Subject: Case #10-PP-2015#2 - Troon V - Stipulation Modification

Dear Randy,

We are full-time home owners at 10260 E. White Feather Lane - Unit 1001 in the Ridge at Troon North residential community, which is immediately adjacent to the property covered in the above Case number application.

We just received notice (copy attached) about the above application to the City of Scottsdale by the developer, for a "Stipulation Modification to remove the Natural Area Open Space (NAOS) area from his proposed development parcel. The developer's stated intent is to make room for a "community recreation area" for his proposed four (4) lot residential development.

The developer's stated reason for the elimination of the existing NAOS area is that the NAOS area can be eliminated "because the NAOS area requirement for the property has been previously fulfilled by the Troon North Master Planned Community". I assume the developer's thinking is that NAOS areas existing on other properties would allow the elimination of the NAOS area on his property. This thinking makes no sense and the recorded NAOS area should remain as recorded on the subject property and have no vegetation removed.

All adjacent single family residential areas in this area have recorded NAOS areas and the requirements of not disturbing the areas or removing natural vegetation should be enforced as required by the Troon North CC& R's and the City Governmental rules and restrictions. NAOS areas are designed to protect our beautiful environment not be changed or removed for the developer's whim.

I have attached a copy of the developer's site plan with the NAOS area colored in green. The site property line is colored in pink and the proposed four (4) lot subdivision lots are colored in yellow. If this application to remove the NAOS area and the natural vegetation in the green area is approved it will result in an objectionable and very visible recreational development at the main entry roadway adjacent to the entry gate house leading into our beautiful residential community. In my opinion a four (4) building development with one story over parking garages is bad enough for this small 0.70 +/- acre parcel, but adding additional visible recreational amenities and seating areas with shading facilities and fencing at the main entrance to our community is unacceptable.
