#### CITIZEN REVIEW & NEIGHBORHOOD INVOLVEMENT REPORT East of 128<sup>th</sup> Street and Ranch Gate STORYROCK 462 Acres November 16, 2016

#### Overview

This citizen outreach and neighborhood involvement report is being performed in association with a Master Environmental Design Concept Plan (MEDCP) and Preliminary Plat requests for the development of approximately 462+/- gross acres located at 128<sup>th</sup> Street and Ranch Gate. The request is for a rezoning from R1-130 ESL to PCD ESL for the purpose of creating a residential master plan. As part of the request, this citizen review and neighborhood involvement report has been prepared and will be updated throughout the process.

The entire project team is sensitive to the importance of neighborhood involvement and creating a relationship with property owners, residents, business owners, homeowners associations, and other interested parties. Communication with these parties will be ongoing throughout the process. Work on compiling stakeholders and preparing for the neighborhood outreach began prior to the application filing and will continue throughout the process.

#### **Community Involvement**

The project team began in November of 2013 with outreach into the community focusing on the surrounding property owners and area HOAs, larger neighborhood advocacy groups such as COGS, Preserve interest groups such as the McDowell Sonoran Preserve Commission and the McDowell Sonoran Conservancy, and other interested stakeholders in Scottsdale. The phone calls, emails, and meetings with property owners and community leaders that began in November, have continued throughout the process. Members of the outreach team have been available to meet with any neighbors who wished to discuss the request. Additionally, they were and will continue to be contactable via telephone and email to answer any questions relating to the request.

Surrounding property owners and other interested parties were noticed via first class mail regarding the zoning request. This notification contained information about the request, contact information to receive additional information, and the opportunity to give feedback. The notification also contained information regarding a Neighborhood Open House that took place on Thursday, May 29<sup>th</sup>, 2014 for anyone who wished to learn more about the request. This Open House was held at the Four Seasons Resort (10600 E. Crescent Moon Drive) from 5:00 p.m. to 6:00 p.m. 144 interested parties attended the Open House. Many attendees were confused regarding the total number of residential units and thought this application was directly connected to the adjacent General Plan Amendment request, but most were relieved after the facts of the request were clarified.

On December 2, 2014 zoning application 13-ZN-2014 was approved by the City of Scottsdale. Subsequent to this approval, the development team initiated MEDCP phase of the development proposal. This phase requires additional outreach to neighbors and interested parties as well as continued availability on the part of the development team to accept and respond to any feedback regarding the proposal.

On February 29, 2016, a 2<sup>nd</sup> letter was mailed via first class post to the property owners living within 750' of the project boundary as well as to various interested parties. This letter informed recipients that zoning case 13-ZN-2014 had been approved and that the applicant was moving forward with the MEDCP process.

On November 11, 2016 a set of letters was mailed via first class post to the property owners living within 750' of the project boundary as well as to various interested parties. These letters informed recipients of the Preliminary Plat applications for Phases 1A, 1B, 1C, 2 A&B, and 3A of STORYROCK. The letter provided information concerning the project status, a context map, and contact information for the project team and city staff in order to allow residents to offer feedback.

A vital part of the outreach process is to allow people to express their concerns and understand issues and attempt to address them in a professional and timely matter. As previously stated the entire team realizes the importance of the neighborhood involvement process and is committed to communication and outreach for the request.

### **TaylorMorrison**

May 18, 2014

Dear Neighbor:

Taylor Morrison is a Scottsdale based publically traded homebuilder and we, along with several of your neighboring property owners, are working together to submit to the City a proposal on approximately 472+/- acres to develop an environmentally sensitive master planned low-density, residential community along with a 7+/- acres parcel to accommodate a potential relocation of Greasewood Flat.

The rezoning request for the residential master plan is from R1-130 ESL to PCD (Planned Community District) with comparable R1-18 development standards. The overall density will not exceed 1 dwelling unit per acre, which is consistent with the existing General Plan. The proposed site plan will be designed in an environmentally sensitive manner to provide undisturbed desert buffers to the surrounding properties, as well as the McDowell Sonoran Preserve, clustering lots to preserve view corridors, wildlife corridors and natural washes. A separate Major General Plan Amendment on 7+/- acres from Rural Residential to Cultural/Institutional along with a separate rezoning request from R1-130 ESL to C-2 ESL will also be filed with the City to accommodate the potential relocation of Greasewood Flat.

We are pleased to invite you to attend an open house to discuss our proposal. The open house will be held at The Four Seasons Resort in the Camelback Room located at 10600 E. Crescent Moon Drive, from 5:00 p.m. to 6:00 p.m. on Thursday, May 29<sup>th</sup>, 2014.

If you have any questions, please contact our neighborhood outreach team, Technical Solutions, at 602-957-3434 or info@technicalsolutionsaz.com. The City of Scottsdale Project Coordinator for this project is Jesus Murillo, who can be reached at 480-312-7849. Thank you.

Sincerely,

Jeff Deason Planning & Development Manager

February 29, 2016

Dear Neighbor,

We are representing Taylor Morrison, a Scottsdale based publically traded homebuilder, along with several of your neighboring property owners in taking the next step in the City of Scottsdale development process for the +/-462 acre StoryRock project (previously Cavalliere Ranch), located East of the intersection of 128<sup>th</sup> Street and Ranchgate Road bounded by the McDowell Sonoran Preserve on the North, East and South (see below). The rezoning request for the PCD (Planned Community District) residential master plan was approved by City Council in December 2014. Per the approval, the overall density will not exceed .96 dwelling units per acre, which is consistent with the General Plan.

We wanted to let you know that we plan to submit our set of Master Plans associated with the Master Environmental Design Concept Plan (MEDCP) for Development Review in the next few weeks. Following City review(s), there will be a Development Review Board Hearing to review this submittal at some point in the near future. The City will notify you of this exact meeting date.

In the meantime we would be happy to answer any questions or comments you may have regarding this project. Please feel free to contact me by email (<u>knichter@lvadesign.com</u>) or by phone 480-994-0994. You may also contact Doris McClay with the City of Scottsdale at 480-312-7000 and reference case 286-PA-2015.

Thank you

Keith Nichter Sr. Planner, Project Manager

Dear Neighbor,

On behalf of the property owners within STORYROCK – Phase 1A, located east of the intersection of 128th Street and Ranch Gate Road (see context aerial below), LVA Urban Design Studio will be submitting the Preliminary Plat application for Development Review for the +/-94 acre residential project within the STORYROCK Master Plan. The Rezoning for STORYROCK (formerly Cavalliere Ranch) was approved by the City Council in December 2014, and the subsequent Master Plans were submitted to the City earlier this year (currently under review). Following the City review(s), there will be a Development Review Board Hearing to review this submittal at some point in the near future. When that time comes you will be notified, by the City, of the exact meeting date.

In the meantime, we would be happy to answer any questions or hear any comments you may have regarding this project. Please feel free to contact me by email (<u>knichter@lvadesign.com</u>) or by phone (480) 994-0994. You may also contact Doris McClay with the City of Scottsdale at (480) 312-7000 and reference case 286-PA-2015.

Thank you

Keith Nichter Sr. Planner, Project Manager LVA Urban Design Studio, LLC
