Sereno Canyon Phase 4 Resort Club DRB Package

Program, Operation and Management

Introduction

The Resort Club at Sereno Canyon (Phase 4 of the Sereno Canyon Community Plan) consists of 129 acres at the southern end of the property and will include 297 units. This “vacation home series” will include a range of designs including:

- 5 Estate Vacation homes
- 90 Resort Townhomes
- 129 Resort Villas
- 44 Resort Paired Villas
- 29 Lodge Cottages

The accompanying Resort Club Site Plan articulates the overall layout for this portion of Sereno Canyon. The vacation homes have been organized in a series of small enclaves that maximize the connection to the Sonoran Desert as well as provide stunning views in every direction. Significant areas of natural open space and rock outcroppings have been incorporated throughout the plan. The enclaves of housing units have been carefully situated around the resort’s central amenity feature and include trail connections for convenient walking access. The new Resort Club Gatehouse is planned along 1128th Street.

Overview

The central feature of the Resort Club, the “Resort Core”, will include the impressive Mountain House Lodge, 44 resort paired villas and up to 29 lodge cottages (initial phase shall include 6 to 12 units- future cottage implementation to be based on demand and economic/ market success). “The Mountain House Lodge” (minimum of 9,000 sf (conditioned) complex) is envisioned as the community’s iconic club facility with a resort lifestyle, luxury-level operation and a range of amenities expected to serve up to 397 homes in the Sereno Canyon community. The 268 Resort Club vacation oriented residences may be offered for overnight guest rentals as part of the Lodge experience as well as overnight rentals associated with the 29 lodge cottages. With its stunning location and back-drop along the McDowell Mountain Preserve, this exclusive private resort community will provide a unique setting and environment designed to serve overnight guests, resident members, outside members and guests of members.

In addition, the Resort Core will include; 2 swimming pools, fitness pavilion, spa, café and a series of beautiful outdoor terraces and patios that make the Mountain House Lodge feel more like a grand desert mountain estate. The carefully crafted indoor/ outdoor spaces will be engaged with spectacular, one-of-a-kind views in every direction. The club building’s desert contemporary forms, colors and materials will complement the majestic mountains and will be accentuated with broad roof overhangs that provide shade for comfort and help to frame special vistas. Toll Brothers is also interested in coordinating with the Preserve Conservancy to explore opportunities for “glamping” and other unique resort experiences directly adjacent to the Lodge.

Program

The building program has been strategically organized to provide resident members and Lodge guests with the expected amenities of a high-end resort style desert community. The entry *club room* welcomes residents with dramatic views and a setting for comfortable gathering and social events. The state of the art *fitness facility* and *spa* provides a focus on health and wellness. The *conference room/ multi-purpose* space provides the opportunity for special events and programs. In addition; the *outdoor pools, lawns, yoga pavilion, barbecue terrace* and series of *desert botanical gardens* will provide residents and guests with a beautiful mountain side focal amenity.

Members will be made up of residents of Sereno Canyon and certain adjacent property owners (specific to property owners who entered into agreements with the current owner of the development) who elect to join the club subject to an initiation fee and monthly dues, with membership working much like the club memberships offered by the Four Seasons, the Ritz Carlton, and the JW Marriott.

Office and management space has been incorporated into the overall Lodge building program. The entry club room includes a reception desk and alcove for the resort/ Lifestyle Director. On-site management staff will handle day-to-day operation and associated duties for the Mountain House Lodge and associated hospitality functions including but not limited to; check-in and check-out of overnight guests, housekeeping, laundry and accounting services. Toll will explore the most appropriate arrangement for the management of the Lodge based on future discussions with potential consultants. Considerations include Troon Management (who manages the Resort Fractional Ownership Community- The Rocks Luxury Club), as well as Toll Golf (a division of Toll Brothers) which manages hospitality and high-end club facilities such as Snowmass in Colorado which includes a luxury spa, restaurant, specialty retail and championship golf course.

Spa appointments, fitness training and or yoga/fitness classes will be made in advance and coordinated with designated therapists and instructors (vendors) who will provide as needed services based on request. Based on demand and interest, we envision health and wellness programs will grow over time and become a significant component of the Lodge experience.

Resort Operations, Fees and Taxes

Rates for the Lodge Cottages will be established based on specific industry related economic and market factors (supply and demand). For the remaining resort vacation oriented homes, overnight rates shall be determined by the individual unit owners based on parameters established and agreed upon within the community's CC&Rs. Owners will not be required to offer their unit for nightly rental, but they may elect to offer their units through online travel "sites", (e.g. Airbnb, VRBO, etc.). The Lodge management office will also be available to assist unit owners with the reservation process as well as all related concierge oriented services expected from a high-end boutique resort (check-in/ check-out/ unit preparation/ dining reservations/ travel and site seeing assistance/ recreation & golf reservations/ grocery services/ etc.). Units booked through any online travel sites will be handled by the resort management staff in order to ensure continuity and the highest level of service; for such units, payments of fees and taxes shall be the responsibility of the unit owner and/or the online travel site, depending on applicable law. Only actualized overnight guest stays will be tied to hotel taxation requirements, and otherwise the units will be taxed solely as typical residences.

Special Uses

In addition to the core program for residents and guests, the Mountain House Lodge also includes a special dining component. The program includes a sophisticated kitchen with pizza oven, multiple bars, several dining areas and a chef's table for special event dining as well as demo kitchen for cooking classes. Toll Brothers is currently working with Chef Tony Rea (previous head chef at the Boulders Resort) of "Creations in Cuisine" on the design and theme of the dining experience. Initially, the kitchen may be outfitted for light food preparation with the ability in the future to fit-out for a full-service kitchen (and associated equipment) based on economic demand factors (the kitchen area may also accommodate catering for special events). A simple but thoughtful menu will focus on healthy eating within a social atmosphere that celebrates the very best aspects of the desert setting. Additional staffing will be provided for food and beverage management, food preparation and food service. Laundry, maintenance, and miscellaneous services will be contracted with a yet to be identified vendor.

Lodge Phasing

The Mountain House Lodge will be designed with multiple phases in mind based on economic conditions, the associated business model and realized demand. The intent is to build the Lodge all at once. The overall conceptual phasing strategy for the Resort Club is illustrated in the accompanying exhibits.

Development Application Review Methodologies

Review Methodologies

The City of Scottsdale maintains a business and resident friendly approach to new development and improvements to existing developments. In order to provide for flexibility in the review of Development Applications, and Applications for Permitting, the City of Scottsdale provides two methodologies from which an owner or agent may choose to have the City process the application. The methodologies are:

1. Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

2. Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff's to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

In addition to the information above, please review the Development Application, and/or the Application for Permitting flow charts. These flow charts provide a step-by-step graphic representation of the application processes for the associated review methodologies.

Note:

1. Please see the Current Planning Services and Long Range Planning Services Substantive Policy Statements and Staff Review Timeframes for Development Applications, number III.

Development Review Board (DRB)

Development Application Checklist

Minimal Submittal Requirements:

At your pre-application meeting, your project coordinator will identify which items indicated on this Development Application checklist are required to be submitted. A Development Application that does not include all items indicated on this checklist may be rejected immediately. A Development Application that is received by the City does not constitute that the application meets the minimum submittal requirements to be reviewed.

In addition to the items on this checklist, to avoid delays in the review of your application, all Plans, Graphics, Reports and other additional information that is to be submitted shall be provided in accordance with the:

- requirements specified in the Plan & Report Requirements For Development Applications Checklist;
- Design Standards & Policies Manual;
- requirements of Scottsdale Revised Code (including the Zoning Ordinance); and
- stipulations, including any additional submittal requirements identified in the stipulations, of any Development Application approved that this application is reliant upon; and
- the city's design guidelines.

If you have any question regarding the information above, or items indicated on this application checklist, please contact your project coordinator. His/her contact information is on the page 12 of this application.

Please be advised that a Development Application received by the City that is inconsistent with information submitted with the corresponding pre-application may be rejected immediately, and may be required to submit a separate: pre-application, a new Development Application, and pay all additional fees.

Prior to application submittal, please research original zoning case history to find the original adopted ordinance(s) and exhibit(s) to confirm the zoning for the property. This will help to define your application accurately. The City's full-service Records Department can assist.

Public Participation - DR, PP

Public participation ensures early notification and involvement prior to the filing of a formal application, which is an integral component of Scottsdale's public hearing process.

Step 1: Complete Neighborhood Involvement Outreach

Hold a minimum of 1 Open House Meeting prior to formal application submittal

- Send open house invite via 1st Class Letter to property owners & HOAs within 750', to the City's interested parties list, and to the City project coordinator. Invitations need to be sent at least 10 calendar days prior to the open house meeting, and include the following information:
 - Project request and description
 - Pre-application number (xx-PA-xxxx)
 - Project location (street address)
 - Size (e.g. Number of Acres of project, Square Footage of Lot)
 - Zoning
 - Applicant and City contact names, phone numbers, and email addresses
 - Scheduled open house(s) - including time, date, and location
- Post **Project Under Consideration** sign at least 10 calendar days prior to your Open House Meeting (See Project Under Consideration (White Sign) posting requirements)
- E-mail open house information to the Project Coordinator and to: planninginfo@scottsdaleaz.gov
- Provide sign-in sheets and comment sheets at the open house meeting
- Avoid holidays, weekends, and working hours
- Maintain contact with neighbors during the process and make as many contacts that are warranted to achieve productive neighborhood involvement
- Hold additional open house meetings as necessary to ensure public participation

- OR -

Complete Neighborhood Notification Outreach

- Mail Neighborhood Notification 1st Class Letter to property owners & HOAs within 750', the City's standard interested parties list, and to the City project coordinator at least 10 calendar days prior to formal application submittal (include the following information):
 - Project request and description
 - Pre-application number (xx-PA-xxxx)
 - Project location (street address)
 - Size (e.g. Number of Acres of project, Square Footage of Lot)
 - Zoning
 - Conceptual site plan/elevations
 - Applicant and City contact names and phone numbers

Development Applications Process

Enhanced Application Review Development Review (DR and PP)

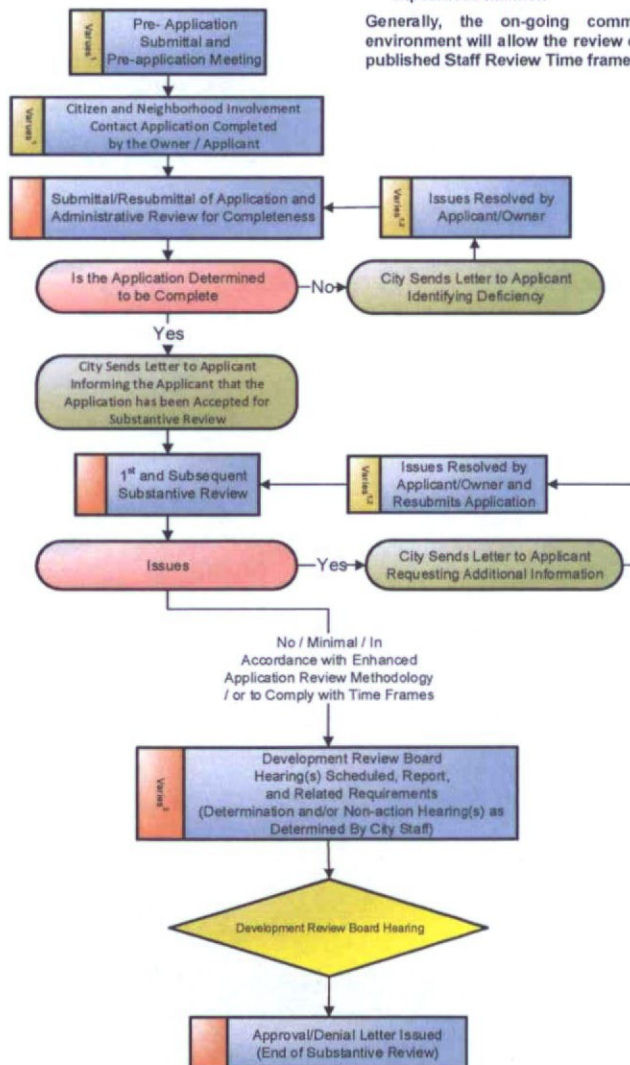

Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

Note:

1. Time period determined by owner/applicant.
2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/ applicant.
3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
4. Owner/applicant may agree to extend the time frame by 50 percent

Time Line

Administrative Review 15 Staff Working Days Per Review	Substantive Review 95 Total Staff Working Days, Multiple Reviews in This Time Frame ^{1,2,4}	Public Hearing Process Time Frames Vary ³	Approval/Denial Letter Issued

Development Applications Process

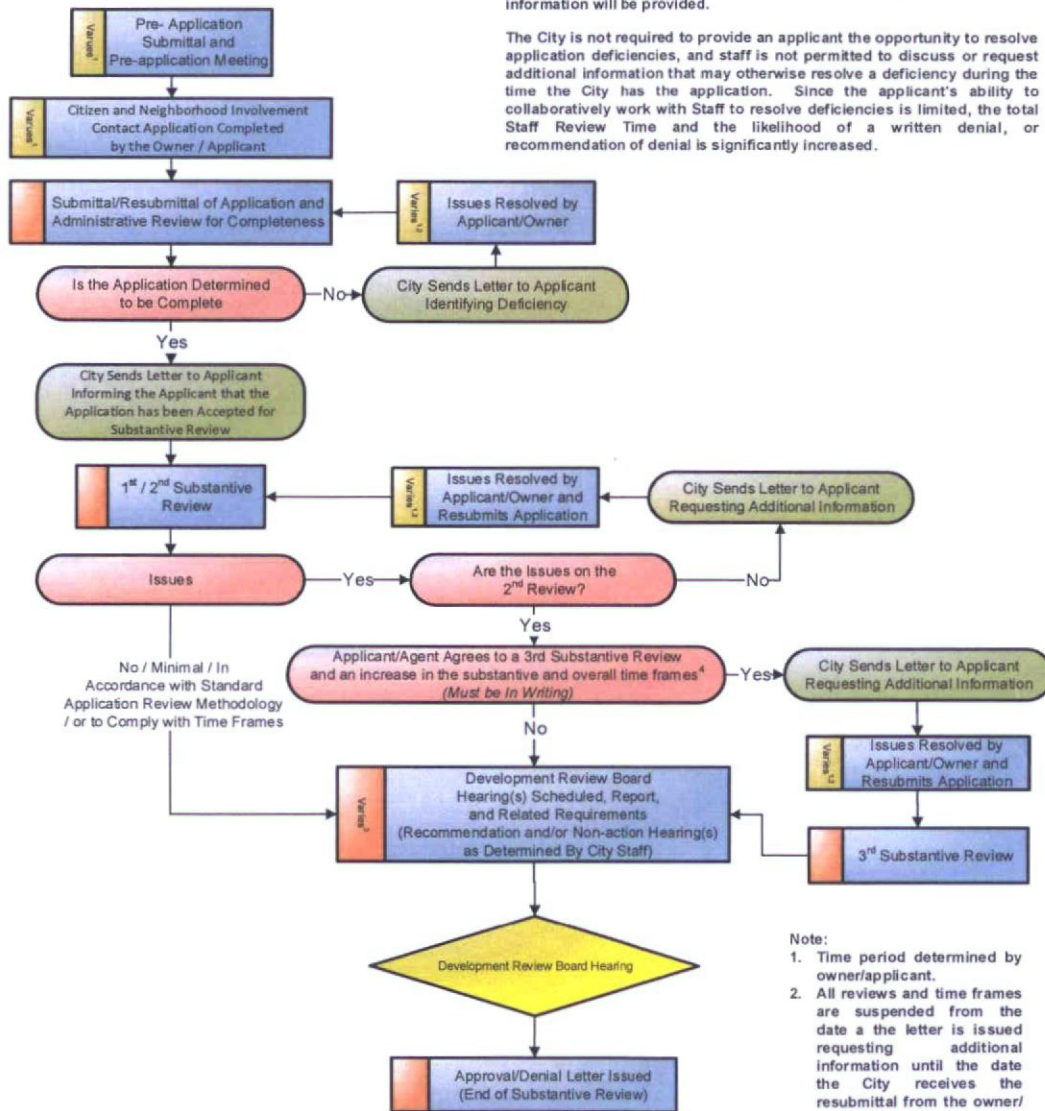

Standard Application Review Development Review (DR and PP)

Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion of the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

- Note:
1. Time period determined by owner/applicant.
 2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
 3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
 4. Owner/applicant may agree to extend the time frame by 50 percent

Time Line
