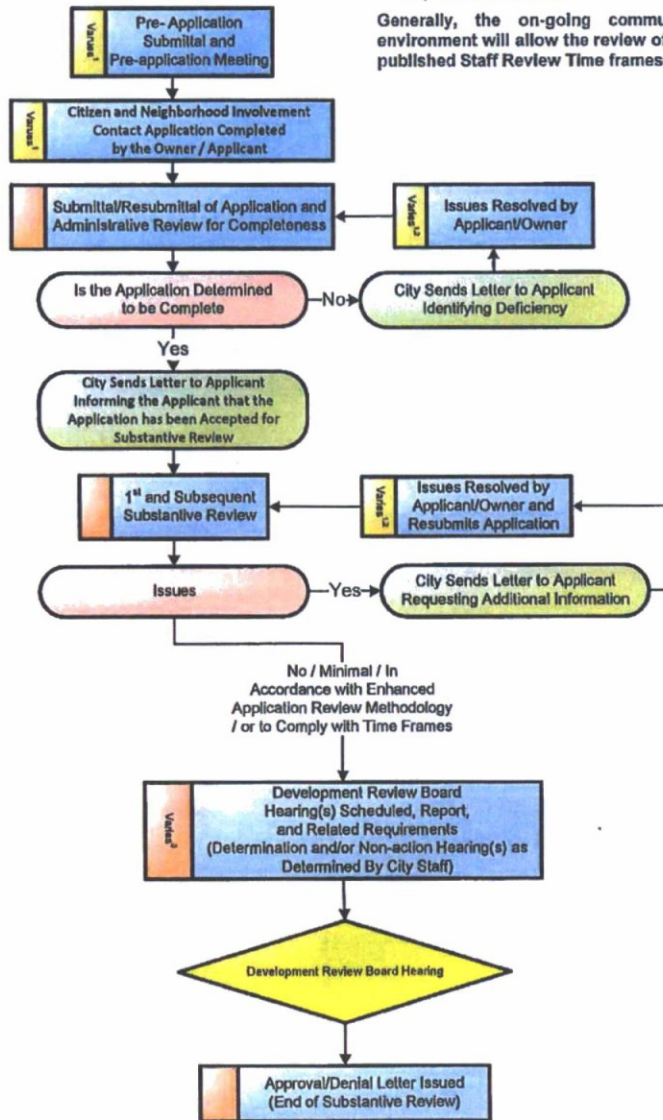

Development Review (DR and PP)

Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

Note:

1. Time period determined by owner/applicant.
2. All reviews and time frames are suspended from the date a letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
4. Owner/applicant may agree to extend the time frame by 50 percent

Time Line

Administrative Review	Substantive Review	Public Hearing Process	Approval/Denial
15 Staff Working Days Per Review	95 Total Staff Working Days, Multiple Reviews in This Time Frame ^{2,3,4}	Time Frames Vary ³	Letter Issued

Development Applications Process

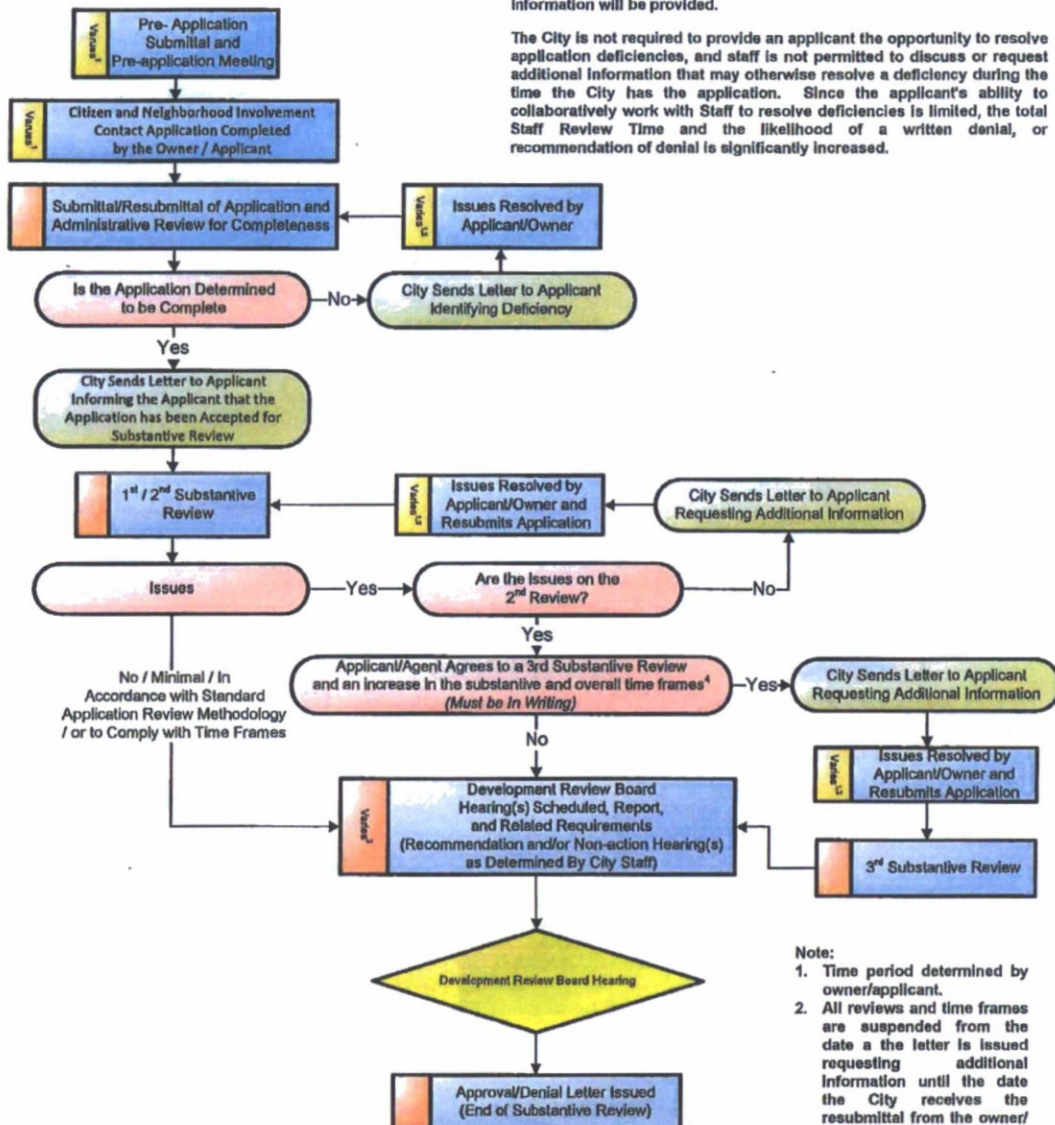

Standard Application Review

Development Review (DR and PP)

Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

- Note:
1. Time period determined by owner/applicant.
 2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
 3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
 4. Owner/applicant may agree to extend the time frame by 50 percent

Time Line

Administrative Review	Substantive Review	Public Hearing Process	Approval/Denial Letter Issued
15 Staff Working Days Per Review	95 Total Staff Working Days, Two Reviews In This Time Frame ^{2,3,4}	Time Frames Vary ²	

Request for Site Visits and/or Inspections Development Application (Case Submittals)

This request concerns all property identified in the development application.

Pre-application No: 703 - PA - 2015

Project Name: Scottsdale Quarter Block L

Project Address: 15125 N. Scottsdale Rd. 85254

STATEMENT OF AUTHORITY:

1. I am the owner of the property, or I am the duly and lawfully appointed agent of the property and have the authority from the owner to sign this request on the owner's behalf. If the land has more than one owner, then I am the agent for all owners, and the word "owner" refer to them all.
2. I have the authority from the owner to act for the owner before the City of Scottsdale regarding any and all development application regulatory or related matter of every description involving all property identified in the development application.

STATEMENT OF REQUEST FOR SITE VISITS AND/OR INSPECTIONS

1. I hereby request that the City of Scottsdale's staff conduct site visits and/or inspections of the property identified in the development application in order to efficiently process the application.
2. I understand that even though I have requested the City of Scottsdale's staff conduct site visits and/or inspections, city staff may determine that a site visit and/or an inspection is not necessary, and may opt not to perform the site visit and/or an inspection.

Property owner/Property owners agent: Gwen Jarick
