RECITALS

A. Licensor has recorded a certain Notice of Standard Terms dated August 7, 2009 (the "Standard Terms Notice"), which was recorded August 7, 2009 at document No. 200907325952 of the public records of Maricopa County, AZ.

B. The Standard Terms sets out various recitals (collectively the "Standard Recitals") and provisions (collectively the "Standard Terms").

C. Licensor holds an interest in a parcel of land (the "Street Parcel") comprising street right-of-way for E. Dynamite Blvd. The Street Parcel is located approximately 63 feet Northeast of the center of the intersection of N. Alma School Parkway and E. Dynamite Blvd.

D. This Agreement allows Licensee to use certain limited portions of the Street Parcel.

E. The portions of the Street Parcel that this Agreement allows Licensee to use (the "Use Areas") are defined in the package of maps and related materials (the "Boundary Plan") attached hereto as **Exhibit "A"**.

F. Licensee desires to install and operate on the Use Areas the wireless telecommunications receiving, processing and transmitting devices and related electronic equipment that is specified on the Site Plan (the "Communications Equipment") subject to the requirements of this Agreement. The Communications Equipment is limited to the actual electronic equipment, portable cabinets for such equipment, the Enclosure, [the antennas (the "Main Antennas") used to communicate with cell telephones and similar devices, the antennas (the "Microwave Antennas") used to relay signals off-site in bulk], and [a permanently installed emergency backup generator (the "Fixed Generator")], all as shown on the drawing (the "Site Plan") attached hereto as **Exhibit "B"**. Notwithstanding anything in this Agreement to the contrary, the Communications Equipment excludes any item not shown on the Site Plan.

G.  The volume of the Enclosure and the above ground portion of its pad as shown in the Site Plan is 146 cubicfeet.

H. The Street Parcel is currently improved with an approximately 36 foot tall traffic signal pole (the "Pole") owned by Licensor.

I. Licensee proposes to replace the Pole with a new Pole that Licensor ("Pole Owner") will own.

J. In order to install the Communications Equipment, Licensee desires to construct supporting improvements and perform all other work shown on the Site Plan (collectively the "Project").

K. Licensee shall complete the entire Project and put the Communications Equipment in full operation no later than one hundred eighty (180) days after the date of this Agreement (the "Completion Deadline").

L. Licensor desires to grant to Licensee a license to install, maintain, operate and repair the Communications Equipment (the "Permitted Uses") subject to the requirements of this Agreement.

M. Licensor desires to reserve rights to construct and use and allow others to construct and use all manner of additional improvements upon the Use Areas and the Street Parcel subject to the requirements of this Agreement and the rights granted to Licensee herein.

N. The Standard Recitals are all incorporated here by reference as if set out in full.

NOW, THEREFORE, for and in consideration of the foregoing, the amounts hereinafter to be paid by Licensee, and the covenants and agreements contained herein to be kept and performed by Licensee, and other good and valuable consideration, Licensor and Licensee agree as follows:
