# **Bell Road Sports Complex & DC Ranch Neighborhood Park Phase 1**

## **Public Involvement Report**

Beginning in July 2020, a community dialog has been taking place on two components of the 2019 Bond Project #53, Build Multiuse Fields in the Area of Bell Road. All outreach has been focused on the first phase of the project which is the design and construction of the Bell Road Sports Complex and DC Ranch Neighborhood Park Phase 1.

### **Phase One – Project Introduction and Stakeholder Outreach**

There was a general community awareness of the project due to the outreach done during the development of the city's Bond 2019 Program and subsequent election. During the project introduction, a comprehensive website was developed for the project that included project Bell Road Sports Complex & DC Ranch Park Irrigation Lake

A website was developed with a project overview, history, overall project phasing and the individual components of each project. Additional work was done to educate residents on how this project corresponds with other projects happening in the area. Information on the new site was pushed out through the City's social media channels and electronic publications.

Outreach began with a series of one on one meetings with stakeholders in the vicinity of the project and users' groups. Between November 2019 and October 2020 around 20 stakeholder meetings we held with approximately 40 people in attendance. In general, the nature of the meetings were informational educating stakeholders about the project and where we are in the process.

### **Phase Two – Virtual Public Meeting: Project Introduction**

The next phase of outreach was a virtual public meeting and ballfield lighting demonstration held in August of 2020. The virtual public meeting was held August 10-31 and hosted on the City's website on the project website. The white sign was posted at the northwest corner of Bell Road and 94th Street on 8-21-2020.

A meeting notice was mailed to 3,668 homes and businesses in the project area and emailed to stakeholders. The notification introduced key elements of the project, detailed how a public meeting works and notified interested parties of an upcoming lighting demonstration. Additionally, the meeting was promoted through the city's social media channels and electronic publications as well as HOAs in the vicinity of the project.

The virtual public meeting consisted of a narrated presentation, exhibits, a list of frequently asked questions and answers and a lighting demonstration. The lighting demonstration was held on August 21 at Scottsdale Sports Complex. Additionally, a project hotline was available to anyone who had additional questions.

Approximately 25 people attending the lighting demonstration and received a presentation how ball field lighting works and were able to see the type of lighting fixture that will be

installed at Bell Road Sports Complex. Participants were asked to direct their comments to the project website via the virtual public meeting.

Overall, 113 comments were received during this phase of outreach.

### **Phase 3 – Virtual Public Meeting: Project Development**

A second virtual public meeting was held in October 2020 which focused on the development of the project and included greater detail on both projects. The meeting was from October 14-30 and once again hosted on the City's website. The red sign for case number 10-UP-2020 was posted at the northwest corner of Bell Road and 94th Street on 10-2-2020. The red sign for case number 14-UP-2020 was posted at the southwest corner of Trailside View and 91st Street on 10-7-2020.

A meeting notice was mailed to 3,668 homes and businesses in the project area and emailed to stakeholders. The notification gave a update on the progression of the project, detailed how to participate in a virtual public meeting works, gave dates for public hearings throughout the end of the year and links to municipal use master site plan case numbers. Additionally, the meeting was promoted through the city's social media channels and electronic publications as well as HOAs in the vicinity of the project.

The virtual public meeting consisted of a narrated presentation, a video on ballfield lighting, exhibits and undated frequently asked questions and answers. Additionally, a project hotline was available to anyone who had additional questions.

## Bell Road Sports Complex & DC Ranch Park Irrigation Lake Virtual Open House Comments August 10-31, 2020

### **Comment 1**

The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the nearly created exit on Bell with 500 cars. Why is the plan to only extended 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?

### **Comment 2**

I would like to thank Ms. Welsh and Mr. Barker for the presentation.

A few comments/suggestions:

1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.
2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.

Thank you!

### **Comment 3**

Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I

am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?

#### **Comment 4**

I have a few questions.

1. Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via Trailside View is dangerous. I don't know the solution, I'm just asking the question.
2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question.
3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association.
4. The exhibit ""Bell Road Sports Complex Concept Plan"" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell."

#### **Comment 5**

Hello. What's the plan for preventing an increase in mosquitos when the lake is added to DC Ranch Park? We already have issues with them.

#### **Comment 6**

I want to assure that if there is a problem with the West World acquisition, the folks like me who voted for this bond project will be able to strongly object to using the NE corner of Bell and 94th. Lighted fields backing up to the office park north of the NW corner is very different from lighted fields immediately behind my property with no buffer. Please have someone reach out to me to discuss my rights to object to the use of the NE corner.

#### **Comment 7**

I am concerned about the light pollution resulting from 6 fields being illuminated and the increased traffic at Pima and Bell.

#### **Comment 8**

The fields will be a welcome addition to the community, however the irrigation lake seems to be not thoroughly as thought out. Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

**Comment 9**

I am in support of this project, however, as a DC Ranch resident I encourage you to rethink allowing access from 91st St. I believe routing cars through DC Ranch is unnecessary when there will be two other easy accessible entry points. Please consider and note the unnecessary additional traffic that this will cause within the community.

**Comment 10**

I am amazed and disappointed that this complex was ever approved by obviously ignorant voters. It's not that I'm opposed to the parks, as that is one of the best things going for Scottsdale. As a long time resident and family of three now young adult children, we have thoroughly enjoyed the parks and recreation opportunities in Scottsdale. My dismay is why would all these tax dollars be going to an area already rich in parks near by, not to mention the private facilities in MMR and DC Ranch. Surely with all the growth anticipated there could be other areas in need of new parks.

**Comment 11**

I voted for the bond issue but soccer fields were not what interested me. I've lived here for almost 20 years and we have VERY limited facilities not of the 101. Where are the tennis courts-dog parks and any other neighborhood use facilities?

**Comment 12**

material presented was good.

How was the 500-590 parking spaces determined ?

Note - 94th Street and Bell road can not safely accommodate street parking.

According to project design engineer, what number of parking spaces are deemed appropriate for number of fields planned ?

Will new Bell road left turn lane have a traffic light ?

**Comment 13**

Is this Project/Bond fiscally sound to move forward in CV-19 Struggling Economy

Many have lost jobs, a high foreclosure rate is anticipated, businesses are struggling or out of business.

Will there be enough Tax Revenue to meet the Tax Rate Anticipated when the Initial Bond Passed?

**Comment 14**

I have two concerns and they're both related to increased traffic north of the proposed fields. The Pima Rd/Trailside View intersection is extremely dangerous today. What is the plan to address the increased congestion through that area to increase safety? Secondly, can we get a painted/lighted crosswalk at the intersection of 91st St and Trailside View to accommodate pedestrian traffic from Parks & Manor community to the DC Ranch Park. Thank you.

**Comment 15**

We are not in favor of the Bell Road Sports Complex as designed. Specifically, the connector road to 91st street. It will cause excess traffic at both 91st and Trailside View and Trailside View and Pima Road. If the project proceeds, we will need to have either a round-about or stop lights installed at Trailside and Pima

Road. That intersection is already extremely tough to cross at busy times, and the added traffic from the sports complex will make it worse.

**Comment 16**

For local homeowners interested in how this may affect home prices, I believe it will increase values for homes not affected by noise, lights, or traffic... but have the opposite effect on the other, closer properties.

**Comment 17**

Why no plans for any baseball fields? Thank you

**Comment 18**

How will you handle the lighting demo during the COVID-19 rules? Please advise. Thanks.

**Comment 19**

Very concerned about potential increased road traffic. Bell Road east of the 101 is very congested. Will bus service be increased to and from this area?

**Comment 20**

The posted speed limit on 94th St between Bell and Legacy is 40 mph (which means people are driving 50). South of Bell it is 35 mph. The speed limit on 94th St needs to be reduced to 30 or 35 mph when the sports fields go in for safety reasons. Thank you.

**Comment 21**

Are there any plans to continue 91st street North from Bell Road through the desert to connect to DC Ranch neighborhoods?

When will there be more information available regarding the DC Ranch Community Park?

Thank you

**Comment 22**

Design plans look fantastic! More athletic fields are much needed and long overdue in this area. As a resident of Horseman's Park across the street from the Westworld fields we can't wait to have them ready for use. Thank you for keeping us updated!

**Comment 23**

In regards to the reclaimed water lake/park on Trailside View & 91st:

- 1) For DC Ranch Park & Manor neighborhood there is only one exit which is on Trailside View. What road improvements will be done in the area to alleviate Traffic congestion for that area?
- 2) Pima Rd and Trailside View currently has congested traffic and is a major source of accidents. Will a traffic light be installed to alleviate the additional traffic and prevent increasing casualties?
- 3) will there be any plan for law enforcement for the park for the Neighborhood?

In regards to the athletic fields on Bell & 94th st. & West World:

- 1) last time there was a purposed park development in the DC Ranch area, there was a lot of contention in regards to the city paying for athletic fields for the Greater Hearts Academy. Are there special arrangements for Greater Hearts Academy to have primary use of these fields or will they have to petition and pay use fees like other organizations?

**Comment 24**

I think this facility would be a wonderful addition to give additional field space for youth sports.

**Comment 25**

I looked at the proposal for the sports fields, and I think you have selected an area that is not appropriate for this project. This area is very quiet and a beautiful natural spot. The lights from a stadium are not good for birds or other animals. You will be ruining a beautiful, quiet, natural area with more cars and lights.... I am totally opposed to this location!

**Comment 26**

My family has lived in DC Ranch since 2005 and we love the project you are proposing. My four daughters are collegiate athletes and we know there is a shortage of fields/gyms for our young student athletes, and fully support projects like this that give them a place to grow, mature and learn life lessons through sport. Living in the area and experiencing parking shortages for golf tournaments, NDP events and West World events makes these multi use fields even more valuable. We look forward to our community developing the proposed land parcels while still preserving parts of the desert, re-planting all cacti and plants and planning for future generations. Great job

**Comment 27**

As a Scottsdale resident (who is funding this project), I have several concerns. The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we ( parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes

after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fileds).

#### **Comment 28**

Looks great! We can definitely use more sports fields. I hope that the use as a parking lot is as limited as possible...the most fields are needed during the winter months (Jan - March) when all sports are in season and it gets dark early.

#### **Comment 29**

I am most concerned about the planned lake and traffic on 91st Street. My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more misquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting . I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

#### **Comment 30**

I welcome development of these lands into sports fields and like that you've made them community friendly. That said, please consider the increase in traffic on 94th Street which is very busy already. As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely. Thank-you.

#### **Comment 31**

I called the hot line and they could not answer my questions, I also emailed Joe, the Project Manager but got his out-of-office. If you can get back to me, asap, I'd appreciate it. Thanks.

1. In one portion of the presentation it says the city has enough land for a minimum of 4 fields at the WestWorld location, in another it states 5. Which is correct?
2. What size is the picnic area?
3. How many full-size picnic tables fit in the picnic area?
4. Will the picnic area include a grill?
5. Does the design include a sidewalk along 94th Street from Bell Road going north?
6. How often will mosquito or other insect and algae prevention activities be done at the lake site?
7. Have any dates been set, even tentatively, for this project to be presented at Parks and Recreation Commission, DRB, Planning Commission and City Council?
8. When will the city know if they will need to use the land east of 94th Street for fields?"

### **Comment 32**

While the West side of the Bond project has been approved by the voters the East plot on 94th and Bell has not. Therefore considering the use of the land East of 94th. would seem illegal. The hard reality is this all about parking for Craig Jackson, Westworld and the Phoenix Open.

I am opposed to any further development on the East side based on the following reasons:

- 1) Our property value will likely drop.
- 2) Noise pollution.-There are plenty of other sports fields in a ½ mile radius. McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?
- 3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?
- 4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.
- 5) The further destruction of habitat for flora and fauna.
- 6) Is building sports fields the best use of money during a national crisis like the pandemic?
- 7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

### **Comment 33**

Love that this is moving forward. Traffic routing and signage will key for lessening impact to neighborhoods, Westworld, and providing a good and safe experience for the users. A left turn lane on Bell will help, but need to see how it can handle hourly traffic during tournaments and while Westworld has outflow. Same w the 91st street entrance. Signage and use of directional traffic could help here a lot.

### **Comment 34**

WEST WORLD FIELDS - It is appropriate to purchase the State Trust Lands. Upgrading the appearance of that area and adding fields/parking is a good move. It is wrong to use City money during a terrible recession to buy private land. The land that is proposed to be purchased will cost millions per acre.

### **Comment 35**

Hello, Thank you for the information. I would like to hear more about the proposal for the land East of 94th St. I did not vote for the East side of 94th St to be developed, so I would like to be able to have a voice in the decision for this area of the project. What is the timeline for this specific area? My home backs up to this open land, so construction would directly impact my family and home. Thank you!

### **Comment 36**

Please construct netting behind each goal area behind fields 1-4, perhaps 25 yards wide and 20 feet high. I recall City of Mesa doing something similar at Red Mountain complex that improved visitor safety and reduced interruptions when fields are in full use (especially by soccer). Wish fields could have

N/S orientation, but would rather achieve more fields for use after dark when orientation matters less anyway. Good presentation and planning. I very much support these plans - great job!

**Comment 37**

I hope that one of the fields be of major league dimensions. The only major league field in Scottsdale available for adults to rent is Cholla Park. I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me.

**Comment 38**

- Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these.
- Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking.
- Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection.
- The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection.
- The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements."

**Comment 39**

I would like my opinion on this matter on the record. My husband and I are vehemently opposed to these fields. They seem to be a huge waste of money during this pandemic and it seems like the funds could be appropriated for a better purpose. There are sports fields less than a mile away near TPC that seem sufficient for neighborhood use. We are furious the plans seem to be moving forward with all of the neighborhood opposition.

**Comment 40**

I am concerned about the mosquitoes that will breed in the lake. Has that been considered and it's health consequences?

**Comment 41**

The fields are needed, but unfortunately when we need lighted fields from Jan- Mar ... they will be unavailable. Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan .. closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't

reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.

#### **Comment 42**

I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street:

1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used.

2). Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe?

3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize.

#### **Comment 43**

Overall, I like the plan. I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods.

Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road.

MCDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

#### **Comment 44**

Hello. To encourage vehicles to use Bell Rd vs. 91st St when exiting the ballfields, can large North/South Loop 101 signs be added near both exits pointing them to Bell Rd? This will help traffic control, support better vehicle capacity and improve neighborhood safety. Thank you.

#### **Comment 45**

The proposed access to the main parking area from 91st street will create an additional traffic burden to DC Ranch residents. Consider reducing this burden to residents by providing access to the main parking area from Bell Road only. I am concerned that a water retention lake at Trailside View and 91st St will bring mosquitoes.

#### **Comment 46**

I think the design is very mindful of preserving desert landscapes space at the perimeters. Thank you for that! Because I live on the southeast corner of the 94th and Bell intersection, I do have one concern that

might need to be addressed. I can foresee a potential for increased foot traffic across the intersection, especially by young people, because of Tom's Thumb Market and 98 degrees at the Ice Den. The speed limit on Bell is 45 mph and currently few people cross that intersection. I think there is a need to examine measures that can make this intersection more pedestrian friendly and safe.

**Comment 47**

I live in the DC Ranch Parks/Manor neighborhood. 91st Street cannot handle the traffic proposed by this project. 94th Street and Bell Road are the logical points of ingress and egress. Traffic accidents are already a big issue at 91st & Trailside with Trailside and Pima being no better. Disappointing that the traffic impact has not even been discussed. It needs to be. Thank you

**Comment 48**

Greetings. I have concerns about the parking lot for the Bell Road Sports Complex. The traffic impact will be significant for my neighborhood, particularly when the complex is used for overflow parking for the Phoenix Open and Barrett Jackson. Using 91st street as an entrance to the complex is not ideal for me and my family. Entering from Bell and keeping traffic away from residential neighborhoods should be considered. Thanks for listening.

**Comment 49**

I generally support the project based on the information provided. I do think there needs to be careful consideration to the stadium lights to ensure they are not adversely impacting the nearby homes. I would like more information on the DC Ranch Community Park. This community park could serve the community well if properly designed with a small lake, walking trails, and perhaps things for young children. There should be consideration of a traffic light at Pima and E Trailside View given the potential for adding congestion at the city's most dangerous intersections.

**Comment 50**

I am on the Arizona Youth Lacrosse board. AYL serves 2,000 boys and girls from the ages of 6 to 14 across the entire state. We have a very difficult time procuring fields during our season of January through April as we are competing with soccer and flag football. Also, Arizona could host national tournaments if we had more fields which would bring more commerce to Scottsdale. Please, please consider adding these 7 fields. The lacrosse kids thank you!

**Comment 51**

Boys and Girls lacrosse in the valley desperately need more space and city partnerships. This would benefit so many in the Scottsdale community in many ways, especially groups such as youth lacrosse. Please move forward with this fabulous project.

**Comment 52**

Hi-This project would fulfill a huge need in the community. Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well.

Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them.

Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event:)

Thank you for your consideration.

What an opportunity for the residents of Scottsdale to promote youth activities outdoors. If we have learned some lessons in 2020, it is that our youth have had so many challenges laid out in front of them and we need to provide opportunities for their growth. This opportunity not only provides opportunities for the youth, but also will much much need business revenues to restaurants, stores and hotels. We welcome this initiative.

**Comment 54**

I am strongly in favor of adding multi-use fields. As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Management Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. I strongly urge you to support adding multi-use fields in Scottsdale

**Comment 55**

Absolutely wonderful plan. The kids and community need more of these venues with access to outdoor activity!

**Comment 56**

I would urge City of Scottsdale to wait on moving forward with this project until annual revenue is assessed. Due to COVID, I suspect the city will face some difficult budgeting decisions and it would be wise to wait until the financial picture is more clear. Foregoing this project for a year or two will not be too costly I suspect, but may solidify the city's financials.

**Comment 57**

I am very excited about the new multi-field development! Our organization utilized SSC throughout the year and the additional fields will help alleviate the field use log-jam!

I would recommend the following:

1. Planned space for food vendors, etc.
2. Play area for siblings of athletes competing.
3. Designated area for golf cart drop-off. We usually rent 4-5 carts per event and have them dropped off the Friday prior to the event.
4. How the fields are set-up will there we enough room for spectators and player bench areas?

5. Recommend having enough restrooms.

I think this development absolutely needed and excited to share my input. I am more than willing to discuss my thoughts with my experience running large scale tournaments at SSC.

**Comment 58**

Can you clarify who will be able to rent the fields. The city's current policy doesn't allow smaller clubs to reserve fields for their use. It currently monopolizes the use by the Phoenix rising and del sol youth clubs. These are huge clubs and by creating this monopoly it is hard for smaller clubs to succeed. Please advise

**Comment 59**

We need more fields in Scottsdale for our youth and adults to exercise and lead healthier lives.

**Comment 60**

This is bullshit. Old tonalea on 68th @ oak has been promising a sports park for years and it's just a fenced off field. And now north Scottsdale gets a \$40mill sports complex. We can't even get the gates open over here. But we have unlimited apartments and condos going on all over down here. A bunch of bs

**Comment 61**

Would like to see baseball fields planned as well. There is no complex to hold for tournaments, etc in Scottsdale. All of them are now played in Peoria, Phoenix, Chandler.

**Comment 62**

A real need for the youth of the State.

**Comment 63**

I fully support the added fields, we desperately need more field space for youth soccer. I am with Phx Rising FC youth soccer

**Comment 64**

Much needed for Phoenix Rising Youth Soccer club! Will be a great asset to the Scottsdale soccer community.

The pandemic shut downs have created a resurgence in the popularity of roller skating, evidenced by 3-4 month backlogs of skate orders and an explosion of new members in roller skating forums around the Valley. The majority of these new skaters are women and girls seeking to improve their fitness, boost mental health, and challenge themselves to learn a new sport. There is also a large and diverse group of women in the roller derby and in-line hockey communities, many of them living and working in Scottsdale. The City of Scottsdale has a unique and profound opportunity to build the area's first dedicated outdoor skating rink. Access to a safe place to skate is a barrier for many women; trails, parking lots, and deserted parks can be dangerous and expose women skaters to sexual harassment, muggings, cars, and injuries from debris on the skating surface. A skating pad would alleviate all these

concerns and encourage physical activity for thousands of women across the city and Valley and reduce wear and tear on basketball and tennis courts currently being used for skating with the absence of any dedicated skating surfaces. Strong women create strong communities - please don't ignore this opportunity to provide a safe place for women-focused sports. We want a skating rink!!!

I play roller derby with a great group of women who very much miss skating due to covid-19. Due to covid we have been forced to just stop what we love doing and it is out of our control so many of us it has effected mentally and physically. I think I speak for my whole league when I say this is a wonderful opportunity to put our skates back on and be the strong, tough women we learned to be through derby. Thank you so much for your consideration!

**Comment 75**

I would truly like to see an outdoor skating rink added to support the local roller derby and skating community. Skating is such a popular hobby and form of exercise and there is not a single space dedicated to it outdoors in the Valley. This would be a huge impact and would see tons of traffic from local leagues like Desert Dolls Roller Derby League.

**Comment 76**

I would like to request a skating rink please. Roller skating and roller blading are very popular and this would be a great location to incorporate something different. At the current time me and my many friends and league skaters skate at different basketball courts in the valley and do not have an outdoor rink to skate. There are many skate parks but no rink track where we can practice and skate laps. This would be a huge benefit to the hundreds of skaters who speed skate, roller blade, and roller derby for fun and fitness! If you have any questions or feedback please feel free to reach out by phone or email. Thank you for your consideration.

Greetings: The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.

I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.

While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.

Please consider this opportunity.

The DC Ranch Community Council is a governing entity that represents 7,000 Scottsdale residents living in DC Ranch. Thank you for the opportunity to provide input on the Bell Road Sports Complex and for the time and work that has gone into the project and its design to date.

As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.

Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element

as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.

Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91St. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.

Lighting: Using the newest fully shielded field lighting will minimize “spillage” and is appreciated.

Placement of the light poles should be as far as possible from the neighbors.

Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.

Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.

Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Picnic area: In prior discussions on parks near DC Ranch, residents expressed their desire for a picnic ramada to seat approximately 30 people, and that it be reservable. We suggest adding this amenity to the field site.

Fencing - Clarify the use of any fencing that will be part of the project and what areas that fencing will restrict.

Lake in DC Ranch Neighborhood Park: The community needs more information about the lake. Please provide renderings and, if possible, comparison to existing DC Ranch lakes in Country Club and Silverleaf; how will the City manage/maintain the lake; and how the lake will fit into any future design of a park in this location.

Land East of 94th Street and Bell: While this project phase is on the City’s land west of 94th Street, it is important to reiterate the Community Council’s opposition to the City placing any future fields on the east side of 94th Street. The City did not identify the east side in the 2019 Bond Package. A change of location after the vote is a breach of public trust by the City.

To the City of Scottsdale,

Thank you for sending the flyer making the public aware of the planned Bell Road Sports Complex.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, “if they can be used.”

Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs.

2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the

fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long-term joint damage that occurs.

2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were “destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use.”

2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruing the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored.

2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave.

2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would ware out the grass.

2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters.

2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.

Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small).

You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.

Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like the other parks and Sports Complexes around town.

Thanks.

The virtual meeting for this project was very helpful! I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc.

There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place.

It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

#### **Comment 92**

I have a host of concerns, designating 91st Street as the North Entrance and Exit for the Bell Road Sports Complex parking lot.

I wonder how high traffic will be regulated, especially during the 4 weeks of mega events including Barrett Jackson and the Phoenix Open. What traffic control measures will be employed? How will 94th Street and Thompson Peak Parkway be involved as northern thoroughfares designed for high traffic? What type of safety crosswalks will be made available at the intersection of E. Trailside View and 91 Street? Many families and children use this crossing.

How will the dangerous intersection of Pima road and E. Trailside View road be resolved? There have been very serious accidents as people use this shortcut to get off 91st Street.

I am also worried about the DC Ranch Community Park Lake. What will the city do to prevent drownings?

How can I be included in discussions with the City, assuring that these serious concerns are being effectively dealt with?

Thank you,

I appreciate the presentation. My home backs to 94th Street and is the southernmost and most impacted home in the Desert Haciendas subdivision. One very significant concern that was not mentioned in the presentation, but that city representatives discussed at the lighting demonstration that I attended, was the possible use of the property east of 94th Street if the City cannot secure additional property from private landowners (and it was indicated that discussions were not going well). That would be right in my backyard. I am open to discussion, but aside from the above, I have the following concerns based on what I heard and the lighting demonstration:

1. Lighting – they mentioned 70 feet high, which was higher than what was demonstrated. Although the technology made it less bright outside of the field boundary, it was still very bright. Further only one light was demonstrated, and unless I heard wrong, there would be 6 per pole and multiple poles per field. That is a serious concern.
2. Traffic – although the traffic flow looks to be designed to mitigate additional traffic on 94th Street, I do believe the City should further research its ability to re-direct traffic from using 94th south of Legacy to get to either entrance of the facility.
3. Access – we are strongly opposed to any access off 94th Street. Traffic is extreme in the morning when Notre Dame goes to school and would not want to see that situation duplicated. This is particularly concerning if there is a change and the city uses the east side of 94th Street as an additional park.

4. Noise – the online presentation indicated that most events would be held at night due to the heat. We hear noise periodically from Westworld, and periodic noise is acceptable, but to hear that so much closer to our home and with the frequency that I see games at the current facility (at Bell and Greenway Hayden Loop), would be unacceptable.

5. Reclaimed Water Lake – while it sounds like an amenity, in my experience water features attract mosquitoes that carry West Nile Virus (an unknown what else), and may attract other wildlife, which we would rather not see draw in to or through our neighborhoods.

6. Value and “Live-ability” - I am concerned about my long term property value, but more important, I plan to be a long term resident and have enjoyed my home for 15+ years and do not want that to stop.

Although there are other items I may not have thought of, the above summarizes the most significant items. It is very important to me that I be part of the process. I am happy to discuss any of the above further.

COMMENTS REGARDING MULT-USE SPORTS FACILITY AND PARKING AT BELL ROAD AND 94TH ST.

1. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. 94th Street is the sole access to housing on each side of the road with two school bus stops that require children to cross the road to board and depart buses. We are concerned about the safety of school children during the four weeks each year that proposed parking facilities are in use by drivers visiting from all over the country. What does Scottsdale City Council propose for the safety of these children with potentially inebriated drivers departing events?

2. We question if a multi use sports facility is the best use of taxpayer money considering the current pandemic and the unknown new-normal post-pandemic.

3. Attendees departing Phoenix Open have been observed publicly urinating and vomiting. The proposed parking is adjacent to high-end homes in DC Ranch’s Desert Haciendas and an apartment complex. How does the Scottsdale City Council propose to control this public nuisance and illegal activity?

4. Multi use sports facilities already exist in the area within a short walking distance, for example McDowell Mountain, Copper Ridge Schools, Scottsdale/N Hayden Road. We do not think that yet another multi use sports facility is needed.

5. What alternate facilities or development would be considered for the Bell Road/94th St land should multi-use sports fields and parking not be constructed?

Having reviewed the presentation we have significant concerns of the increased traffic from the sports facility and the extension of 91st Street as an access road to the facility in conjunction with the new hotel slated to be built with an access off Trailside, which intersects with 91st Street. Has a comprehensive traffic study been performed with this in mind? If so, is the report available to the public? If not, then we strongly suggest one be done and made available.

#### **Comment 101**

1. The 90 lot parking on 94th St. is unnecessary. With 500 spots for 6 fields this allows 83 spots for each field. Having children that have used these types of fields the 500 spots is adequate. Having a parking lot on 94th Street is a danger to the residents of Desert Hacienda's and the apartments at Desert Parks Vista. 94th Street is the only access for the residents of Desert Hacienda's. With a parking lot located so close people will wind up parking up and down 94th Street. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. With so many children living in DC Ranch this is not safe.

2. The event parking is worrisome as the school buses drop off on 94th and Sonoran Sunset Pass (Palo Brea) and children cross 94th Street. These events produce drunk and noisy spectators that will not respect the neighborhood of DC Ranch.

3. There is rumor that there will be mirrored sports fields on the east side of 94th Street. This has not been voted by citizens and is illegal to do so.

#### **Comment 102**

I am against putting a sports-complex and parking at the corner of Bell and 94th for a variety of reasons including but not limited to a depreciation in our home value, congestion, safety and more.

I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to

the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.

Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.

We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.

I proudly support the addition of lighted sports fields at the Bell Road location.

Good Day,

The Deed restrictions do not allow a water treatment facility at the DC Ranch Community Park.

The DC Ranch Community Park, parcel #217-12-005, has a Special Warranty Deed #031115148 dated June 26th, 2003 (attached) where DC Ranch, LLC conveyed approx. 14.6527 acres of land to The City of Scottsdale. The Deed and its restrictions were accepted by the City of Scottsdale to uphold the agreement in its "meaning and spirit" aligning with Vernon Swaback's design, vision, and continuity of community parks in DC Ranch.

The Deed states the following restrictions and conditions that the City of Scottsdale Agreed to honor.

1. Easements and Covenants shall RUN WITH THE LAND and shall be an encumbrance of the land and all future owners in PERPETUALLY.
2. Every portion of the land if developed must be a Park open to the public. No portion of the land can be used for anything but a public park only for public use.
3. DC Ranch and the City hereby agree and declare that the Park Property shall be held, conveyed and transferred subject to the following covenants, conditions and restrictions, which are hereby imposed against the Park Property as a part of a general plan of development that is "designed to protect and enhance the value and desirability of the Entire DC Ranch development (collectively, the "Covenants").
4. The City shall not use the Park Property for any purpose other than a public park, including related improvements all in accordance with the DC Ranch Parcel 1.4 Master Site Plan approved by the Scottsdale City Council on June 17, 2003.
5. Construction of the Park Improvements shall be at the sole expense of the city.

The proposed access from 91st via Paleo Brea and Trailside View to the 600 parking spaces are not a safe and viable option for the DC Ranch neighborhoods of The Estates, Park and Manor, and our two apartment complexes versus the City of Scottsdale completing 91st Street to Bell Road.

If anyone at the City would like a copy of the Deed restrictions please contact Jenna Kohl, DC Ranch Community Council Executive Director, Darren Shaw, DC Ranch Association Executive Director, and/or Bud Kerns, President DC Ranch Community Council. Please reach out to them at your earliest convenience.

Dear Sir/Madam:

My main concerns about the project are:

1) Why are the events going to be held at night? There would be a lot of noise for the neighborhood.

There should be a limit as to the frequencies and hours of noise producing events.

2) Traffic through 91st Street and Northern edge of the field from West to East and from East to West should be blocked. 91st street is a small road and residents of DC Ranch would need to get to their house. The road linking 91st and 94th Street from E to W does not have a name and it should be limited to DC Ranch residents and not the public. The public should use only Bell Road to enter and leave the fields.

Thanks

**Comment 107**

Sports events should be held only during the day time and there should not be night events to limit the noise to existing DC Ranch residents. Thanks.

**Comment 108**

As a resident of DC Ranch and the operator of our local flag football leagues I am extremely excited about the project. All of our neighbors with kids agree that it will be a great addition to the neighborhood.

Please make accommodations for our local football, soccer and lacrosse leagues. It seems as though the SSC is held for tournaments organized by outside organizations bringing in outside teams while our kids are often playing flat field sports on baseball fields. It would be great for our Scottsdale football, soccer and lacrosse players to play on proper fields in their community.

Thank you!

**Comment 109**

Hooray for parks!

A series of sports fields is the most desirable option for the field adjoining WestWorld. Soccer and hockey fields are attractive. They offer something for everyone. Tournaments bring in new faces and free entertainment. This land is across the street from where I live. I am aware that all kinds of pollution will increase--light, noise, and traffic. But it is worth it for a park. And pollution would increase no matter what kind of development were to go in. If the city is determined to develop the land, then I say put in parks. Put in soccer fields now rather than wait for a future commercial proposal. Parks rather than a car parts store. Parks rather a storage facility.

I do feel sorry for the 3 or 4 coyote families that live in dens in that field. They have nowhere else to go. Preserve hunting grounds are staked out by alpha coyotes. These are the underdogs who live on marginal land. They are a welcome sight every spring when they bring their pups across the road in search of rabbits. They bring a smile when they yip and howl at night. They are the last wild thing about north Scottsdale. Missing them is not really a critique of the parks plan, just development in general."

**Comment 110**

This is the second time I am responding. The traffic on 91 st street will be a big problem for residents of Park and Manor Homes and The Estates homes. During the golf and car show events the traffic will make it difficult for these residents from getting in and out of their areas. When the Victorium has an event now cars park on both sides of 91 st street blocking residents and trashing the area. Trailside View and Pima is a very dangerous intersection and there are no stop lights. This access point has had numerous serious accidents have happened here. Giving access to the parking from 91 st is a poor idea and should not happen. If access to the parking lot is allowed from 91st Street and Bell road then then people will use it as a shortcut increasing daily traffic and congestion to residents.

**Comment 111**

Before this project gets started, Bell Road needs to open up to 91st Street. Placing this amount of traffic on Palo Brea and 91st Street is too much for these roads. There is a troublesome intersection at Trailside and Pima / 91st street that already has issues and serious accidents. Additionally DC Ranch residents will be unhappy unless 91st street can open up to Bell to allow for traffic relief. We have been asking for this many times to no avail because they said there wasn't a real reason to open it up. Now there is a reason to do so. Large event parking etc.. moving through these small streets and intersections alongside entry points to gated communities without sufficient ability to handle the traffic is a recipe for disaster.

**Comment 112**

Dear colleagues, this comment format doesn't allow attachments or insertions., so I will sent my comments via email in the morning. Thanks.

Over the years, numerous neighbors have attended DC Ranch meetings and have reached out to the City of Scottsdale about traffic and safety on 94th Street. The city's response to speeding cars and heavy traffic? A sign that flashes your speed when you drive by.

We moved into the Dessert Haciendas neighborhood in 2008. My first concern about the safety on 94TH Street started the day after we moved here. I walked our children to the bus stop and was shocked to see parents stand in the street as the school bus flashed its lights and stopped. My daughter was in kindergarten and attended Copper Ridge until 8th grade. Over the years it's impossible to count the number of times cars sped past the bus with its flashing lights. It's very sad to say, but it's a miracle no students have been hit by a car along 94th Street. I don't think this would be the case, if the parents were not there helping children safely cross every single day.

I've seen many car accidents on 94th Street, speeding cars jump the curbs, dog walkers sprint from cars that didn't see them, and bikers get hit on 94th Street. This summer one of my own neighbors was hit

while riding her bike on Palo Brea, just yards from 94th Street. Two surgeries later, and countless hours in rehab it appears she's going to be OK.

Do you realize that 94th Street is the ONLY outlet for 5 large DC Ranch neighborhoods? The Terraces East, Sera Brisa, Desert Haciendas, The Villas (townhomes) and The Terraces West. Plus the large apartment complex also has an entrance & exit on 94th Street.

At certain times it's almost impossible to exit our neighborhood. We have four schools in our community, all with different starting/ending times and numerous school activities. Over the years, neighbors have had more discussions about the traffic on 94th Street than any other topic in our neighborhood. When our children started driving, our biggest fear was that they would get hit by a car trying to drive out of our neighborhood.

It's impossible to get an idea of the traffic volume on 94th street since February when COVID began. In fact, this spring our neighbors all talked about how wonderfully quiet 94th Street was. I have seen more accidents on 94th Street & Bell than any other intersection in my life. We already have a traffic safety issue, and you think it's wise to add more traffic?

It is very apparent that no one at The City has ever spent any time observing 94th Street. You're probably not aware that the high school cross country teams run up 94th Street? And in the spring the long distance track runners. Every Saturday & Sunday mornings bicycle teams ride along 94th Street. People move to DC Ranch to be active in our community. There are ALWAYS young kids riding bikes, dog walkers, and baby strollers.

Are you aware of all the activities that currently take place in our community? These events all take place within a half mile of each other. A typical weekend in DC Ranch includes a hockey tournament at the Ice Den, just down Bell Street, Notre Dame Prep has football, la crosse, soccer, track, cross country, or baseball games year round, Victorium has volleyball tournaments, The Village has swim meets, the fields at Copper Ridge host Prime Time flag football games, la crosse, soccer, and baseball games. Soon Scottsdale Prep's new field will also add traffic when it hosts football, soccer, la crosse, and track meets. In addition to the games and tournaments, practices occur at these locations everyday. Plus add all the events at West World; horse shows, trunk shows, and the Barrett Jackson. Let's not forget about Biker week in April. Always love to hear the motorcycles zooming down 94th Street! Of course, the TPC transforms this community with all the extra traffic, buses, and people walking down 94th Street & Bell. And you think this community can safely accommodate more activities?

I haven't even discussed the parking issues we experience in our community. When Victorium opened, it was a nightmare. Cars parking illegally everywhere! Along Palo Brea, 91st Street, and many cars following residents into The Estates private gate and parked on their streets. It was a mess!

Both of our children attended Notre Dame Preparatory and we don't wish to relive all the issues with field lights. We know very well from the neighborhoods across the street from the high school about field lighting, Our high school had a beautiful new field and couldn't play because of the field lights. Field lights near homes don't work! Period.

There are many wonderful uses for the land on 94th Street & Bell. Sporting activities is not one of them.

To whom it may concern,

As a resident of Desert Haciendas at DC Ranch I am writing to express my complete opposition to the proposed sports fields.

Change of a bond project location after the vote is a breach of public trust

If the east 40 acres was included as a location in information shared with the public before the vote, many would not have supported Bond Question 1.

The community outreach done prior to the bond vote loses its integrity if City Council does not uphold what was presented.

**Comment 115**

Hello,

This message is to express my extreme dismay in the plan that the city has approved funds to begin the Multi-Use Sports Fields bond project and has indicated that in addition to the city-owned west 40 acres at 94th and Bell Road there is the potential that they will put fields on the east 40 acres. The DC Ranch Community Council and residents has been clear with the city that this is unacceptable. I am a current resident in the neighborhood of Desert Haciendas which sits directly next to this proposed 40 acres and I do not approve of this nor would I have voted for it if given the opportunity.

# PROJECT UPDATE

## You're Invited to Participate in a Virtual Public Meeting on the Bell Road Sports Complex August 10 - 31

You are invited to participate in a virtual public meeting on the Bell Road Sports Complex which will be located on Bell Road just west of 94th Street. The facility will include six full-sized multi-use sports fields, parking, lights, restrooms, a plaza, a walking path and maintenance facility.

The Bell Road Sports Complex is one portion of project #53 Build Multiuse Sports Fields in the area of Bell Road which was approved by voters in the 2019 Bond Election.

To participate visit the project website [www.ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields](http://www.ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields) by August 31. Click on the "Virtual Public Meeting" link, watch and listen to the presentation then submit your comments to let us know what you think. Your comments will be used by the project team as they develop proposed plans for the facility.

If you would like to learn more about how the fields will be lit, a lighting demonstration will take place at 8:30 p.m. on Wed., Aug. 19 at the Scottsdale Sports Complex on field number 5. The demonstration will be held outdoors, but we ask that all participants wear a mask and practice social distancing by remaining at least six feet apart from all participants. Please sit or stand around the perimeter of the field.

Design work will take the remainder of the year and there will be additional opportunities for public input as the project progresses. The tentative project schedule calls for construction to begin in early 2021 and for the facility to open in early 2022.

Native plant salvage will take place in August and September of 2020. Over the next few months, you will see several tagged plants and boxed trees on site that will later be used on the project.

There are a number of frequently asked questions and answers on the project website, but if you can't find the answer you are looking for please call the project hotline. We look forward to hearing from you on the initial plans for the Bell Road Sports Complex.

## Join Virtual Public Meeting on Bell Road Sports Complex and DC Ranch Neighborhood Park Lake October 14 – 30

You are invited to participate in a virtual public meeting on the Bell Road Sports Complex and DC Ranch Neighborhood Park Lake. These projects are a portion of project #53 Build Multiuse Sports Fields in the area of Bell Road which was approved by voters in the 2019 Bond Election.

To participate visit the project website [ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields](http://ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields) by October 30. Click on the “Virtual Public Meeting” link, watch and listen to the presentation then submit your comments to let us know what you think. Your comments will be used by the project team as they continue to develop plans and the projects move through the public hearing process.

Both projects are seeking a Municipal Use Master Site Plan and will go through a number of public hearings between now and the end of the year including the Parks and Recreation Commission, Design Review Board, Planning Commission and City Council, and you are invited to participate in that process.

Bell Road Sports Complex will be located on the northwest corner of Bell Road and 94<sup>th</sup> Street and will include six full-sized multi-use sports fields, parking, lights, restrooms, a plaza, a walking path and maintenance facility. DC Ranch Neighborhood Park will be located at 91<sup>st</sup> Street and Trailside View. The lake will be used to irrigate the soccer fields and be the first in a series of phased improvements to the park. Future phases will be done in conjunction with the DC Ranch Community Association and there will be additional opportunities for public outreach.

Native plant salvage is currently taking place on the Bell Road Sports Complex site. Design work will take the remainder of the year on both projects. The tentative project schedule calls for construction to begin in early 2021 and for Bell Road Sports Complex to open in early 2022.

For more information, there are a number of frequently asked questions and answers on the project website, but if you can't find the answer you are looking for please call the project hotline at 480-312-4444. We look forward to your participation in the development of these two community projects.

Per the attached I have been communicating with staff regarding the proposed lake conflict with the previously approved drainage mitigation plan using DC Ranch Park. There is serious flooding potential at the Bell Road/101 intersection due to the Bell culverts deficiency (1,000 cfs capacity vs 1,700 cfs flow). Stormwater staff approved a master drainage plan in 2008, and reaffirmed as recently as December 2017, to mitigate the deficiency by developing the park as dual use - park amenities in a shallow detention basin which has been done and supported elsewhere in the city. In developing the lake plan there was no consideration of the detention plan.

The cost of constructing the reclaimed water lines/lake along with the ongoing maintenance of the both has not been publicly discussed/evaluated and likely outweighs the benefit while also complicating the completion of the ballfields before the January 2022 Barrett-Jackson auction. There is currently a 24" water main in Bell Road and a 12" water main in 94th Street that's available - right now - for the ballfields.

The use of reclaimed water is a good concept but not when applied to this project.

There are just too many negatives - no public disclosure of the lake plan until after the bond election, no overall plan to integrate ultimate DC Ranch Park improvements, no buy-in by the adjacent DC Ranch residents and HOA, no integration of the approved drainage mitigation plan for the Bell/101 culvert deficiency, no cost/benefit evaluation, and no absolute need as there are already trunk water lines in both Bell Road and 94th Street.

If the lake concept is still pursued, it should be located on the Bell property - not in an unsecured off-site location in someone else's backyard - or in this case - park. The lake might be locatable in the northeast corner of the property or elsewhere on the 40-acre Bell park site.

As an aside, there is a 140' (?) wide transmission corridor easement on ASLD property abutting the Bell property which if acquired could accommodate 500+/- unimproved event parking spaces for the Barrett-Jackson auction and other events.

Hope this helps. ML

Subject: **DC Ranch Park – shared stormwater detention basin**

Colleagues, I hope that you view my following comments as nothing more than an opportunity to solve a significant drainage problem to the City's benefit and not an attempt to obfuscate the plans for constructing post-haste the Bell Road Sports Complex. I understand the City's objective to have the fields ready for parking the January 2022 Barrett-Jackson auction. However, I am concerned that the rush might overlook the opportunity to accomplish significantly more than just the proposed lake in DC Ranch Park.

As background I was the development coordinator for the Hampton Group which acquired the adjoining 125-acre ASLD lease back in 2007 (and defaulted in 2009). As part of the EPICENTER infrastructure master planning by the engineering firm of Coe & Van Loo, it was discovered that the existing 100-year flow through the culverts at the northeast corner of Bell Road and the Pima Freeway far exceeded its capacity. The culvert has a 100-year capacity between 900 and 1,000 cfs but incoming flows between 1,400 and 1,700 cfs. In essence during a 100-year event the intersection and the up and downstream properties will be flooded and the City might be liable for damages as a result of not having rectified the problem that they have been aware of since 2008.

The use of the DC Ranch Park site to mitigate the significant overage was first approved with the Epicenter Master Drainage Plan in 2008. A highlighted abstract of the Executive Report is below:

### 2.0 SCOTTSDALE EPICENTER UPSTREAM DRAINAGE BACKGROUND

In order to gain understanding of the upstream watershed for the site, CVL referred to the drainage reports for DC Ranch (Reference 1) and the Preliminary Drainage Design Report for the Pima Road Realignment Project (Reference 2). According to these reports, the 100-year off-site flows of 491 cfs (CP-C1B), 993 cfs (CP-CC2E), and 251 cfs (CP1MA3) are directed through the site toward a four-barrel, 10-foot by 3-foot box culvert located at Bell Road immediately east of the Loop 101 frontage road. In addition, 300 cfs (CP-API1) from the site itself is directed to the same culvert under the existing non-developed site conditions. Refer to Plate 1 for the location of the HEC-1 concentration points.

In order to calculate the existing 100-year 6-hour flow upstream of the above mentioned box culvert, CVL combined the DC Ranch contributing drainage area, the Pima Road contributing drainage area, and the site's existing condition contributing drainage area in a HEC-1 model and included it within the approved Master Drainage Report for Scottsdale Epicenter (Reference 3). The box culverts, as well as the downstream channel and two additional culvert crossings south of Epicenter, were designed to carry a 100-year flow of 1,035 cfs (References 4 & 5). The 100-year 6-hour flow in the existing condition box culverts is 1,719 cfs (Reference 3). This flow exceeds the capacity of the culvert as well as the channel and three other downstream culverts, causing a potential flood hazard for Scottsdale Epicenter, Bell Road, and properties downstream of Bell Road.

In order to eliminate the flood hazard described above, the City of Scottsdale has agreed to use the future DC Ranch Park (hereafter referred to as the "City of Scottsdale Park"), located at the southwest corner of the intersection of 91<sup>st</sup> Street and Trailside View Drive, as a detention basin to attenuate the upstream peak flows. Initially, 55 acre-feet of volume was proposed to be detained in this park to reduce the proposed condition 100-year peak flow at the upstream end of the Bell Road culverts to less than 1,035 cfs (Reference 3).

Below is a graphic from Coe & Van Loo illustrating the use of the park as a detention basin to mitigate the existing 100-year flooding (comments in black are mine):

In December 2017 I represented another group wanting to purchase the same ASLD property and had a formal pre-application meeting with City department staff. The use of DC Ranch Park for a drainage basin was reconfirmed by Stormwater’s Ashley Couch. If the upstream flow isn’t mitigated, the existing 1,400 to 1,700 flow will simply be conveyed through the ASLD property to the undersized Bell Road culverts with the City continuing to have the flooding problem to solve or not to solve.

The latest timeline from ASLD is that the north and south half of the 125-acres will be auctioned the first and second quarter of 2021. For a second time I am the development coordinator for the applicant on the south parcel and part of our the diligence is to confirm again that the DC Ranch Park is available for detention as previously approved.

The point of my letter is to make decision-makers aware that the plan below to construct a first phase lake does not address how the lake and other park improvements work with the long-planned and needed detention basin.

If the park is developed without consideration of the detention basin, the lake/waterlines/site improvements may need to be relocated or reconstructed which would be unnecessary, avoidable and costly. Detention basins for park facilities have been a common and successful dual-use throughout the City. In this case, there might also be another opportunity for a nominal amount of event parking for the January events.

**There may be a similar opportunity for dual-use of the Bell Road Fields to absorb some of the flow from the existing wash on the east side thereby reducing the flows into Westworld.**

In summary there are multiple benefits to be considered. The City still gets its lake for the Bell Sports Complex. The City eliminates the existing flooding hazard and liability at the Bell/101 culverts. DC Ranch gets greater and earlier park improvements. The January seasonal parking might get to use some portion of the 14-acre park site. All of these benefits could be achieved less expensively if coordinated and not disjointed.

So thens my thoughts. I'm copying quite a few folks so that everyone has the same information. Hope this helps. ML

Canyon View Rd.	jason.kadavy@gmail.com	480-277-7534	The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the nearby created exit on Bell with 500 cars. Why is the plan to only extended 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?
2	426183	8/10/2020 6:08:46 PM	Valentin Dinu	9249 E Western Saddle Way	vndinu@gmail.com	4807603805	I would like to thank Ms. Welsh and Mr. Barker for the presentation.  A few comments/suggestions:  1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.  2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.  Thank you!

MCCAGUE	9227 E VIA DE VAQUERO DR	lesleym1110@hotmail.com		Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?

Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via. Trailside View is dangerous. I don't know the solution, I'm just asking the question.  2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question.  3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association.  4. The exhibit "Bell Road Sports Complex Concept Plan" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell.

Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

27	426394	8/14/2020 1:07:25 PM	Bill Barba	17823 N. 95th St.	wbarba@gmail.com	480-330-8960	As a Scottsdale resident (who is funding this project), I have several concerns. The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we (parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fields).

My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more mosquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting. I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

That said, please consider the increase in traffic on 94th Street which is very busy already. As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely.  Thank-you,  GREGORY STEGER

Ironwood Bend	rick@personnelsols.com	480-650-1673	While the West side of the Bond project has been approved by the voters the East plot on 94th and Bell has not. Therefore considering the use of the land East of 94th. would seem illegal.  The hard reality is this all about parking for Craig Jackson, Westworld and the Phoenix Open.  I am opposed to any further development on the East side based on the following reasons: 1) Our property value will likely drop.  2) Noise pollution.-There are plenty of other sports fields in a ½ mile radius. McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?  3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?  4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.  5) The further destruction of habitat for flora and fauna.  6) Is building sports fields the best use of money during a national crisis like the pandemic?  7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

The only major league field in Scottsdale available for adults to rent is Cholla Park. I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me at 4805775249 - Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these.  - Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking.  - Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection.  - The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection.  - The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements.

Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan...closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.

South Bend Dr.	sdebiase@gmail.com	6023773760	I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street: 1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used.  2). Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe?  3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize.  Best, Katie Cardwell

I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods. Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road. McDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

To encourage vehicles to use Bell Rd vs. 91st St when exiting the ballfields, can large North/South Loop 101 signs be added near both exits pointing them to Bell Rd? This will help traffic control, support better vehicle capacity and improve neighborhood safety. Thank you.

Thank you for that! Because I live on the southeast corner of the 94th and Bell intersection, I do have one concern that might need to be addressed. I can foresee a potential for increased foot traffic across the intersection, especially by young people, because of Tom's Thumb Market and 98 degrees at the Ice Den. The speed limit on Bell is 45 mph and currently few people cross that intersection. I think there is a need to examine measures that can make this intersection more pedestrian friendly and safe.

I do think there needs to be careful consideration to the stadium lights to ensure they are not adversely impacting the nearby homes. I would like more information on the DC Ranch Community Park. This community park could serve the community well if properly designed with a small lake, walking trails, and perhaps things for young children. There should be consideration of a traffic light at Pima and E Trailside View given the potential for adding congestion at the city's most dangerous intersections.

Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well. Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them. Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event.)  Thank you for your consideration. Benjamin Jones

If we have learned some lessons in 2020, it is that our youth have had so many challenges laid out in front of them and we need to provide opportunities for their growth.  This opportunity not only provides opportunities for the youth, but also will much much need business revenues to restaurants, stores and hotels.

As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Managment Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. I strongly urge you to support adding multi-use fields in Scottsdale

I would urge City of Scottsdale to wait on moving forward with this project until annual revenue is assessed. Due to COVID, I suspect the city will face some difficult budgeting decisions and it would be wise to wait until the financial picture is more clear. Foregoing this project for a year or two will not be too costly I suspect, but may solidify the city's financials.

Play area for siblings of athletes competing. 3. Designated area for golf cart drop-off. We usually rent 4-5 carts per event and have them dropped off the Friday prior to the event. 4. How the fields are set-up will there be enough room for spectators and player bench areas? 5. Recommend having enough restrooms. 86	427173	8/27/2020 7:56:00 PM	Kaysi Hart	2513 E Jerome Ave Mesa AZ 85204			Greetings:  The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.  I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.  While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.  Please consider this opportunity.

As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.  Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.  Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91st. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.  Lighting: Using the newest fully shielded field lighting will minimize "spillage" and is appreciated. Placement of the light poles should be as far as possible from the neighbors.  Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.  Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.  Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, "if they can be used." Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs. 2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long term joint damage that occurs. 2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were "destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use." 2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruing the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored. 2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave. 2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would ware out the grass. 2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters. 2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.  Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small). You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.
91	427213	8/28/2020 12:49:31 PM	Natalie Ingram	9290 E. Thompson Peak Pkwy			Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like The virtual meeting for this project was very helpful! I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc. There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place. It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

Canyon View Rd.	jason.kadavy@gmail.com	480-277-7534	The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the nearby created exit on Bell with 500 cars. Why is the plan to only extended 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?
2	426183	8/10/2020 6:08:46 PM	Valentin Dinu	9249 E Western Saddle Way	vndinu@gmail.com	4807603805	I would like to thank Ms. Welsh and Mr. Barker for the presentation.  A few comments/suggestions:  1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.  2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.  Thank you!

MCCAGUE	9227 E VIA DE VAQUERO DR	lesleym1110@hotmail.com		Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?

Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via. Trailside View is dangerous. I don't know the solution, I'm just asking the question.  2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question.  3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association.  4. The exhibit "Bell Road Sports Complex Concept Plan" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell.

Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we (parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fields).

My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more mosquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting. I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely.  Thank-you,  GREGORY STEGER

McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?  3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?  4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.  5) The further destruction of habitat for flora and fauna.  6) Is building sports fields the best use of money during a national crisis like the pandemic?  7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

Traffic routing and signage will key for lessening impact to neighborhoods, Westworld, and providing a good and safe experience for the users. A left turn lane on Bell will help, but need to see how it can handle hourly traffic during tournaments and while Westworld has outflow. Same w the 91st street entrance. Signage and use of directional traffic could help here a lot.

I recall City of Mesa doing something similar at Red Mountain complex that improved visitor safety and reduced interruptions when fields are in full use (especially by soccer). Wish fields could have N/S orientation, but would rather achieve more fields for use after dark when orientation matters less anyway. Good presentation and planning. I very much support these plans - great job!

The only major league field in Scottsdale available for adults to rent is Cholla Park. I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me at 4805775249 - Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these.  - Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking.  - Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection.  - The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection.  - The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements.

Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan...closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.
41	426553	8/19/2020 11:15:23 AM	Steven DeBiase	10090 E. South Bend Dr.	sdebiase@gmail.com	6023773760	I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street: 1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used.  2). Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe?  3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize.  Best, Katie Cardwell

I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods. Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road. McDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

Thank you for that! Because I live on the southeast corner of the 94th and Bell intersection, I do have one concern that might need to be addressed. I can foresee a potential for increased foot traffic across the intersection, especially by young people, because of Tom's Thumb Market and 98 degrees at the Ice Den. The speed limit on Bell is 45 mph and currently few people cross that intersection. I think there is a need to examine measures that can make this intersection more pedestrian friendly and safe.

Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well. Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them. Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event.)  Thank you for your consideration. Benjamin Jones

As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Managment Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. I strongly urge you to support adding multi-use fields in Scottsdale

The majority of these new skaters are women and girls seeking to improve their fitness, boost mental health, and challenge themselves to learn a new sport. There is also a large and diverse group of women in the roller derby and in-line hockey communities, many of them living and working in Scottsdale. The City of Scottsdale has a unique and profound opportunity to build the area's first dedicated outdoor skating rink. Access to a safe place to skate is a barrier for many women; trails, parking lots, and deserted parks can be dangerous and expose women skaters to sexual harassment, muggings, cars, and injuries from debris on the skating surface. A skating pad would alleviate all these concerns and encourage physical activity for thousands of women across the city and Valley and reduce wear and tear on basketball and tennis courts currently being used for skating with the absence of any dedicated skating surfaces. 86	427173	8/27/2020 7:56:00 PM	Kaysi Hart	2513 E Jerome Ave Mesa AZ 85204			Greetings:  The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.  I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.  While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.  Please consider this opportunity.

Pima Road, Suite 180	christine.irish@dcranchinc.com	480-710-9584	input on the Bell Road Sports Complex and for the time and work that has gone into the project and its design to date.  As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.  Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.  Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91st. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.  Lighting: Using the newest fully shielded field lighting will minimize "spillage" and is appreciated. Placement of the light poles should be as far as possible from the neighbors.  Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.  Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.  Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, "if they can be used." Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs. 2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long term joint damage that occurs. 2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were "destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use." 2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruing the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored. 2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave. 2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would ware out the grass. 2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters. 2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.  Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small). You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.
91	427213	8/28/2020 12:49:31 PM	Natalie Ingram	9290 E. Thompson Peak Pkwy			Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like The virtual meeting for this project was very helpful! I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc. There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place. It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

							<p>I have a host of concerns, designating 91st Street as the North Entrance and Exit for the Bell Road Sports Complex parking lot.</p> <p>I wonder how high traffic will be regulated, especially during the 4 weeks of mega events including Barrett Jackson and the Phoenix Open. What traffic control measures will be employed? How will 94th Street and Thompson Peak Parkway be involved as northern thoroughfares designed for high traffic?</p> <p>What type of safety crosswalks will be made available at the intersection of E. With 500 spots for 6 fields this allows 83 spots for each field. Having children that have used these types of fields the 500 spots is adequate. Having a parking lot on 94th Street is a danger to the residents of Desert Hacienda's and the apartments at Desert Parks Vista. 94th Street is the only access for the residents of Desert Hacienda's. With a parking lot located so close people will wind up parking up and down 94th Street. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. With so many children living in DC Ranch this is not safe.</p> <p>2. The event parking is worrisome as the school buses drop off on 94th and Sonoran Sunset Pass (Palo Brea) and children cross 94th Street. These events produce drunk and noisy spectators that will not respect the neighborhood of DC Ranch.</p> <p>3. There is rumor that there will be mirrored sports fields on the east side of 94th Street. I found it helpful in understanding the project and now have a better appreciation for the scope and design of the project. I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

						<p>As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.</p> <p>Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.</p> <p>We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.</p> <p>I proudly support the addition of lighted sports fields at the Bell Road location.</p> <p>Respectfully,</p> <p>Brad Clement</p>

A sign that flashes your speed when you drive by.</p> <p>We moved into the Dessert Haciendas neighborhood in 2008. My first concern about the safety on 94TH Street started the day after we moved here. I walked our children to the bus stop and was shocked to see parents stand in the street as the school bus flashed its lights and stopped. My daughter was in kindergarten and attended Copper Ridge until 8th grade. Over the years it's impossible to count the number of times cars sped past the bus with its flashing lights. It's very sad to say, but it's a miracle no students have been hit by a car along 94th Street. I don't think this would be the case, if the parents were not there helping children safely cross every single day.</p> <p>I've seen many car accidents on 94th Street, speeding cars jump the curbs, dog walkers sprint from cars that didn't see them, and bikers get hit on 94th Street. This summer one of my own neighbors was hit while riding her bike on Palo Brea, just yards from 94th Street. Two surgeries later, and countless hours in rehab it appears she's going to be OK.</p> <p>Do you realize that 94th Street is the ONLY outlet for 5 large DC Ranch neighborhoods? The Terraces East, Sera Brisa, Desert Haciendas, The Villas (townhomes) and The Terraces West. Plus the large apartment complex also has an entrance &amp; exit on 94th Street.</p> <p>At certain times it's almost impossible to exit our neighborhood. We have four schools in our community, all with different starting/ending times and numerous school activities. Over the years, neighbors have had more discussions about the traffic on 94th Street than any other topic in our neighborhood. When our children started driving, our biggest fear was that they would get hit by a car trying to drive out of our neighborhood.</p> <p>It's impossible to get an idea of the traffic volume on 94th street since February when COVID began. In fact, this spring our neighbors all talked about how wonderfully quiet 94th Street was. I have seen more accidents on 94th Street &amp; Bell than any other intersection in my life. We already have a traffic safety issue, and you think it's wise to add more traffic?</p> <p>It is very apparent that no one at The City has ever spent any time observing 94th Street. You're probably not aware that the high school cross country teams run up 94th Street? And in the spring the long distance track runners. Every Saturday &amp; Sunday mornings bicycle teams ride along 94th Street. People move to DC Ranch to be active in our community. There are ALWAYS young kids riding bikes, dog walkers, and baby strollers.</p>

							<p>I have a host of concerns, designating 91st Street as the North Entrance and Exit for the Bell Road Sports Complex parking lot.</p> <p>I wonder how high traffic will be regulated, especially during the 4 weeks of mega events including Barrett Jackson and the Phoenix Open. What traffic control measures will be employed? How will 94th Street and Thompson Peak Parkway be involved as northern thoroughfares designed for high traffic?</p> <p>What type of safety crosswalks will be made available at the intersection of E. Trailside View and 91 Street? Many families and children use this crossing.</p> <p>How will the dangerous intersection of Pima road and E. Trailside View road be resolved? There have been very serious accidents as people use this shortcut to get off 91st Street.</p> <p>I am also worried about the DC Ranch Community Park Lake. With 500 spots for 6 fields this allows 83 spots for each field. Having children that have used these types of fields the 500 spots is adequate. Having a parking lot on 94th Street is a danger to the residents of Desert Hacienda's and the apartments at Desert Parks Vista. 94th Street is the only access for the residents of Desert Hacienda's. With a parking lot located so close people will wind up parking up and down 94th Street. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. With so many children living in DC Ranch this is not safe.</p> <p>2. The event parking is worrisome as the school buses drop off on 94th and Sonoran Sunset Pass (Palo Brea) and children cross 94th Street. These events produce drunk and noisy spectators that will not respect the neighborhood of DC Ranch.</p> <p>3. There is rumor that there will be mirrored sports fields on the east side of 94th Street. This has not been voted by citizens and is illegal to do so.</p>

I found it helpful in understanding the project and now have a better appreciation for the scope and design of the project. I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

						<p>As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.</p> <p>Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.</p> <p>We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.</p> <p>I proudly support the addition of lighted sports fields at the Bell Road location.</p> <p>Respectfully, Brad Clement</p>

1	426182	8/10/2020 5:51:36 PM	Jason Kadavy	9272 E. Canyon View Rd.	jason.kadavy@gmail.com	480-277-7534	The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the newly created exit on Bell with 500 cars. Why is the plan to only extend 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?
2	426183	8/10/2020 6:08:46 PM	Valentin Dinu	9249 E Western Saddle Way	vndinu@gmail.com	4807603805	I would like to thank Ms. Welsh and Mr. Barker for the presentation.  A few comments/suggestions:  1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.  2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.  Thank you!
3	426188	8/10/2020 10:01:33 PM	LESLEY M. MCCAGUE	9227 E VIA DE VAQUERO DR	lesleym1110@hotmail.com		Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?
4	426202	8/11/2020 9:33:18 AM	Troy M Hill	17800 N 92ND PL	kuyahill@gmail.com	4807605002	I have a few questions. 1. Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via. Trailside View is dangerous. I don't know the solution, I'm just asking the question. 2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question. 3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association. 4. The exhibit "Bell Road Sports Complex Concept Plan" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell.

Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

It's not that I'm opposed to the parks, as that is one of the best things going for Scottsdale. As a long time resident and family of three now young adult children, we have thoroughly enjoyed the parks and recreation opportunities in Scottsdale. My dismay is why would all these tax dollars be going to an area already rich in parks near by, not to mention the private facilities in MMR and DC Ranch. Surely with all the growth anticipated there could be other areas in need of new parks.

Specifically, the connector road to 91st street. It will cause excess traffic at both 91st and Trailside View and Trailside View and Pima Road. If the project proceeds, we will need to have either a round-about or stop lights installed at Trailside and Pima Road. That intersection is already extremely tough to cross at busy times, and the added traffic from the sports complex will make it worse.

My four daughters are collegiate athletes and we know there is a shortage of fields/gyms for our young student athletes, and fully support projects like this that give them a place to grow, mature and learn life lessons through sport. Living in the area and experiencing parking shortages for golf tournaments, NDP events and West World events makes these multi use fields even more valuable. We look forward to our community developing the proposed land parcels while still preserving parts of the desert, re-planting all cacti and plants and planning for future generations. Great job-
27	426394	8/14/2020 1:07:25 PM	Bill Barba	17823 N. 95th St.	wjbarba@gmail.com	480-330-8960	As a Scottsdale resident (who is funding this project), I have several concerns. The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we (parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fields).

My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more misquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting. I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

That said, please consider the increase in traffic on 94th Street which is very busy already. As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely.  Thank-you,  GREGORY STEGER

Ironwood Bend	rick@personnelsols.com	480-650-1673	While the West side of the Bond project has been approved by the voters the East plot on 94th and Bell has not. Therefore considering the use of the land East of 94th. would seem illegal.  The hard reality is this all about parking for Craig Jackson, Westworld and the Phoenix Open.  I am opposed to any further development on the East side based on the following reasons: 1)Our property value will likely drop.  2) Noise pollution.-There are plenty of other sports fields in a ½ mile radius. McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?  3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?  4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.  5) The further destruction of habitat for flora and fauna.  6) Is building sports fields the best use of money during a national crisis like the pandemic?  7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

The only major league field in Scottsdale available for adults to rent is Cholla Park. I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me at 4805775249 '. Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these.  - Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking.  - Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection.  - The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection.  - The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements.

Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan...closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.

South Bend Dr.	sdebiase@gmail.com	6023773760	I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street: 1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used. 2) Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe? 3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize.  Best, Katie Cardwell

I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods. Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road. McDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

Thank you for that! Because I live on the southeast corner of the 94th and Bell intersection, I do have one concern that might need to be addressed. I can foresee a potential for increased foot traffic across the intersection, especially by young people, because of Tom's Thumb Market and 98 degrees at the Ice Den. Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well. Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them. Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event.)  Thank you for your consideration. Benjamin Jones

As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Managment Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. Due to COVID, I suspect the city will face some difficult budgeting decisions and it would be wise to wait until the financial picture is more clear. Foregoing this project for a year or two will not be too costly I suspect, but may solidify the city's financials.

							I am very excited about the new multi-field development! Our organization utilized SSC throughout the year and the additional fields will help alleviate the field use log-jam! I would recommend the following: 1. Planned space for food vendors, etc. 2. Play area for siblings of athletes competing. 3. Designated area for golf cart drop-off. We usually rent 4-5 carts per event and have them dropped off the Friday prior to the event. 4. How the fields are set-up will there be enough room for spectators and player bench areas? 5. Recommend having enough restrooms.  I think this development absolutely needed and excited to share my input. I am more than willing to discuss my thoughts with my experience running large scale tournaments at SSC.

The city's current policy doesn't allow smaller clubs to reserve fields for their use. It currently monopolizes the use by the Phoenix rising and del sol youth clubs. These are huge clubs and by creating this monopoly it is hard for smaller clubs to succeed. Please advise

The pandemic shut downs have created a resurgence in the popularity of roller skating, evidenced by 3-4 month backlogs of skate orders and an explosion of new members in roller skating forums around the Valley. The majority of these new skaters are women and girls seeking to improve their fitness, boost mental health, and challenge themselves to learn a new sport. There is also a large and diverse group of women in the roller derby and in-line hockey communities, many of them living and working in Scottsdale. The City of Scottsdale has a unique and profound opportunity to build the area's first dedicated outdoor skating rink. Access to a safe place to skate is a barrier for many women; trails, parking lots, and deserted parks can be dangerous and expose women skaters to sexual harassment, muggings, cars, and injuries from debris on the skating surface. A skating pad would alleviate all these concerns and encourage physical activity for thousands of women across the city and Valley and reduce wear and tear on basketball and tennis courts currently being used for skating with the absence of any dedicated skating surfaces. Strong women create strong communities - please don't ignore this opportunity to provide a safe place for women-focused sports. We want a skating rink!!!

Skating is such a great outlet, and a wonderful way to exercise and bring people together. This is a fabulous idea and I fully support this decision! Greetings:  The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.  I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.  While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.  Please consider this opportunity.

As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.  Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.  Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91st. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.  Lighting: Using the newest fully shielded field lighting will minimize "spillage" and is appreciated. Placement of the light poles should be as far as possible from the neighbors.  Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.  Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.  Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, "if they can be used." Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs. 2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long term joint damage that occurs. 2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were "destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use." 2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruining the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored. 2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave. 2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would wear out the grass. 2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters. 2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.  Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small). You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.  Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like

I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc. There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place. It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

							<p>I appreciate the presentation. My home backs to 94th Street and is the southernmost and most impacted home in the Desert Haciendas subdivision. One very significant concern that was not mentioned in the presentation, but that city representatives discussed at the lighting demonstration that I attended, was the possible use of the property east of 94th Street if the City cannot secure additional property from private landowners (and it was indicated that discussions were not going well). That would be right in my backyard. I am open to discussion, but aside from the above, I have the following concerns based on what I heard and the lighting demonstration:</p> <ol style="list-style-type: none"> <li>1. Lighting – they mentioned 70 feet high, which was higher than what was demonstrated. Although the technology made it less bright outside of the field boundary, it was still very bright. Further only one light was demonstrated, and unless I heard wrong, there would be 6 per pole and multiple poles per field. That is a serious concern.</li> <li>2. Traffic – although the traffic flow looks to be designed to mitigate additional traffic on 94th Street, I do believe the City should further research its ability to re-direct traffic from using 94th south of Legacy to get to either entrance of the facility.</li> <li>3. Access – we are strongly opposed to any access off 94th Street. Traffic is extreme in the morning when Notre Dame goes to school and would not want to see that situation duplicated. This is particularly concerning if there is a change and the city uses the east side of 94th Street as an additional park.</li> <li>4. Noise – the online presentation indicated that most events would be held at night due to the heat. We hear noise periodically from Westworld, and periodic noise is acceptable, but to hear that so much closer to our home and with the frequency that I see games at the current facility (at Bell and Greenway Hayden Loop), would be unacceptable.</li> <li>5. Reclaimed Water Lake – while it sounds like an amenity, in my experience water features attract mosquitoes that carry West Nile Virus (an unknown what else), and may attract other wildlife, which we would rather not see draw in to or through our neighborhoods.</li> <li>6. Value and "Live-ability" - I am concerned about my long term property value, but more important, I plan to be a long term resident and have enjoyed my home for 15+ years and do not want that to stop.</li> </ol> <p>Although there are other items I may not have thought of, the above summarizes the most significant items. It is very important to me that I be part of the process. I am happy to discuss any of the above further.</p>

I found it helpful in understanding the project and now have a better appreciation for the scope and design of the project. I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

							<p>As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.</p> <p>Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.</p> <p>We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.</p> <p>I proudly support the addition of lighted sports fields at the Bell Road location.</p> <p>Respectfully,</p> <p>Brad Clement</p>

109	427328	8/31/2020 3:55:03 PM	Tom Lamoureux	15850 N Thompson Peak Parkway			<p>Hooray for parks!</p> <p>A series of sports fields is the most desirable option for the field adjoining WestWorld. Soccer and hockey fields are attractive. They offer something for everyone. Tournaments bring in new faces and free entertainment. This land is across the street from where I live. I am aware that all kinds of pollution will increase--light, noise, and traffic. But it is worth it for a park. And pollution would increase no matter what kind of development were to go in. If the city is determined to develop the land, then I say put in parks. Put in soccer fields now rather than wait for a future commercial proposal. Parks rather than a car parts store. Parks rather a storage facility.</p> <p>I do feel sorry for the 3 or 4 coyote families that live in dens in that field. They have nowhere else to go. Preserve hunting grounds are staked out by alpha coyotes. These are the underdogs who live on marginal land. They are a welcome sight every spring when they bring their pups across the road in search of rabbits. They bring a smile when they yip and howl at night. They are the last wild thing about north Scottsdale. Missing them is not really a critique of the parks plan, just development in general.</p>

The traffic on 91 st street will be a big problem for residents of Park and Manor Homes and The Estates homes. During the golf and car show events the traffic will make it difficult for these residents from getting in and out of their areas. When the Victorium has an event now cars park on both sides of 91 st street blocking residents and trashing the area. Trailside View and Pima is a very dangerous intersection and there are no stop lights. This access point has had numerous serious accidents have happened here. Giving access to the parking from 91 st is a poor idea and should not happen. If access to the parking lot is allowed from 91st Street and Bell road then then people will use it as a shortcut increasing daily traffic and congestion to residents.</p> <p>Before this project gets started, Bell Road needs to open up to 91st Street. Placing this amount of traffic on Palo Brea and 91st Street is too much for these roads. There is a troublesome intersection at Trailside and Pima / 91st street that already has issues and serious accidents. Additionally DC Ranch residents will be unhappy unless 91st street can open up to Bell to allow for traffic relief. We have been asking for this many times to no avail because they said there wasn't a real reason to open it up. Now there is a reason to do so. Large event parking etc. moving through these small streets and intersections alongside entry points to gated communities without sufficient ability to handle the traffic is a recipe for disaster.</p>

A sign that flashes your speed when you drive by.</p> <p>We moved into the Dessert Haciendas neighborhood in 2008. My first concern about the safety on 94TH Street started the day after we moved here. I walked our children to the bus stop and was shocked to see parents stand in the street as the school bus flashed its lights and stopped. My daughter was in kindergarten and attended Copper Ridge until 8th grade. Over the years it's impossible to count the number of times cars sped past the bus with its flashing lights. It's very sad to say, but it's a miracle no students have been hit by a car along 94th Street. I don't think this would be the case, if the parents were not there helping children safely cross every single day.</p> <p>I've seen many car accidents on 94th Street, speeding cars jump the curbs, dog walkers sprint from cars that didn't see them, and bikers get hit on 94th Street. This summer one of my own neighbors was hit while riding her bike on Palo Brea, just yards from 94th Street. Two surgeries later, and countless hours in rehab it appears she's going to be OK.</p> <p>Do you realize that 94th Street is the ONLY outlet for 5 large DC Ranch neighborhoods? The Terraces East, Sera Brisa, Desert Haciendas, The Villas (townhomes) and The Terraces West. Plus the large apartment complex also has an entrance &amp; exit on 94th Street.</p> <p>At certain times it's almost impossible to exit our neighborhood. We have four schools in our community, all with different starting/ending times and numerous school activities. Over the years, neighbors have had more discussions about the traffic on 94th Street than any other topic in our neighborhood. When our children started driving, our biggest fear was that they would get hit by a car trying to drive out of our neighborhood.</p> <p>It's impossible to get an idea of the traffic volume on 94th street since February when COVID began. In fact, this spring our neighbors all talked about how wonderfully quiet 94th Street was. I have seen more accidents on 94th Street &amp; Bell than any other intersection in my life. We already have a traffic safety issue, and you think it's wise to add more traffic?</p> <p>It is very apparent that no one at The City has ever spent any time observing 94th Street. You're probably not aware that the high school cross country teams run up 94th Street? And in the spring the long distance track runners. Every Saturday &amp; Sunday mornings bicycle teams ride along 94th Street. People move to DC Ranch to be active in our community. There are ALWAYS young kids riding bikes, dog walkers, and baby strollers.</p>

Canyon View Rd.	jason.kadavy@gmail.com	480-277-7534	The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the nearby created exit on Bell with 500 cars. Why is the plan to only extended 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?
2	426183	8/10/2020 6:08:46 PM	Valentin Dinu	9249 E Western Saddle Way	vndinu@gmail.com	4807603805	I would like to thank Ms. Welsh and Mr. Barker for the presentation.  A few comments/suggestions:  1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.  2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.  Thank you!
3	426188	8/10/2020 10:01:33 PM	LESLEY M. MCCAGUE	9227 E VIA DE VAQUERO DR	lesleym1110@hotmail.com		Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?
4	426202	8/11/2020 9:33:18 AM	Troy M Hill	17800 N 92ND PL	kuyahill@gmail.com	4807605002	I have a few questions. 1. Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via. Trailside View is dangerous. I don't know the solution, I'm just asking the question. 2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question. 3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association. 4. The exhibit "Bell Road Sports Complex Concept Plan" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell.

Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

It's not that I'm opposed to the parks, as that is one of the best things going for Scottsdale. As a long time resident and family of three now young adult children, we have thoroughly enjoyed the parks and recreation opportunities in Scottsdale. My dismay is why would all these tax dollars be going to an area already rich in parks near by, not to mention the private facilities in MMR and DC Ranch. Surely with all the growth anticipated there could be other areas in need of new parks.

27	426394	8/14/2020 1:07:25 PM	Bill Barba	17823 N. 95th St.	wbarba@gmail.com	480-330-8960	As a Scottsdale resident (who is funding this project), I have several concerns. The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we (parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fields).

My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more mosquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting. I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

That said, please consider the increase in traffic on 94th Street which is very busy already. As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely.  Thank-you,  GREGORY STEGER

Ironwood Bend	rick@personnelsols.com	480-650-1673	While the West side of the Bond project has been approved by the voters the East plot on 94th and Bell has not. Therefore considering the use of the land East of 94th. would seem illegal.  The hard reality is this all about parking for Craig Jackson, Westworld and the Phoenix Open.  I am opposed to any further development on the East side based on the following reasons: 1) Our property value will likely drop.  2) Noise pollution.-There are plenty of other sports fields in a ½ mile radius. McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?  3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?  4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.  5) The further destruction of habitat for flora and fauna.  6) Is building sports fields the best use of money during a national crisis like the pandemic?  7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me at 4805775249 - Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these.  - Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking.  - Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection.  - The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection.  - The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements.

Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan...closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.

South Bend Dr.	sdebiase@gmail.com	6023773760	I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street: 1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used.  2). Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe?  3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize.  Best, Katie Cardwell

I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods. Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road. McDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well. Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them. Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event.)  Thank you for your consideration. Benjamin Jones

If we have learned some lessons in 2020, it is that our youth have had so many challenges laid out in front of them and we need to provide opportunities for their growth.  This opportunity not only provides opportunities for the youth, but also will much much need business revenues to restaurants, stores and hotels.

As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Managment Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. I strongly urge you to support adding multi-use fields in Scottsdale

I would urge City of Scottsdale to wait on moving forward with this project until annual revenue is assessed. Due to COVID, I suspect the city will face some difficult budgeting decisions and it would be wise to wait until the financial picture is more clear. Foregoing this project for a year or two will not be too costly I suspect, but may solidify the city's financials.

Our organization utilized SSC throughout the year and the additional fields will help alleviate the field use log-jam! I would recommend the following: 1. Planned space for food vendors, etc. 2. Play area for siblings of athletes competing. 3. Designated area for golf cart drop-off. We usually rent 4-5 carts per event and have them dropped off the Friday prior to the event. 4. How the fields are set-up will there be enough room for spectators and player bench areas? 5. Recommend having enough restrooms.  I think this development absolutely needed and excited to share my input. I am more than willing to discuss my thoughts with my experience running large scale tournaments at SSC.

The majority of these new skaters are women and girls seeking to improve their fitness, boost mental health, and challenge themselves to learn a new sport. There is also a large and diverse group of women in the roller derby and in-line hockey communities, many of them living and working in Scottsdale. The City of Scottsdale has a unique and profound opportunity to build the area's first dedicated outdoor skating rink. 86	427173	8/27/2020 7:56:00 PM	Kaysi Hart	2513 E Jerome Ave Mesa AZ 85204			Greetings:  The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.  I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.  While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.  Please consider this opportunity.

Pima Road, Suite 180	christine.irish@dcranchinc.com	480-710-9584	input on the Bell Road Sports Complex and for the time and work that has gone into the project and its design to date.  As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.  Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.  Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91st. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.  Lighting: Using the newest fully shielded field lighting will minimize "spillage" and is appreciated. Placement of the light poles should be as far as possible from the neighbors.  Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.  Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.  Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, "if they can be used." Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs. 2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long term joint damage that occurs. 2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were "destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use." 2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruing the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored. 2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave. 2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would ware out the grass. 2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters. 2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.  Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small). You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.
91	427213	8/28/2020 12:49:31 PM	Natalie Ingram	9290 E. Thompson Peak Pkwy			Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like The virtual meeting for this project was very helpful! I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc. There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place. It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

							<p>I have a host of concerns, designating 91st Street as the North Entrance and Exit for the Bell Road Sports Complex parking lot.</p> <p>I wonder how high traffic will be regulated, especially during the 4 weeks of mega events including Barrett Jackson and the Phoenix Open. What traffic control measures will be employed? How will 94th Street and Thompson Peak Parkway be involved as northern thoroughfares designed for high traffic?</p> <p>What type of safety crosswalks will be made available at the intersection of E. Trailside View and 91 Street? Many families and children use this crossing.</p> <p>How will the dangerous intersection of Pima road and E. Trailside View road be resolved? There have been very serious accidents as people use this shortcut to get off 91st Street.</p> <p>I am also worried about the DC Ranch Community Park Lake. What will the city do to prevent drownings?</p> <p>How can I be included in discussions with the City, assuring that these serious concerns are being effectively dealt with?</p> <p>Thank you,</p> <p>Jeff Haebig DC Ranch Resident</p>

With 500 spots for 6 fields this allows 83 spots for each field. Having children that have used these types of fields the 500 spots is adequate. Having a parking lot on 94th Street is a danger to the residents of Desert Hacienda's and the apartments at Desert Parks Vista. 94th Street is the only access for the residents of Desert Hacienda's. With a parking lot located so close people will wind up parking up and down 94th Street. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. With so many children living in DC Ranch this is not safe.</p> <p>2. The event parking is worrisome as the school buses drop off on 94th and Sonoran Sunset Pass (Palo Brea) and children cross 94th Street. These events produce drunk and noisy spectators that will not respect the neighborhood of DC Ranch.</p> <p>3. There is rumor that there will be mirrored sports fields on the east side of 94th Street. This has not been voted by citizens and is illegal to do so.</p>

I found it helpful in understanding the project and now have a better appreciation for the scope and design of the project. I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

						<p>As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.</p> <p>Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.</p> <p>We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.</p> <p>I proudly support the addition of lighted sports fields at the Bell Road location.</p> <p>Respectfully,</p> <p>Brad Clement</p>

A sign that flashes your speed when you drive by.</p> <p>We moved into the Dessert Haciendas neighborhood in 2008. My first concern about the safety on 94TH Street started the day after we moved here. I walked our children to the bus stop and was shocked to see parents stand in the street as the school bus flashed its lights and stopped. My daughter was in kindergarten and attended Copper Ridge until 8th grade. Over the years it's impossible to count the number of times cars sped past the bus with its flashing lights. It's very sad to say, but it's a miracle no students have been hit by a car along 94th Street. I don't think this would be the case, if the parents were not there helping children safely cross every single day.</p> <p>I've seen many car accidents on 94th Street, speeding cars jump the curbs, dog walkers sprint from cars that didn't see them, and bikers get hit on 94th Street. This summer one of my own neighbors was hit while riding her bike on Palo Brea, just yards from 94th Street. Two surgeries later, and countless hours in rehab it appears she's going to be OK.</p> <p>Do you realize that 94th Street is the ONLY outlet for 5 large DC Ranch neighborhoods? The Terraces East, Sera Brisa, Desert Haciendas, The Villas (townhomes) and The Terraces West. Plus the large apartment complex also has an entrance &amp; exit on 94th Street.</p> <p>At certain times it's almost impossible to exit our neighborhood. We have four schools in our community, all with different starting/ending times and numerous school activities. Over the years, neighbors have had more discussions about the traffic on 94th Street than any other topic in our neighborhood. When our children started driving, our biggest fear was that they would get hit by a car trying to drive out of our neighborhood.</p> <p>It's impossible to get an idea of the traffic volume on 94th street since February when COVID began. In fact, this spring our neighbors all talked about how wonderfully quiet 94th Street was. I have seen more accidents on 94th Street &amp; Bell than any other intersection in my life. We already have a traffic safety issue, and you think it's wise to add more traffic?</p> <p>It is very apparent that no one at The City has ever spent any time observing 94th Street. You're probably not aware that the high school cross country teams run up 94th Street? And in the spring the long distance track runners. Every Saturday &amp; Sunday mornings bicycle teams ride along 94th Street. People move to DC Ranch to be active in our community. There are ALWAYS young kids riding bikes, dog walkers, and baby strollers.</p>

1	426182	8/10/2020 5:51:36 PM	Jason Kadavy	9272 E. Canyon View Rd.	jason.kadavy@gmail.com	480-277-7534	The plan looks pretty good, but I have some concerns about the planned easement and lack of sidewalks on 94th. I would like to see 91st extended all the way to Bell where there is a traffic signal and I believe having both a north exit option and south exit option off of 91st would help with traffic. We don't need more people going up to Trailside View, turning left and trying to go south on Pima. I'm afraid that's what would happen if almost all of the traffic was being filtered out of the nearby created exit on Bell with 500 cars. Why is the plan to only extended 91st street south by 100 feet rather than connect to Bell? Currently there is sidewalk on 94th from Bell heading north to about Palo Brea. This complex will certainly increase foot traffic in the area and I believe it is a safety concern to not have a sidewalk in this area. Will the plan include a sidewalk from Bell heading north on 94th?
2	426183	8/10/2020 6:08:46 PM	Valentin Dinu	9249 E Western Saddle Way	vndinu@gmail.com	4807603805	I would like to thank Ms. Welsh and Mr. Barker for the presentation.  A few comments/suggestions:  1. Sidewalk on 94th St: The presentation already mentions sidewalk improvements, which is great. Can you please ensure that the East side of the project, along 94th St, will have a sidewalk (on the West side of 94th St) reaching all the way South to Bell Road, since it is not obvious from the august-virtual-meeting-concept-plan.jpg file that that is indeed the case.  2. Pedestrian underpass/overpass at Bell Road: This is not currently on the design plan, but, as a resident who uses the 94th St and Bell Rd intersection several times a day, I can attest that crossing Bell Road at this location, close to the 101 highway, is extremely dangerous. Speed limit on Bell Road is 50 mph, and cars often travel on Bell Road at highway-type of speeds. I have seen numerous accidents at the 94th St and Bell intersection over the past few years. One of the intended uses of these sports fields is to provide parking for area events, with pedestrians aiming to walk South from the sport fields across Bell Road to West World for events or shuttles. Crowds will need a safe way to cross Bell Road, such as an underpass or overpass. Without such amenity, it is very likely that traffic accidents will happen. This in turn can negatively affect access to parking and event attendance, which will negatively impact the financial benefit of these fields. There are several pedestrian underpasses in the neighborhood, e.g., on Thompson Peak Pkwy between Bell Road and Pima Road, to serve as example, if needed.  Thank you!
3	426188	8/10/2020 10:01:33 PM	LESLEY M. MCCAGUE	9227 E VIA DE VAQUERO DR	lesleym1110@hotmail.com		Is the parking lot linked to 91st street going to encourage street parking and blocking of bike lanes along 91st street and Palo Brea when parking is not sufficient within the designated lots? We already have a street parking problem when Victorium holds large events and I fear that these fields will turn our once quite streets into a congested parking fiasco. Are there any plans in place to prevent this from happening? In addition, have you evaluated the noise impact on surrounding neighborhoods? We expect dark skies and quite evenings in DC Ranch and these fields go against both of those expectations. Will our neighborhood be subjected to overzealous parents cheering for children's sports games when I am trying to enjoy my backyard on a nice evening? We bought in DC Ranch knowing that we could hear Westworld events on occasion, but this much closer and so far nothing has been mentioned about the noise impact. Also, if there is state land that will be sold along the 101 why isn't it being used for sport fields where the lights and noise will be near a freeway and not quite neighborhoods?
4	426202	8/11/2020 9:33:18 AM	Troy M Hill	17800 N 92ND PL	kuyahill@gmail.com	4807605002	I have a few questions. 1. Has a traffic study been completed on the increased load of traffic that will be put on 91st Street? My main concern isn't the traffic on 91st, but increased traffic on E. Palo Brea Bend and E Trailside View. From what I currently see, people/families trying to get to head south on N. Pima to get to the 101 via. Trailside View is dangerous. I don't know the solution, I'm just asking the question. 2. Will the new ingress/egress off of Bell allow people leaving the Sports Complex head both east and west on Bell? If not, people wanting to head east would need to make a U-turn on Bell (if heading West) or go up to 91st to Palo Brea to 94th to the signal. Another traffic flow question. 3. What is the timeline for the irrigation pond in the DC Ranch Community Park? Doesn't the pond need to be built to water the grass in the Bell Road Sports Complex? It didn't really talk about this in the presentation except to say that there are ongoing conversations with the DC Ranch Community Association. 4. The exhibit "Bell Road Sports Complex Concept Plan" Dated August 2020 doesn't show a sidewalk connection from Parking (Approx. 90) south to Bell Road. Was this intentional? The sidewalk should connect from where it ends today(North East of the site boundary) to Bell.

Instead of it just being there to pump reclaimed water, it should be expanded or made as the center portion of the future community park on that land. More attention to detail should be put into the lake water similar to the Fountain Hills lake. It can be expanded, made a walking path around it, be safe for wildlife etc. The irrigation lake should be a prominent feature of that park land and not just put in the middle and figure everything out later.

It's not that I'm opposed to the parks, as that is one of the best things going for Scottsdale. As a long time resident and family of three now young adult children, we have thoroughly enjoyed the parks and recreation opportunities in Scottsdale. My dismay is why would all these tax dollars be going to an area already rich in parks near by, not to mention the private facilities in MMR and DC Ranch. Surely with all the growth anticipated there could be other areas in need of new parks.

Specifically, the connector road to 91st street. It will cause excess traffic at both 91st and Trailside View and Trailside View and Pima Road. If the project proceeds, we will need to have either a round-about or stop lights installed at Trailside and Pima Road. That intersection is already extremely tough to cross at busy times, and the added traffic from the sports complex will make it worse.

This area is very quiet and a beautiful natural spot. The lights from a stadium are not good for birds or other animals. You will be ruining a beautiful, quiet, natural area with more cars and lights.... I am totally opposed to this location!

My four daughters are collegiate athletes and we know there is a shortage of fields/gyms for our young student athletes, and fully support projects like this that give them a place to grow, mature and learn life lessons through sport. Living in the area and experiencing parking shortages for golf tournaments, NDP events and West World events makes these multi use fields even more valuable. We look forward to our community developing the proposed land parcels while still preserving parts of the desert, re-planting all cacti and plants and planning for future generations. Great job-
27	426394	8/14/2020 1:07:25 PM	Bill Barba	17823 N. 95th St.	wbarba@gmail.com	480-330-8960	As a Scottsdale resident (who is funding this project), I have several concerns. The project was presented to taxpayers for a vote with language that insinuated the fields were needed for local residents to have access to fields for play. This has not been the case with the Scottsdale Soccer Complex on Princess Dr. and this presentation now indicates these fields will be restricted from citizen use and will primarily be used as a parking lot for Barrett Jackson & the PHX Open and to generate revenue for out-of-state and out-of-city tournaments. That is not what voters were led to believe these fields would be used for. Last spring I became aware that these city fields were not for residents when we (parents and a group of 6 year old children from my child's school) were told we could not play soccer on the fields unless we reserved and paid for access through the city. We were not a commercial group and we were told there was a drop-in field (which was being used by a commercial team/skills group) non-paying people could use. As we researched we found that these fields are almost wholly used for large out-of-city tournaments where leagues pay for access and hotels hope to book guests. This seems that city taxpayers are now subsidizing hotels by generating guests at taxpayer expense, and many of the host hotels are outside Scottsdale. If fields are to be built, they should allow for citizen use as is intended in the bond language and other city parks. A limitation on out-of-city usage should be imposed. Citizens should not be required to fund other commercial enterprises. In addition, the city doesn't need to provide parking. Barrett Jackson can buy the fields or future state-land sales or parking. Or the city should clearly disclose the amount paid by Barrett Jackson for use of this parking (his free access to West World seems to be gift enough). Also, the plan should expressly disclose if you are exploring fields on the East side of 94th St as the city has a tendency to surprise residents through nefarious changes after the fact when it benefits politically connected donors and citizens are told its been decided and they are too late. Of further note, the planned lake does not address pest and mosquito abatement. West World Drainage has become a significant breeding ground for mosquitoes (which further disease and harm public health) that the city ignores. If there is no significant plan to control mosquitoes at this location the lake should be abandoned and other methods of irrigation should be used (such as at Princess Dr fields).

My understanding was that the land where the lake is proposed is designated to be a park not a lake. This lake would only cause more mosquitos and smell as experienced by homes on the lakes in Tempe. The use of gray water in the lake is disgusting. I thought when DC Ranch gave the land to the city was an agreement to only be a park. Wee as residents were looking forward a park with walking paths not a smelly pond. Next 91st Street would become very busy with an entrance to the field parks and eventually a short-cut to get from Legacy to Bell Rd. Why not just complete 91st to Bell as a city street. That way cars going to the parking could come off Bell rd. Will there be a limit to the number of days that the fields can be used for event parking in a year?

That said, please consider the increase in traffic on 94th Street which is very busy already. As a resident of Desert Haciendas, we definitely need traffic to slow down and we also need an ability to merge onto 94th Street during busy hours. A 4-way stop or traffic lights on 94th Street and E Sonoran Sunset Pass (and E Palo Brea Bend) would accomplish this. A traffic light or 4-way stop would help to lower speeds in the area and would allow for residents to move freely.  Thank-you,  GREGORY STEGER

Ironwood Bend	rick@personnelsols.com	480-650-1673	While the West side of the Bond project has been approved by the voters the East plot on 94th and Bell has not. Therefore considering the use of the land East of 94th. would seem illegal.  The hard reality is this all about parking for Craig Jackson, Westworld and the Phoenix Open.  I am opposed to any further development on the East side based on the following reasons: 1) Our property value will likely drop.  2) Noise pollution.-There are plenty of other sports fields in a ½ mile radius. McDowell Mountain, Copper Ridge School's baseball fields, Hayden Soccer fields. (We have a shrinking population so why do we need to build more youth fields when the population is falling?). The fields will be used for parking lots for Westworld, Barrett Jackson, and the Phoenix open. Do you really want that added traffic noise and congestion at all hours during those events?  3) Light pollution-Do you want field lights on late into the nights when we live in a Dark Skies designated area?  4) The hordes of drunk people yelling and making all kinds of noises and the potential to wander into our neighborhood urinating, vomiting and potentially causing damage.  5) The further destruction of habitat for flora and fauna.  6) Is building sports fields the best use of money during a national crisis like the pandemic?  7) The response I got from the city was a threat. That if we didn't let the City do what they wanted they just might trade the land to a developer. I found this appalling that our elected officials would result to a not so veiled threat of "You know what you get with the fields but not if we trade the land to a developer if could be anything."

The only major league field in Scottsdale available for adults to rent is Cholla Park. I have been renting Cholla for several months now on Saturday but now that the youth leagues are starting I can't get it. Please call me at 4805775249 - Consider adding a playground and splash pad. Neighborhood amenities are lacking in the current concept. This bond was approved to fund parks not profitable tournament venues and overflow event parking. I don't want to see voters not pass future parks bonds due to decisions like these. - Six fields is substantial and we can expect a lot of traffic during back-to-back games. While 100/spaces per field is ideal, the parking off of 94th St is unnecessary and dangerous considering the amount of accidents at the Bell/94th intersections. Also providing access across the wash isn't worth it for 90 spaces. Keep the corridor somewhat scenic without the parking. - Consider intersection improvements/pedestrian safety improvements to the Bell/94th intersection. This intersection sees a lot of accidents and the overflow parking plus Tom's Thumb across the street will create a lot more pedestrian traffic at this intersection. - The circulation on the west is problematic. Should be one way with the entrance off Bell, as allowing all the turning movement options on Bell will be chaotic without a signalized intersection. - The DC Ranch irrigation lake was not previously part of the project scope. Now it is being added without any additional amenities. The City should improve this area enough to create a lake amenity for the area without seeking additional funding. Scottsdale Sports complex has perimeter paths and a playground. These amenities should be added to the lake site as part of the project improvements.

Although you state the fields will be closed for only 4 weeks, like SSC, that understates the amount of time the fields are actually closed. SSC is closed for far longer than 4 weeks. Once SSC opens the fields remain unusable during the week when teams need to practice. Look at last years allocations schedule for SSC and you will see...closed for Jan...closed for 90% of Feb as we could not request any week days. Youth lacrosse is only played Jan-Mar unfortunately, therefore these extra fields won't reduce the need in the community with the need is the highest and the daylight is the shortest. I recommend you dedicate some of these fields to full time use by the YOUTH of Scottsdale thereby allowing some allocation during our time of most need.

South Bend Dr.	sdebiase@gmail.com	6023773760	I have the following concerns/comments regarding the planned Sports Fields at Bell and 94th Street: 1) Light Pollution: I am concerned that the lights will be on late every night and diminish our dark sky, which is important to maintain for wildlife as well as keeping with the character of North Scottsdale. The surrounding neighborhoods to this proposed site do not have street lights and require down lighting to maintain the dark sky. The lights need to be down shining only, so to not cause light pollution, and limited as to how late they may be used. 2). Traffic: The intersection of 94th Street and Bell is extremely busy during school drop off and pickup due to the proximity of Great Hearts Academy and Notre Dame Prep with frequent backups and accidents. Likewise, events at Westworld and the Ice Den contribute to congestion on weekends when many sports tournaments would likely be held. What are the plans to manage traffic? Also there is no sidewalk for a good portion of 94th Street North of Bell. Are there plans to add a sidewalk and/or bike path to keep pedestrians/cyclists safe? 3). Community use: Since this project has some downsides to the surrounding community (increased traffic, light pollution) there should be a concerted effort to provide community amenities at the Sports Fields as well as the Retention pond. Some ideas may include green space with biking/walking trails, covered picnic areas, playgrounds, or outdoor volleyball courts that the community could utilize. Best, Katie Cardwell

I would like to see a larger "open space" or desert buffer between Field #6 and Bell Road. To be honest, I'd prefer Field #6 isn't built and it remains open space desert to match the character of the area to the north towards the mountains and surrounding neighborhoods. Also...visually I'd recommend a raised landscape berm to block the green grass from Bell Road. McDowell Mountain Ranch and DC Ranch do not allow grass in the front yards...so it should also not be visible from Bell Road.

Thank you for that! Because I live on the southeast corner of the 94th and Bell intersection, I do have one concern that might need to be addressed. I can foresee a potential for increased foot traffic across the intersection, especially by young people, because of Tom's Thumb Market and 98 degrees at the Ice Den. The speed limit on Bell is 45 mph and currently few people cross that intersection. I think there is a need to examine measures that can make this intersection more pedestrian friendly and safe.

Grass space is a huge obstacle to any organized activity, and fields are routinely booked a year in advance. Any increase in supply or availability would give kids more access, and any lighted fields give parents a chance to ferry kids to and from without disrupting their work schedule. Lights give everyone chance to get out of the heat as well. Scottsdale Parks are one of, if not the best, staffs we deal with across teh Valley and any facility is in good hands with them. Please approve this project, it will positively impact every child in Scottsdale either directly through their use or by giving them a chance to book their own activity elsewhere. Anyone who doubts this should try to book a field to hold one event.) Thank you for your consideration. Benjamin Jones

As our population in Scottsdale has grown there has been an increasing demand for fields for all sports to utilize and this project is long over due. The additional fields is a benefit to our community and an amenity we desperately need. Over the course of the year we loose use of the Scottsdale Sports Complex due to the Water Managment Open and the use of the West World fields due to the Polo and Barrett Jackson events. While these events are great for Scottsdale they remove critical public facilities from our community that our youth sports desperately need. The addition of a multi-use sports facility will allow for additional events that support our hotels and restaurants much like the Scottsdale Sports Complex has been able to do. The majority of these new skaters are women and girls seeking to improve their fitness, boost mental health, and challenge themselves to learn a new sport. There is also a large and diverse group of women in the roller derby and in-line hockey communities, many of them living and working in Scottsdale. The City of Scottsdale has a unique and profound opportunity to build the area's first dedicated outdoor skating rink. Access to a safe place to skate is a barrier for many women; trails, parking lots, and deserted parks can be dangerous and expose women skaters to sexual harassment, muggings, cars, and injuries from debris on the skating surface. A skating pad would alleviate all these concerns and encourage physical activity for thousands of women across the city and Valley and reduce wear and tear on basketball and tennis courts currently being used for skating with the absence of any dedicated skating surfaces. Strong women create strong communities - please don't ignore this opportunity to provide a safe place for women-focused sports. We want a skating rink!!!

86	427173	8/27/2020 7:56:00 PM	Kaysi Hart	2513 E Jerome Ave Mesa AZ 85204			Greetings:  The valley is lacking safe places with flat concrete slabs for multiple uses. Most specifically a large concrete slab would benefit the roller skating/roller derby community. There is also a community of inline skating/hockey that would also greatly benefit. It would also be great to see a large oval/circle smooth concrete track.  I roller skate and play on an east valley roller derby team. It has always been a challenge to find safe places to skate for fun and for practice. Especially now with COVID and shut downs it's so important that my fellow roller derby friends and I are able to stay healthy and connected as safely as possible.  While I am grateful for and enjoy the benefits of basketball courts, tennis courts, volley ball courts, skateboard parks and long bike trails (often with debris/heavy traffic) it is awkward to feel safe and welcome utilizing spaces intended for those specific sports. Often we find ourselves trying to find empty parking lots, or parking garages which is obviously very dangerous. It would be wonderful to be able to be apart of the community by having our own safe place to practice the sport we love, stay healthy and share it with the community.  Please consider this opportunity.

89	427186	8/28/2020 9:33:21 AM	DC Ranch Community Council	20551 N. Pima Road, Suite 180	christine.irish@dcranchinc.com	480-710-9584	input on the Bell Road Sports Complex and for the time and work that has gone into the project and its design to date.  As the closest neighborhood to the Complex, the comments and concerns provided below are meant to minimize the impact of the facility's use on the DC Ranch community-at-large, while some suggestions will enhance resident enjoyment of the facility. It is important to note that the Community Council has also encouraged individual residents to provide feedback to the City.  Safety: The design designates a sidewalk on the west side of 94th street, going north from Bell, will be installed, matched, and connected to the 6-foot sidewalk north of this property. This is a critical element as it will eliminate a significant safety concern. Gates that lock to prohibit vehicle entry when the park is not open are essential. The City should reduce the speed limits on 91st and 94th street to 30 mph.  Traffic: All special event parking and related traffic should be directed to and from the facility from Bell Road, not through the adjacent neighborhoods on 91ST and 94th Streets. Special event traffic exiting the facility on 94th Street should only be allowed to make a right turn and go south to Bell Road. No special event traffic should exit onto 91st. The City should notify residents two weeks in advance of each time it will use the facility for special event parking or when major tournaments or similar are planned for the site.  Lighting: Using the newest fully shielded field lighting will minimize "spillage" and is appreciated. Placement of the light poles should be as far as possible from the neighbors.  Field location: The plans show more open space on the south side of the fields than the north. The City should shift the fields so that more space is on the north side.  Staffing: Requiring onsite staff whenever the facility is open is a critical element to smooth operations.  Trees and vegetation: It is commendable that the project will box and replant the native vegetation. Two rows of trees along the entire northern border, not just in certain areas, will serve as a stronger landscape buffer. The addition of more shade trees along the walking paths will enable year-round usage.

Your video was highly informative. As a Scottsdale resident I wish to say that I am in full favor of this project since we as a family of physicians feel physical activity facilities and parks encourage good health habits for kids and adults, "if they can be used." Over the last 13 years my family and I have had five encounters at what I perceived to be public areas where individuals can play soccer and run, only to be rudely told to vacate because they are only open during scheduled times and allowing anyone to use the grass fields will destroy the fields and run up costs. 2007 we began using the soccer fields near the Arabian Library and schools. We used the fields to run and teach our children how to play soccer, but soon ran into competition with people who used the fields to exercise their dogs. We taught our children that running should be done on grass and not on concrete due to the long term joint damage that occurs. 2012 our kids were now five years older and we decided to spend time during weekend mornings at the soccer fields at Talking Stick. After two years, in 2014 security came over to us and asked us to leave since we were "destroying all the soccer fields but kicking soccer balls and running on the grass. The fields were only open for scheduled games and not for general public use." 2014 we moved to Reach 11 and after several months security came over asking for ID and told us to leave because Scottsdale residents not allowed on the fields! We were also told playing soccer on the soccer fields was ruing the grass that was only for scheduled games. The security officer got into a pickup truck and tried to run over my 14-year old's. When I issued a complaint to the facility and city the matter was ignored. 2014 we began taking our morning run and soccer training to the field at West World and were again asked to leave. 2015 we moved to Mountain View Park and were asked to leave because playing soccer and running on soccer fields would ware out the grass. 2015-2020 we had enough of Arizona as the state with parks no one could use and moved to California but decided to move back due to family and other matters. 2020 we noted the soccer fields at the Arabian Library are fenced off but unclear if they are open to be used.  Basically I'd like to say that if this Sports Complex is being built and maintained by tax dollars, it should be open to use by the public and not just built, tax dollars collected and locked up for occasional events because the cost of maintaining the grass or old fashioned carpet artificial turf is too expensive (new artificial turf with rubber tire particles may pose a cancer risk not to mention being close to power lines, although the risks from both are probably small). You might also want to consider installing running track material instead of concrete, which is easier on the joints and environment, although maintenance cost might be an issue.
91	427213	8/28/2020 12:49:31 PM	Natalie Ingram	9290 E. Thompson Peak Pkwy			Hopefully, this Sports Complex will be open to everyone to use anytime such as early morning or night (solar battery stored lighting) when not in use during league time, and tax dollars or a membership fee used to maintain/replace the grass, turf and/or track/concrete rather than locking up the facility and kicking users out like  The virtual meeting for this project was very helpful! I'm pleased to see that native vegetation will be salvaged and repurposed. It seems appropriate that significant layers of trees and other vegetation be placed at the northern border to best shield the neighborhood close by from noise, etc. There was no mention of installing gates that could lock at entry points to deter after-hour vehicle traffic. That also seems appropriate and something the local area neighbors would want in place. It was great to hear that best-lighting-available would be used. I considered purchasing a home near Copper Ridge School about six years ago and didn't because of (a) the noise that carried from the fields in the evening, and (b) the bright, very visible lighting around those fields!

							<p>I have a host of concerns, designating 91st Street as the North Entrance and Exit for the Bell Road Sports Complex parking lot.</p> <p>I wonder how high traffic will be regulated, especially during the 4 weeks of mega events including Barrett Jackson and the Phoenix Open. Heritage Trail Dr, Scottsdale, AZ 85255	Tea1234@sbcglobal.net	480-656-9108	<p>1. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. 94th Street is the sole access to housing on each side of the road with two school bus stops that require children to cross the road to board and depart buses. We are concerned about the safety of school children during the four weeks each year that proposed parking facilities are in use by drivers visiting from all over the country. What does Scottsdale City Council propose for the safety of these children with potentially inebriated drivers departing events?</p> <p>2. We question if a multi use sports facility is the best use of taxpayer money considering the current pandemic and the unknown new-normal post-pandemic.</p> <p>3. Attendees departing Phoenix Open have been observed publicly urinating and vomiting. The proposed parking is adjacent to high-end homes in DC Ranch's Desert Haciendas and an apartment complex. How does the Scottsdale City Council propose to control this public nuisance and illegal activity?</p> <p>4. Multi use sports facilities already exist in the area within a short walking distance, for example McDowell Mountain, Copper Ridge Schools, Scottsdale/N Hayden Road. We do not think that yet another multi use sports facility is needed.</p> <p>5. What alternate facilities or development would be considered for the Bell Road/94th St land should multi-use sports fields and parking not be constructed?</p>

Has a comprehensive traffic study been performed with this in mind? If so, is the report available to the public? If not, then we strongly suggest one be done and made available.

With 500 spots for 6 fields this allows 83 spots for each field. Having children that have used these types of fields the 500 spots is adequate. Having a parking lot on 94th Street is a danger to the residents of Desert Hacienda's and the apartments at Desert Parks Vista. 94th Street is the only access for the residents of Desert Hacienda's. With a parking lot located so close people will wind up parking up and down 94th Street. 94th St is already a busy road where drivers routinely violate its posted 40 MPH speed limit. With so many children living in DC Ranch this is not safe.</p> <p>2. The event parking is worrisome as the school buses drop off on 94th and Sonoran Sunset Pass (Palo Brea) and children cross 94th Street. These events produce drunk and noisy spectators that will not respect the neighborhood of DC Ranch.</p> <p>3. There is rumor that there will be mirrored sports fields on the east side of 94th Street. This has not been voted by citizens and is illegal to do so.</p>

I found it helpful in understanding the project and now have a better appreciation for the scope and design of the project. I am pleased to see that the project is staying mainly within the boundaries shared with voters prior to the 2019 bond election. It is important that the project remain within this envelope, and not extend to the east side of 94th St, as some earlier activity and communications suggested. That would differ from the guidance that was shared with voters in 2019. I will continue to monitor this project which will have an impact in the immediate vicinity of my business and home.

						<p>As a City of Scottsdale resident, a governing board member of a City of Scottsdale based youth soccer club (Phoenix Rising FC Youth Soccer - formerly Scottsdale Soccer), and organizer of one of the largest soccer tournaments in the Southwest, I am proud to have our organization bring soccer to Scottsdale children and their families. To continue to bring recreational opportunities to our city's residents, practice and playing fields are critical. Thankfully, the bond issue included the addition of sports fields near Bell Road in addition to upgrading field lighting at many existing sports fields in Scottsdale. This is much needed as Scottsdale growth and land development has far outpaced recreational space and sports field availability.</p> <p>Team competition builds character, brings families together, and creates a sense of community. We are a part of the Scottsdale community that needs recreational opportunities now more than ever.</p> <p>We want to make sure every child who wants to play soccer is able to do so. Additional sports fields can help make this happen. It is not only important for our youth, but for every Scottsdale resident looking for a place to play, or just enjoy a scenic public space. Revenues generated from field rental and soccer tournaments help the local economy and the city's stature as an event destination location which are currently being lost to Phoenix and east valley locations.</p> <p>I proudly support the addition of lighted sports fields at the Bell Road location.</p> <p>Respectfully, Brad Clement</p>

A sign that flashes your speed when you drive by.</p> <p>We moved into the Dessert Haciendas neighborhood in 2008. My first concern about the safety on 94TH Street started the day after we moved here. I walked our children to the bus stop and was shocked to see parents stand in the street as the school bus flashed its lights and stopped. My daughter was in kindergarten and attended Copper Ridge until 8th grade. Over the years it's impossible to count the number of times cars sped past the bus with its flashing lights. It's very sad to say, but it's a miracle no students have been hit by a car along 94th Street. I don't think this would be the case, if the parents were not there helping children safely cross every single day.</p> <p>I've seen many car accidents on 94th Street, speeding cars jump the curbs, dog walkers sprint from cars that didn't see them, and bikers get hit on 94th Street. This summer one of my own neighbors was hit while riding her bike on Palo Brea, just yards from 94th Street. Two surgeries later, and countless hours in rehab it appears she's going to be OK.</p> <p>Do you realize that 94th Street is the ONLY outlet for 5 large DC Ranch neighborhoods? The Terraces East, Sera Brisa, Desert Haciendas, The Villas (townhomes) and The Terraces West. Plus the large apartment complex also has an entrance &amp; exit on 94th Street.</p> <p>At certain times it's almost impossible to exit our neighborhood. We have four schools in our community, all with different starting/ending times and numerous school activities. Over the years, neighbors have had more discussions about the traffic on 94th Street than any other topic in our neighborhood. When our children started driving, our biggest fear was that they would get hit by a car trying to drive out of our neighborhood.</p> <p>It's impossible to get an idea of the traffic volume on 94th street since February when COVID began. In fact, this spring our neighbors all talked about how wonderfully quiet 94th Street was. I have seen more accidents on 94th Street &amp; Bell than any other intersection in my life. We already have a traffic safety issue, and you think it's wise to add more traffic?</p> <p>It is very apparent that no one at The City has ever spent any time observing 94th Street. You're probably not aware that the high school cross country teams run up 94th Street? And in the spring the long distance track runners. Every Saturday &amp; Sunday mornings bicycle teams ride along 94th Street. People move to DC Ranch to be active in our community. There are ALWAYS young kids riding bikes, dog walkers, and baby strollers.</p>

# PROJECT UPDATE

## You're Invited to Participate in a Virtual Public Meeting on the Bell Road Sports Complex August 10 - 31

You are invited to participate in a virtual public meeting on the Bell Road Sports Complex which will be located on Bell Road just west of 94th Street. The facility will include six full-sized multi-use sports fields, parking, lights, restrooms, a plaza, a walking path and maintenance facility.

The Bell Road Sports Complex is one portion of project #53 Build Multiuse Sports Fields in the area of Bell Road which was approved by voters in the 2019 Bond Election.

To participate visit the project website [www.ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields](http://www.ScottsdaleAZ.gov/construction/project-list/bell-road-area-multi-use-sports-fields) by August 31. Click on the "Virtual Public Meeting" link, watch and listen to the presentation then submit your comments to let us know what you think. Your comments will be used by the project team as they develop proposed plans for the facility.

If you would like to learn more about how the fields will be lit, a lighting demonstration will take place at 8:30 p.m. on Wed., Aug. 19 at the Scottsdale Sports Complex on field number 5. The demonstration will be held outdoors, but we ask that all participants wear a mask and practice social distancing by remaining at least six feet apart from all participants. Please sit or stand around the perimeter of the field.

Design work will take the remainder of the year and there will be additional opportunities for public input as the project progresses. The tentative project schedule calls for construction to begin in early 2021 and for the facility to open in early 2022.

Native plant salvage will take place in August and September of 2020. Over the next few months, you will see several tagged plants and boxed trees on site that will later be used on the project.

There are a number of frequently asked questions and answers on the project website, but if you can't find the answer you are looking for please call the project hotline. We look forward to hearing from you on the initial plans for the Bell Road Sports Complex.

Hi John,

Nice speaking with you this morning, thanks for inquiring with WAPA on your development plans.

I'm attaching a license application for your convenience. The attached document contains 3 pages, an information sheet, a blank License Application form, and an example of how to complete the Application. Please note:

1. There is no application processing fee required to apply for a License Agreement (free);
2. It is a 1-page application form (see attached);
3. If the application is approved and a License Agreement is signed by our Manager, they are perpetual (non-expiring).

We will review and process your Application using the supporting documentation that you provide along with the completed application. This process takes approximately 60 - 90 days, depending on complexity of the application and current work load.

I would like to add, the information sheet is currently under review and being updated, there may be some differences and additions once your plans are submitted.

Please let me know if you have any questions or need more information in order to fill out the Application.

Regards,

**INFORMATION SHEET AND LICENSE AGREEMENT APPLICATION**

**CONCERNING THE USE OF WAPA'S'S TRANSMISSION LINE EASEMENTS**

It is the policy of the Western Area Power Administration (WAPA) to operate and maintain its transmission lines in a manner that considers the safety of the public, restrictions covered in the original easement, WAPA's maintenance and access needs along the easement, and the protection and reliability of the transmission line systems. Anyone wishing to construct any facility or specify a use, whether above ground or underground, on a WAPA transmission line easement should, prior to construction, file an application with *Lands, Desert Southwest Region, P. O. Box 6457, Phoenix, AZ 85005-6457*, to determine whether WAPA has any objection to the proposal. Certain activities can adversely impact WAPA's structures and impede access within our easements and they include, but are not limited to, the following:

1. Temporary or permanent structures should not be erected within WAPA's easement area. Structures, by way of example, shall include but are not limited to, buildings, mobile homes, truck or recreational vehicle parking or storage, signs, light standards, fire hydrants, storage tanks, septic tanks, swimming pools, tennis courts, ungrounded playground equipment, or similar facilities.
2. Excavation/trenching should not be performed within 30 feet of any of WAPA's transmission line structures (towers/poles). *If excavation is approved by WAPA within 30 feet of a structure due to construction constraints, a WAPA Power Marketing letter agreement will be required for cost recovery of monitoring expenses.*
3. Existing trees and vegetation within the easement must be kept at a maximum height of 10 feet and 50 feet away from towers and poles. Planting new vegetation within the easement must have WAPA's concurrence.
4. Any fencing that is constructed across WAPA's right of way must have a 16 foot dual lock gate installed at each end of the right of way area. Metal fencing must be properly grounded. WAPA must maintain access within its transmission line easements.
5. The gradient within the easement area must not be steeper than a 6:1 (run to rise). This shall include, but is not limited to water retention areas, transition from all roadways, at gate locations, as well as along any access way to the transmission line structures and mid-span areas. Large and heavy-line maintenance equipment requires a smooth transition from any roadway onto the right of way area. Rolled curbs or dedicated drives at a minimum of 16 feet wide must be provided within the WAPA's right of way.
6. Drilling or conducting of mining operations shall not be permitted within the easement without concurrence from WAPA.
7. The character of the existing topography must not be appreciably changed, normal farming practices excluded.
8. Roadways and utilities running longitudinally along WAPA's right of way should be approved by WAPA due to construction constraints.
9. Long-term ( overnight) or storage parking shall not block access to WAPA structures or impede access.
10. Within WAPA's easements, WAPA shall have access over this facility with vehicles that have a 42 kip axle load (42,000 lbs.).

WAPA will enter into a license agreement with the applicant that summarizes the proposed use of the right of way, sets forth the responsibilities of the parties, and evidences WAPA's concurrence in the use.

In order to best consider your request, please complete the right of way use application form attached and please give all of the pertinent details of your proposal, to include plans, profiles, drawings, and landscaping and lighting plans, if applicable. On your drawings, please depict WAPA's easement, structure locations and structure number, if known:

Dear John,

Thank you for your recent request for a utility conflict check. Please complete the attached Map Request, and e-mail it to the e-mail address on the form ([mappoint@apsc.com](mailto:mappoint@apsc.com)). Once APS receives a completed Map Request, you should receive the map or maps by email within 5-7 business days.

The APS maps show facility locations adjacent to or within the property shown on the proposed plans we received from you. Please review these maps for possible conflicts. The utility locations are approximate only and are not reliable for construction purposes. It is important to note that there may be additional conflicts in existence due to recent construction that are not shown on the current maps you receive.

Please be advised that it is the responsibility of the customer to maintain proper clearances and blue stake prior to digging. For actual conditions, please contact the Arizona Blue Stake Center at 602-263-1100.

Also enclosed is APS's General Design Guidelines for Proposed Improvements in APS Transmission ROW Please review this document carefully.

If I can be of further assistance, please do not hesitate to call me at 602-371-5770. Further information is also available on the APS Construction Services at:

**General Design Guidelines  
For  
Proposed Improvements  
In APS Transmission ROW**

**1/15/14**

Any improvements within Arizona Public Service Company's (APS) Transmission easement/ right of way (collectively, ROW) must have written approval which is given by APS in the form of an Encroachment Agreement. A SIGNED *ENCROACHMENT AGREEMENT* / APPROVAL LETTER IS REQUIRED PRIOR TO BEGINNING CONSTRUCTION.

To obtain *An Encroachment Agreement*, plans must be submitted to the APS Land Services Department where they will undergo a process of review, revision (if necessary), and approval. The review process should begin early in the design process to obtain approval of plans prior to construction. Upon approval of the final plans, an Encroachment Agreement will be drafted by the APS Land Services Department and sent to the Landowner for signature. The *Encroachment Agreement*, including an exhibit will be recorded at the County Recorder's Office. The approved plans are retained by APS.

General guidelines for the *Encroachment Agreement* process are as follows:

1. All plans submitted to APS must be drawn "to scale",  
Plans should be submitted to:  
  
APS  
Attention: Land Services Department  
Mail Station 3286  
P.O. Box 53933  
Phoenix, AZ 85072-3933
2. All plans must show APS ROW boundaries.
3. All plans must show existing APS facilities, including poles/towers, equipment enclosures, overhead/underground wire locations and identifying equipment numbers when available.
4. Plans must show all proposed improvements within APS ROW, including utilities, paving, grading, drainage, lighting, landscaping, etc.
5. Lighting structures must meet APS electrical clearances with respect to our overhead conductors and towers/poles. The lighting design and construction must also meet OSHA requirements. In general, lighting

structures 12 ft high or less should not violate APS electrical clearances. Proposed lighting plans need to be reviewed and approved by APS. APS may require the land owner to provide a Survey of APS facilities as part of calculating clearances and approving lighting within the ROW.

6. In general, trees are prohibited within APS ROW. In special cases some landscaping, including low growing type trees, may be allowed provided they do not interfere with the maintenance of existing or future transmission lines. All proposed landscaping in APS ROW plans need to be reviewed and approved.
7. APS does not allow temporary or permanent structures within our ROW. Structures, by way of example shall include, but are not limited to buildings, mobile homes, recreational vehicle parking or storage, storage tanks, septic systems, swimming pools, tennis courts, dumpsters, dry wells, or similar facilities.
8. Retention basins will need to be designed by the customer to adhere to the Storm Water Retention Basin Design Guidelines and site-specific comments from APS. (Please contact APS to obtain a copy of the Storm Water Retention Basin Design Guidelines.) Any deviation from this guideline will require APS approval.
9. Any fencing that is constructed across APS ROW must have a 16-foot dual-lock gate installed at each end of the right-of-way area. Metal fencing must be properly grounded. APS must maintain access along its line.
10. Maintenance equipment / crane setup areas are required at poles/towers and at intervals parallel to the wires. The setup area at a pole / tower differs depending upon the voltage of the line. The EHV (115KV, 230KV and 500KV) pole/tower setup area is generally defined as, a length of approximately 50 ft in each direction from the pole or tower foundations or by the width of the ROW. The 69KV pole setup area is generally defined as, a length of approximately 30 ft in each direction from the pole, by the width of the ROW. Depending upon the transmission line voltage, the distance between setup areas along the wires and the size of the setup

areas will vary. Due to the complexity of issues involved, pole setup areas and wire setup areas will need to be designed by the landowner's consultants based upon input from APS. (The APS Storm Water Retention Basin Design Guidelines drawing also contains general design information for pole/tower and wire setup areas.)

11. Parking lots are an acceptable use of APS ROW. There are specific requirements for orientation with respect to traffic flow. Maintenance paths and crane setup areas will need to be incorporated into the parking lot design based upon input from APS.
12. All pipes, manholes, or other proposed facilities to be located at or below grade in APS ROW must be designed to withstand a minimum of 320 psi on a 27 inch diameter outrigger pad. Load calculations sealed by an Arizona licensed Civil Engineer must be provided to APS for review.
13. NO GRADE CHANGES/ CUT OR FILL IS PERMITTED WITHIN APS ROW WITHOUT PRIOR WRITTEN APPROVAL. APS has specific requirements for excavations near APS poles, towers, and facilities.
14. For Transmission pole bracing, pole relocations, or transmission line conflict checks, please contact APS Transmission Line Maintenance Department at 602 371-7242
15. APS does not allow recreational pool encroachments into its ROW, whether the ROW is created by private easement or by Public Utility Easement (PUE). If the permitting agency requires concurrence from APS in order to issue a permit, please contact the Land Services Department at 602-371-5966 for instructions.
16. MINIMUM OSHA SAFE WORKING DISTANCES SHALL BE MAINTAINED AT ALL TIMES ONCE AN APPROVED ENCROACHMENT AGREEMENT HAS BEEN AUTHORIZED BY APS. APS WILL PROVIDE UPON REQUEST. SPECIFIC SAFE WORKING DISTANCES DEPENDING ON THE VOLTAGES OF THE LINES WITHIN THE ROW'S.
