COMMENT	
Comment:	We currently live in Soho Scottsdale, Phase1 and we love it. The location, the space and the value are unparalleled in the area. We totally support Catclar's plan for Phase 2 and are confident that it will be as attractive and appealing as Phase 1.

We are current owners in the Bahia project phase 1. The proposed plans are for phase 2. We were guaranteed at the time of our purchase that since a special allowance had to be obtained to build our current project to 4-stories, there was no possibility of having a building in our phase or future phases that would be taller than our current building. The newly proposed phase 2 building is now being proposed at 5-stories, completely against what we were initially promised. -- sent by Mark Marias (case# 57-DR-2019)
