LETTERS TO THE EDITOR

Patriotism, sports don't mix

Dan Bickley should be congratulated for trying to channel Rodney King's "can we all get along" mantra from 1991. His dream has about as much chance of happening as Donald and Hillary's going on a date.

Dan states the "national anthem ... should no longer command mandatory participation" and "we should acknowledge another person's right to think differently." Yeah, right. Sports fans cannot even acknowledge another fan's right to cheer for another team. Try attending a Cubs game with your team's gear or attend a Giants-Dodgers game.

The national anthem and sports should not be mixed, period. This isn't the Olympics, with your country's pride on the line. These are kids' games on steroids. Protest is great. Individual opinions are the foundation of the country.

Patriotism and professional sports don't mix. This isn't about protest; this is about a player trying to get another 15

minutes of fame. No one knows what they are protesting and no one knows what event will end the protest.

If you insist on playing the national anthem at professional sporting events, and there is no logical reason you should, play it five minutes after the game is over. Then the true patriots will participate.

Arpaio, Sheridan ran circus

Note to former Chief Deputy Jerry Sheridan: You were the circus. You don't have space to explain Joe Arpaio's tenure as sheriff, because you and Joe were always in court defending your poor leadership.

As a fiscal conservative, I do not want to spend my tax money defending the poor decisions that were made by our former sheriff. The faith in Arpaio and you disappeared when the majority of Maricopa County citizens chose Paul Penzone to take us in a new and more positive direction.

- Jack Piccola, Scottsdale

Diaz also inconsistent

Elvia Diaz (Aug. 19) promotes about President Donald Trump as Sheriff Joe Arpaio and their app disdains for the law while simultaneously professing that she is consistent. So are you willing to so brazenly insist millions of illegal immigrants have committed a crime and should be disregarded the laws of our country? Ah, the mind of a liberal.

- Rich Warren, Scottsdale

What will grandchildren think

I moved to Scottsdale to be close young grandchildren. It has been the best decisions I've ever made granddaughter and grandson grew with enthusiasm every time we see other. I have never known such unconditional love. Their welfare and safety become my top priority.

So, the outpouring of hate and

Re: Neighborhood Notification Report
Municipal Use Master Site Plan Update for Pima Park and Thomas Groundwater Treatment Facility

An initial open house meeting was held on September 21, 2016. Notices were sent to all property owners between Hayden and Pima Roads and Oak Street to Osborn Road. Generally, comments expressed overall approval for the project. One commenter requested a higher perimeter fence along the north boundary; however, the proposed project will not impact it or replace the existing developer built fence. Another comment requested the existing bathroom facilities be remodeled and upgraded. This is currently outside of the projects scope and cannot be funded by Water or Stormwater funds.

Notices were sent to property owners abutting the northern side of the new water treatment facility on Pinchot Avenue to attend a neighborhood meeting on Saturday, November 19, 2016. The purpose of the meeting was to show them the proposed site improvements and architectural renderings of the new water treatment facility. The concepts were met with general approval.

A follow-up open house meeting was held on March 15, 2017. Notices were again sent to all property owners between Hayden and Pima Roads and Oak Street to Osborn Road and a notice of the open house was posted at the park. Comments expressed overall approval for the project. Comments expressed a concern for existing noise and potential new noise sources, but were favorable regarding the proposed new building for the treatment facility.

Copies of correspondence, distribution maps, mailing addresses, sign-in sheets, and comment summaries are attached.

PUBLIC OPEN HOUSE

Come Learn About Planned Water and Stormwater Infrastructure Upgrades at Pima Park

A number of changes are coming to the city-owned site at 86th Street and Thomas Road that includes Pima Park and the Central Groundwater Treatment Facility. The city has obtained the large vacant parcel to the east of the park and plans to build a new water treatment facility and a stormwater retention basin. Additionally, minor changes are being proposed for Pima Park.

Join us for an open house on **Wednesday, September 21 at Grace Chapel, 8524 E. Thomas Road**. Stop by anytime between 4:30 - 6:30 p.m. to ask questions and let us know what you think.

The City of Scottsdale invites you to review the Municipal Use Master Site Plan to include the additional water treatment and land projects. We are soliciting comments in advance of submitting our application to the Planning Commission and Development Review Board.

Project Information Line: (480) 657-7900

Project elements include:

- Construction of the new Thomas Groundwater Treatment Facility to enhance water quality.
- Improvements to the Central Groundwater Treatment Facility to improve operational efficiencies.
- New stormwater retention basins as part of the Granite Reef Watershed project in order to protect area residents from major storm events.
- Potential alterations to park access to maximize space and improve safety.

We hope to see you on September 21 so we can share with you about the upgrades!

Thank you for answering all questions and concerns. I feel confident all the improvements and construction will prove to be beneficial to the area and control flooding with the new water basin.

Informative! Things that many living in the area may not have been aware of. Plans look good on paper, but eliminating flooding hazard is priority. Thanks!

Request to make perimeter fence higher—15' – 20'—whatever height is allowed. Limit noisy trucks early in the morning. Thank you.

Please provide name and phone number of project managers to contact for further information and concerns.

Would also appreciate receiving information regarding storage facility and why the surrounding neighbors have not been contacted.

Bathroom facilities at park need remodeling and upgrading.

Pre-treatment of disturbed areas for gophers.

Dear XXX,

In 2015, the City of Scottsdale purchased the large vacant parcel to the east of the park and south of your neighborhood for the purpose of building a new water treatment facility and a storm water retention basin. The City has been making progress on the plans for the Thomas Groundwater Treatment Facility. The new building will ultimately be located adjacent to Pima Park on the northern end of the currently vacant lot.

As a resident or property owner whose home will be adjacent to this new facility, we would like to invite you to preview and comment on the planned improvements before we present them to the community at large and, ultimately, the Development Review Board.

Please join us for bagels and coffee **from 8:30-9:30 a.m. on Saturday, November 19th in the Pima Park Ramada off of 86th Street just north of the playground.** The project team will be on hand to review plans, hear your comments and answer questions. A public open house for the entire community will be held in early December.

We hope to see you on November 19th. In the meantime, please feel free to contact me with any questions.

Sincerely,

Elaine Mercado

PUBLIC OPEN HOUSE

Come Learn About Planned Water and Stormwater Infrastructure Upgrades at Pima Park

A number of changes are coming to the city-owned site at 86th Street and Thomas Road that includes Pima Park and the Central Groundwater Treatment Facility. The city has obtained the large vacant parcel to the east of the park and plans to build a new water treatment facility and a stormwater retention basin. Additionally, minor changes are being proposed for Pima Park.

Join us for an open house on **Wednesday, March 15 at Grace Chapel, 8524 E. Thomas Road**. Stop by anytime between 5:00 - 6:30 p.m. to ask questions and let us know what you think.

The City of Scottsdale invites you to review the Municipal Use Master Site Plan and Development Review Board Application to include the additional water treatment and stormwater project.

Project Information Line: (480) 657-7900

Project elements include:

- Construction of the new Thomas Groundwater Treatment Facility to enhance water quality.
- Improvements to the Central Groundwater Treatment Facility to improve operational efficiencies.
- New stormwater retention basins as part of the Granite Reef Watershed project in order to protect area residents from major storm events.
- Alterations to park access to maximize space and improve user experience.

We hope to see you on March 15 so you can learn about the upgrades and let us know what you think!

TGTF March 15, 2017 Public Comments

After the equipment retrofit appx 2005/2006 the sound from the plant increased and we would appreciate some noise abatement measures as are implemented in the new plant. The common area of the HOA could be approached as a resource. Also during power outages the existing plant backup generator is very loud and could use a sound dampening enclosure. What are the safeguards for the toxic chemical storage area in the new plant? What is the performance warranty, based on design, for the 36 hour drain plan for water retention area?

Put big trees in around H2O plant!

I like the overall design. I think it is very important to have the building be pleasing to the eyes and I like the design. Please be sure to keep/include mature trees and landscaping to keep with the overall look and also for the adjacent neighbors. Also this is in keeping with the look of Scottsdale. I really like the drainage area-I think it is very important to keep green spaces. Also some local artwork may be a nice addition.

Keep the retention area on the reservation. That's a great lagoon for the geese.

Thank you-can't stand in the way of progress. Please keep the homes that border the water treatment facility free from sound pollution. We all have an investment in our community-pure water included.

The design by Holly Street looks great. So glad to hear that Scottsdale went with a good looking design & that the landscape will include large trees and mature plants. Look forward to more green space.

AFTER THE EQUIPMENT RETROFIT APPX 2005/2006 THE SOUND FROM THE PIANT INCREASED AND WE WOULD APPRECIATE SOME NOISE ABATEMENT MEASURES AS ARE IMPIEMENTED IN THE NEW PIANT. THE COMMON AREA OF THE HOA COULD BE APPROACHED AS A RESOURCE ALSO DURING POWER OUTAGES THE EXISTING PIANT BACKUP GENERATOR IS VERY LOUD AND COULD USE A SOUND DAMPENING ENCLLOSURE. WHAT ARE THE SAFEGUARDS FOR THE TOXIC CHEMICAL STORAGE AREA IN THE NEW PIANT? WHAT IS THE PERFORMANCE WARRANTY, BASED ON DESIGN, FOR THE 36 HOUR DRAIN PIANT FOR WATER RETENTION AREA
