**NOTICE  
OF  
IMPORTANT CHANGE TO ARIZONA NOTARY LAWS**

**If your client is a foreign citizen, you will want to be aware of this change.**

Arizona law currently provides that "satisfactory evidence of identity" for purposes of a notary's acknowledging signatures or performing jurats includes a "current form of identification issued by a federal, state or tribal government..." (A.R.S. 41-311.11.) Effective August 25, 2004, however, this provision has been amended to provide that the current form of identification must be issued by "the United States government or a state or tribal government..." This change means that a current form of identification issued by a foreign government, such as a foreign driver's license, will **NOT** meet the statutory identification requirements.

To avoid delays in closing transactions involving foreign citizens who may not have appropriate identification, you should determine as soon as possible what form(s) of identification your clients have. If they do not have appropriate identification, then you may wish to suggest, depending on their circumstances, that they apply for and obtain an appropriate form of U.S. or state identification.
