NRI is the owner of fee title to and/or the holder of a certificate of purchase for the real property situated in the City of Scottsdale, Maricopa County, Arizona, being legally described on Exhibit "B" attached hereto (the "NRI Parcel"). The Master Developer Parcel and the NRI Parcel are collectively referred to herein as the "Development"). Any current and future portion of the Development which constitutes a separate tax parcel (including, but not limited to, the Master Developer Parcel and the NRI Parcel) shall be referred to herein as a "Parcel".

B. It is intended that each Parcel shall operate in conjunction with each other Parcel as integral parts of an integrated commercial development.

C. In order to facilitate the commercial development of the Development, it is necessary to create certain covenants, agreements and easements in, to, over and across the Development.

D. Master Developer and NRI desire to provide for (i) the use of the Development as an integrated commercial development, (ii) the creation of necessary easements, covenants and restrictions and (iii) the imposition of certain rights, privileges, obligations and duties with respect to the Development.

NOW, THEREFORE, in consideration of the above premises and of the easements, covenants, conditions and restrictions herein contained, each of Master Developer and NRI hereby declares, reserves, grants, covenants and agrees that the Development and all present and future Owners of any Parcels within the Development or any part(s) thereof shall be subject to the following declarations, easements, covenants, conditions and restrictions set forth in this Agreement:

2. Access, Signage, Maintenance, Irrigation Easements and Covenants.

(a) Access Easement. Each of Master Developer and NRI hereby declares, reserves and grants, in common with others entitled to use the same, perpetual non-exclusive easements for the passage of vehicles over and across the Parcel Common Areas of the Development, as the same may from time to time be constructed, maintained, modified, removed and relocated for such use, and for the passage and accommodation of pedestrians over and across the parking areas, private roads, driveways, and sidewalk areas of the Development, as the same may be constructed, maintained, modified, removed and relocated for such use, such easements to be for the benefit of each Owner and its Permittees. Notwithstanding the foregoing, if a Residential Parcel has gated areas which are only accessible to Residential Owners or lessees and their invitees, then no such vehicular or pedestrian access easement shall exist with respect to the restricted parking areas, driveways and sidewalk areas within such Residential Parcel(s) of the Development.

(b) Signage Easement. Each of NRI and Master Developer hereby declare, reserve and grant a non-exclusive perpetual easement to Master Developer in, over and through the Parcels for the purposes of installing, repairing, maintaining and replacing entry features, directional and way-finding signage, and such other signs for the Development as Master Developer deems necessary or appropriate in its sole discretion and utilities serving all such signage. Notwithstanding the foregoing, the access easement granted in this Section 2(b) shall be located only over those roads, driveways, sidewalks and related areas of the applicable portion of the Development necessary to access such entry features, directional and way-finding signage and such other signs.

(c) Maintenance Easement. Each of NRI and Master Developer hereby declare, reserve and grant a non-exclusive perpetual easement to Master Developer in, over and through the Parcels for the purposes of operating, managing, repairing and maintaining, or providing for the operation, management, repair and maintenance of all of the Shared Facilities of the Development. Notwithstanding the foregoing, the access easement granted in this Section 2(c) shall be located only over those roads, driveways, sidewalks and related areas of the applicable portion of the Development necessary to access such Shared Facilities.

(d) Parcel. Each Owner shall or shall cause its Parcel, including, but not limited to, all Parcel Common Areas located thereon, and the exterior of any buildings and all exterior improvements located on its Parcel to be operated, maintained, repaired and replaced in good condition and repair in a manner consistent with a first-class mixed-use commercial development and in compliance with all applicable Legal Requirements. Each Owner shall further cause the interior of any building located on its Parcel to be maintained in compliance with all applicable Legal Requirements.

(e) Damage or Destruction. In the event any building or other exterior improvement shall be damaged or destroyed by fire or other casualty (whether insured or not), the Owner upon whose Parcel such building or exterior improvement shall have been located shall promptly remove the debris resulting from such fire or other casualty and provide a sightly barrier, and within a reasonable time thereafter either (i) restore the building or exterior improvement so damaged to a condition consistent with the original plans and specifications for such buildings and other improvements with such changes as may be required by applicable laws or ordinances, (ii) erect other buildings or improvements in such location that are consistent with the original plans and specifications for the building or improvement so damaged with such changes as may be required by applicable laws or ordinances, or (iii) demolish the damaged portion and/or balance of the building or improvement and restore the cleared area to either a hard surface condition or a landscaped condition, in which event the area shall be maintained by the Owner of the respective Parcel in accordance with the standards set forth in Section 2(d) above.

(f) Irrigation. Each of Master Developer and NRI hereby declares, reserves, and grants, in common with others entitled to use the same, perpetual non-exclusive easements for the installation, maintenance, repair, replacement and relocation of landscape irrigation systems for the Shared Facilities of the Development, over, across and under each Parcel of the Development. Such irrigation systems shall be owned and maintained by Master Developer, its

successors, assigns or designees. Each Owner hereby covenants and agrees that it shall utilize such irrigation systems for such Owner's Parcel, and shall, at Master Developer's option, either be separately metered for each Parcel, or charged by proportionate share of the acreage of the Development served by such irrigation system. Notwithstanding the foregoing, the access easement granted in this Section 2(f) shall be located only over those roads, driveways, sidewalks and related areas of the applicable portion of the Development necessary to access such irrigation systems.

(g) Self Help. In the event an Owner or Permittee of an Owner (the "Defaulting Owner") fails to cure any default of its covenants and obligations set forth in this Agreement, including but not limited to, its obligations with respect to its Parcel and/or Parcel Common Areas, within thirty (30) days after receipt of notice from the Master Developer or another Owner within the Development (the "Aggrieved Owner"), or such longer period (not to exceed ninety (90) days) if such cure is promptly commenced and diligently prosecuted but cannot reasonably be cured within such thirty (30) day period, then the Aggrieved Owner and/or the Master Developer shall have the right to enter upon the Defaulting Owner's Parcel to cure such default and shall be entitled to reimbursement from the Defaulting Owner within thirty (30) days after receipt of an invoice for its reasonable costs incurred therewith, together with interest at the Default Rate.

(h) Compliance with Development Agreements. Each and every Parcel shall be transferred subject to the obligation that each Owner and the Permittee of such Owner shall comply with all requirements of the Development Agreements (including, but not limited to, compliance with the Development Plan), which requirements may be enforced directly by the City and ASLD against each Owner with respect to the Parcel(s) owned by such Owner and/or against each Permittee with respect to the Parcel(s) leased by such Permittee. The terms of this Section 2(h) shall not be applicable following the Zoning End Date.

(i) Standard. Without limiting the generality of the covenants contained in this Section 2, to the extent Master Developer, or any entity that controls, is controlled by or is under common control with Master Developer ("Master Developer Affiliate"), owns any portion of the Development, Master Developer shall determine whether any Parcel Common Areas and/or any Parcel (including, but not limited to, the exterior of any building within the Development) is being maintained in a manner consistent with the terms of this Agreement.

3. Maintenance of Shared Facilities.

(a) Maintenance. Master Developer shall maintain, repair and replace the Shared Facilities in a timely and professional manner so as to keep the Shared Facilities in good condition and repair in a manner consistent with a first-class mixed-use commercial development and in compliance with all applicable Legal Requirements.

(b) Payment of Expenses. Each Owner, including Master Developer, as applicable, shall pay to Master Developer its Proportionate Share of the Shared Facilities Expenses. Notwithstanding anything to the contrary set forth herein, the Building Owners, the Residential Owners and the Undeveloped Owners (collectively, the "Responsible Parties") shall

be responsible for paying all Shared Facilities Expenses. On or before December 1 of each year, Master Developer will provide each Responsible Party with an estimate of its Proportionate Share of the Shared Facilities Expenses for the next succeeding calendar year, including an estimate of the Shared Facilities Expenses for the Development. Each Responsible Party shall pay one-twelfth (1/12) of such estimated annual obligation on the first day of each calendar month thereafter.

(c) Reconciliation. Within ninety (90) days after the end of each calendar year, Master Developer shall provide each Responsible Party a written summary of the actual Shared Facilities Expenses for the calendar year, determined on an accrual basis by Master Developer and broken down by principal categories of expense. The statement shall also set forth all amounts paid by each Responsible Party on account during such calendar year. In the event a Responsible Party paid less than such Responsible Party's Proportionate Share for such calendar year, that Responsible Party shall remit payment of the difference to Master Developer within thirty (30) days after the statement is provided. In the event a Responsible Party paid more than such Responsible Party's Proportionate Share for such calendar year, Master Developer shall apply the difference as a credit to the next payment of Shared Facilities Expenses due from such Responsible Party. Later delivery of the annual summary of Shared Facilities Expenses shall not relieve a Responsible Party of any obligation with respect to payment of its Proportionate Share thereof.

(d) Records. Master Developer shall keep its Shared Facilities Expenses records for the Development at its business offices and shall make such records available for inspection or audit by any Responsible Party, at such Responsible Party's sole cost and expense, at such offices upon written notice from such Responsible Party. At no time may a Responsible Party inspect or audit such records during Master Developer's annual corporate audit periods. A Responsible Party may inspect or audit Master Developer's records only for the Shared Facilities Expenses for the calendar year prior to such Responsible Party's notice. In the event the inspection or audit shall reveal that a Responsible Party paid an amount in excess of its Proportionate Share of the Shared Facilities Expenses for the applicable calendar year, then Master Developer will apply the difference as a credit to the next payment of Shared Facilities Expenses due from such Responsible Party. In the event such inspection or audit shall reveal that a Responsible Party paid an amount less than its Proportionate Share of the Shared Facilities Expenses, then that Responsible Party shall pay such difference to Master Developer immediately. In the event such inspection or audit shall reveal that a Responsible Party paid an amount in excess of its Proportionate Share of the Shared Facilities Expenses by more than five percent (5%), then Master Developer shall pay to the applicable Responsible Party the reasonable cost of said inspection or audit.

(e) Parking. Shared Facilities Expenses attributable to a Parcel used primarily for parking (e.g., a structured parking facility or a surface parking lot) shall be equitably allocated among the Building Parcel(s) and/or Residential Parcel(s) benefitting from such parking facility or lot; provided, however, any surface parking lot(s) located on either a Building Parcel and/or a Residential Parcel shall be maintained by the Owner of such Building Parcel or Residential Parcel, as applicable, at such Owner's expense.

4. **Use.**

No use or operation will be made, conducted or permitted on or with respect to all or any part of the Development, which use or operation is (i) not permitted by the Development Agreements, or (ii) listed as one of the General Prohibited Uses set forth on Exhibit "C". The terms of this Section 4 shall not be applicable following the Zoning End Date.

5. **Improvements and Signage.**

(a) **Intentionally Deleted.**

(b) **Review of Plans.** Prior to constructing, reconstructing, remodeling or improving any buildings, landscaping, lighting, signage (building or otherwise) or other improvements on a Parcel (collectively, the "Work"), the Owner of such Parcel shall submit to the Master Developer for approval, detailed exterior elevations, including materials and colors, footprint and site plan for all aspects of the Work ("Plans") depicting the Work in detail at least 30 days prior to the commencement of the Work. Master Developer shall review the Plans for compatibility and harmony of the Work with the other improvements in the Development, and may grant or withhold its approval in its sole discretion. No Work shall be performed except in strict accordance with the Plans that have been approved by Master Developer provided, however, any modifications, alterations or changes to the Plans that arise during the course of construction of the original improvements shall only be required to be approved if they are material in nature. Master Developer shall either approve the Plans or give its objections thereto along with a reasonably detailed explanation of such objections in writing within 30 days after receipt thereof. If no approval or objection is given in writing within said 30 day period, the person submitting such Plans may give a second written notice, and if such second written notice expressly calls attention to the automatic approval process of this section, and if no written response is provided within five (5) days after receipt of the second written notice, the Plans will be deemed approved as submitted. If Master Developer rejects the Plans, the person submitting the Plans and Master Developer may mutually consult and the person submitting the Plans shall revise the same in accordance with the requirements of the Master Developer. Approval of Plans by Master Developer shall not constitute assumption of responsibility for the accuracy, sufficiency, or propriety thereof, nor shall such approval constitute a representation or warranty that the Plans comply with applicable Legal Requirements.

(c) **Encroachment Easement.** In connection with any construction or repair work to be performed on the Development, Owners hereby grant Master Developer the right to grant temporary easements for incidental encroachments upon a Parcel of another Owner which may occur as a result of the use of ladders, scaffolding, and similar facilities resulting in temporary obstructions of portions of the Parcel Common Areas, so long as their use is kept within the reasonable requirements of the construction or repair work being expeditiously pursued.

(d) **Rooftop Equipment.** Each Owner shall cause all rooftop equipment located on any building on its Parcel, and all dumpsters and refuse collectors located on its Parcel, to be screened in a manner reasonably satisfactory to Master Developer.

6. **Indemnification and Insurance.**

(a) **Indemnification.** Each Owner or its designated Permittee shall indemnify and hold each other Owner and their Permittees harmless (except for loss or damage resulting from the tortious acts of such other Owner or its Permittees, or their respective agents, employees or contractors) from and against any and all claims, judgments, damages, losses, liabilities and expenses, including reasonable attorneys' fees and court costs, in connection with loss of life, bodily injury and/or damage to property arising from or out of any occurrence on or about the Parcel(s) being maintained by such Owner or its Permittee, or occasioned in whole or in part by its gross negligence or intentional misconduct, or those of its agents, contractors, employees, tenants or licensees.

(b) **Insurance.** Each Owner or its designated Permittee shall obtain and maintain or cause to be maintained at all times commercial general liability insurance (or its equivalent) against claims on account of death, bodily injury or property damage that may arise from or be occasioned by the condition, use, operation, repair or maintenance of the Parcel Common Areas located on such Owner's Parcel, together with a contractual liability endorsement. Said insurance shall be maintained by a reputable insurance company or companies qualified and admitted in the State of Arizona. Such policy shall be for single minimum limits of not less than Three Million Dollars (\$3,000,000.00), subject to reasonable increases by Master Developer, consistent with then current industry standards. Such insurance with respect to the Parcel Common Areas of a Parcel shall name as additional insureds thereunder all of the other Owners and their respective first mortgagees and lessees, of whom shall have been notified in writing. Such insurance shall provide that the insurance may not be canceled without at least ten (10) days prior written notice being given by the insurer to each person or entity listed as an additional insured. Each Owner or Permittee of an Owner shall, upon written request from the other Owner or a Permittee, furnish to the Owner making such request certificates of insurance evidencing the existence of the insurance required to be carried pursuant to this Section. Notwithstanding the foregoing, each Owner of a Residential Parcel shall not be required to maintain liability insurance as required under this subsection (b) provided that the applicable condominium, homeowners or similar association for such Residential Parcel(s) maintains such insurance coverage.

7. **Real Estate Taxes and Assessments.**

Each Owner shall pay or cause to be paid directly to the applicable taxing authority the real estate taxes and assessments applicable to its Parcel prior to delinquency.

8. **Term.**

This Agreement shall be effective as of the date first written above and shall continue in full force and effect until the later of (i) the day that is eighty (80) years after the date first above written, and (ii) the Zoning End Date; provided, however, that the easements referred to in Section 2(a), (b) and (f) shall continue in full force and effect.

9. **Excused Postponement and Delays.**

An Owner shall be excused from performing any obligation or undertaking provided in this Agreement in the event and so long as the performance of any such obligation is prevented or delayed, retarded or hindered by Act of God, fire, earthquake, flood, explosion, actions of the elements, war, invasion, insurrection, riot, mob violence, sabotage, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, action of labor unions, condemnation, requisition, laws, orders of governmental or civil or military or naval authorities, unusual weather conditions, or any other cause, whether similar or dissimilar to the foregoing, not within the reasonable control of such Owner.

10. **Covenants Running With the Land.**

(a) Each and every agreement, declaration, covenant, promise, undertaking, condition, easement, right, privilege, option and restriction made, declared, granted or assumed in this Agreement shall be an equitable servitude on the Development and shall run with the land and shall be binding upon and inure to the benefit of each Owner and such Owner's successors, assigns and grantees.

(b) All Permittees shall be subject to this Agreement. Except as expressly stated to the contrary herein, this Agreement shall confer no rights on any Permittees other than the Owner of the Parcels.

(c) The Parcels may be further subdivided from time to time by any of the respective Owners with the prior written consent of the Master Developer, which consent shall not be unreasonably withheld, conditioned or delayed. If any additional Parcels are so created, the provisions of this Agreement shall bind and burden such new Parcel(s) as if originally one of the Parcels contemplated hereby.

11. **Defaults.**

(a) **Notice of Default.** If any Owner shall default in the full, faithful and punctual performance of any obligation hereunder to be performed by such Owner, then the other Owners shall have all remedies available at law or in equity, provided that the defaulting Owner and its mortgagee (if the other Owner shall have been informed of the identity and mailing address of such mortgagee) shall have been given written notice of such default and (except in an emergency) such default shall have not been cured within thirty (30) days following receipt of such notice, as said thirty (30) day period may be reasonably extended for non-monetary defaults if necessary to cure such default, provided the defaulting Owner promptly commences such cure and thereafter diligently prosecutes same to completion.

(b) **Rights Cumulative.** All rights and remedies set forth in this Agreement shall be in addition to all rights and remedies available in law or in equity. All such rights and remedies may be exercised at one time or at different times and the exercise of one such right or remedy shall not preclude the exercise of any other. In addition to all other remedies it may have

at law or in equity, any non-defaulting Owner shall have (i) the right to have the actual or threatened violation of any provision hereof restrained by any court of competent jurisdiction, (ii) the right, but not the obligation, to perform such obligation on behalf of such defaulting party (including, but not limited to, the rights under Section 2(g)) and, (iii) the right, immediately upon written demand therefor, to be reimbursed by such defaulting party for the cost thereof, together with Default Interest, not to exceed the maximum rate permitted by law in the State of Arizona, and (iv) the right to seek specific performance. Any such claim for reimbursement, together with interest as aforesaid, shall be a secured right, and a lien therefor shall attach to the portion of the Parcel at issue and improvements thereon, if any, owned by the defaulting party effective upon recording of a notice thereof in the Maricopa County Recorder's office or in such other office as may from time to time by law be charged with maintaining the public records for recording purposes. However, such lien shall be subject and subordinate to the lien or charge of any bona fide mortgage upon the Parcel or any part thereof at any time given or made, as well as to any lease of the fee interest of the party in default entered into prior to the date of recordation of such notice. Upon the request of any bona fide mortgagee, any such lien holder shall execute and deliver reasonable documentation confirming or otherwise evidencing such subordination.

(c) Waiver. No delay or omission of any Owner in the exercise of any right accruing under any default of any other Owner shall impair any such right or be construed to be a waiver thereof. A waiver by any Owner of a breach or a default of any of the terms and conditions of this Agreement by any other Owner shall not be construed to be a waiver of any subsequent breach or default of the same or any other provisions hereof.

(d) No Right to Terminate Agreement. It is expressly agreed that no breach of the provisions of this Agreement shall entitle an Owner to cancel, rescind or otherwise terminate this Agreement, but such limitation shall not affect, in any manner, any other rights or remedies which an Owner may have hereunder by reason of any breach of the provisions of this Agreement. No breach of the provisions hereof shall defeat or render invalid the lien of any mortgage made in good faith and for value covering any portion of the Development and any improvements thereon, but the provisions of this Agreement shall be binding upon and effective against any Owner whose title is acquired by foreclosure, tax sale, or deed in lieu of foreclosure.

(e) Exculpation. If any Owner shall be an individual, joint venture, trust, tenancy-in-common, limited liability company, or partnership, general or limited, it is specifically understood and agreed that there shall be no personal liability on such individual, joint venture, trust, tenant-in-common, limited liability company, or partnership, or upon the venturers, members, trustees or beneficiaries of a trust, tenants-in-common, or partners (general or limited) of a partnership, in respect of any of the covenants or conditions of this Agreement or with respect to any negligent or tortious acts or omissions; and an Owner or Permittee shall look solely to the defaulting Owner's interest in the Development for the satisfaction of any judgments rendered against such Owner.

(f) Attorneys' Fees. If any person commences an action to enforce any provision of this Agreement, the prevailing party in any such action shall be entitled to collect from the other party reasonable attorneys' fees, costs and expenses incurred in connection with the prosecution or defense of such action.

12. **No Partnership.**

Each Owner shall conduct and operate its business in and upon the Development independently and nothing herein contained shall be construed as a partnership agreement or as to constitute the Owners as partners with respect to the conduct and operation of the Development or to establish a principal and agent relationship between the Owners or to constitute or be a joint venture.

13. **Notices.**

16. **Amendments.** This Agreement may be amended, modified, terminated or waived (in whole or in part) by all of the affected Owners, provided Master Developer shall have approved such amendments, modifications, termination or waivers in writing. An amendment shall be effective when it is duly recorded in the office of the Recorder of Maricopa County, Arizona. Notwithstanding anything herein to the contrary, Master Developer may amend this Agreement in its sole discretion without the need for any approval or consent from the Owner of any Parcel; provided, however, any amendment to this Agreement that materially adversely impacts the rights or obligations of any Parcel hereunder shall not be binding on that Parcel without the consent of the Owner of such Parcel to the amendment. 17. **Rights of City.** Each and every Parcel shall be transferred subject to the condition that the Master Developer has full power and responsibility for (i) managing the development and maintenance of the Development in accordance with the terms of the Development Agreements, (ii) being the primary point of contact with the City and ASLD

(subject to the Master Developer's right to appoint a successor point of contact under the Development Agreements), and (iii) requiring compliance with the approved zoning and the Development Agreements. In addition, each and every Parcel shall be transferred subject to the obligation under the Development Agreements for the Master Developer to timely and completely do, perform and observe each material provision of the Development Agreements and this Agreement, including, but not limited to, notifying any Owner in violation of the requirements of the Development Agreements and undertaking and commencing to exercise and duly prosecute all appropriate remedies. Each Parcel is transferred subject to the restriction that following any material Event of Default under the Development Agreements by Master Developer or any Owner (which default continues beyond the expiration of any applicable notice and cure periods contained therein), the City shall have all rights and remedies available to it under such Development Agreements, including, but not limited to its rights under Section 12.2 of the PUV Agreement, which includes the right to issue a stop work order and/or refuse to issue any permits or process development applications for all or any portion of a Parcel(s) that is owned by an Owner or the Master Developer which is so in default. The terms of this Section 17 shall not be applicable following the Zoning End Date.

18. **Miscellaneous.**

The Section headings are included only for convenience and shall be disregarded in the construction and interpretation of this Agreement. The validation of any of the provisions contained in this Agreement, or of the application thereof to any person by judgment or court order, shall in no way affect any of the other provisions hereof or the application thereof to any other person; and the same shall remain in full force and effect. All Exhibits attached to this Agreement are hereby made a part hereof.
