## PETITION IN SUPPORT OF SOLITUDE BY SWD

To the Mayor, City Council and City Clerk:

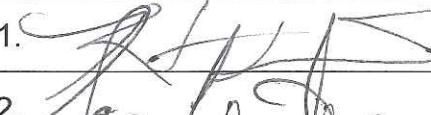

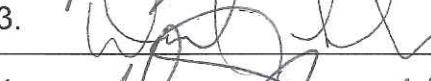

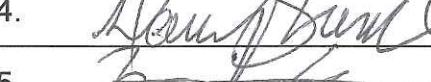

We, the undersigned, support the proposed project located at the southwest corner of Happy Valley Road and 92<sup>nd</sup> Street. This rezoning request would result in a new gated residential development consisting of single-family lots. This proposed luxury residential community is an excellent fit for this location and would be a welcomed addition to this area.

Re: Determination of Adequate Facilities

To Whom It May Concern:

Attached are the maps of attendance areas for the district and the K-12 school age population and enrollment trends. With the K-8 generation rate of .207 students per household and the 9-12 generation rage of .11 students per household, this proposed project with thirteen new homes would generate approximately 2.6 students for the district.

The project is located in the Desert Sun Academy attendance area. The current enrollment for Desert Sun Academy is approximately 330 student with a capacity of 841. Therefore, there is adequate capacity to accommodate the increase in enrollment.

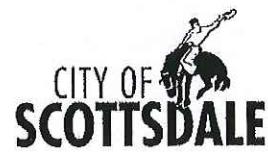

If you need any further information, please let me know.

Sincerely,

Tim R. Leedy, CFO

# School District

## Determination of Adequate Facilities

City of Scottsdale Project Number: 615 -PA- 2019

Project name: Solitude by SWD

Project Location SWC of Happy Valley Road & 92<sup>nd</sup> Street

Applicant Name: John Berry Phone: 602-385-2727

Applicant E-mail: JB@BerryRiddell.com Fax: 602-385-2757

School District: Cave Creek Unified

I, Tim Leedy hereby certify that the following determination has been made in regards to the Referenced project:

- The school district had adequate school facilities to accommodate the projected number of additional students generated by the proposed rezoning within the school district's attendance area; or
- The school district will have adequate school facilities via a planned capital improvement to be constructed within one year of the date of notification of the district and located within the school district's attendance area; or
- The school district has determined an existing or proposed charter school as contracted by the district can be provide adequate school facilities for the projected increase in students; or
- The applicant and the school district have entered into an agreement to provide, or help to provide, adequate school facilities within the school district's attendance area in a timely manner (a copy said agreement is attached hereto); or
- The school district does not have adequate school facilities to accommodate projected growth attributable to the rezoning.

Attached are the following documents supporting the above certification:

- Maps of the attendance areas for elementary, middle and high schools for this location.
- Calculations of the number of students that would be generated by the additional homes.
- School capacity and attendance trends for the past three years.

Or;

I, \_\_\_\_\_, hereby request a thirty (30) day extension of the original discussion and response time.

  
Superintendent or Designee

Date

7447 E. Indian School Road, Suite 105, Scottsdale, AZ 85251 • www.ScottsdaleAZ.gov

**Figure 5** provides a visual representation of total historical and projected school-age population and enrollment. Total District enrollment is expected to generally decline throughout the projection period, with the largest losses occurring between 2021/22 and 2024/25 as active development projects are completed and new, large-scale housing development is limited by the lack of available private land. In addition, the turnover of empty nesters in existing homes is not expected to sustain current enrollment levels, resulting in the loss of 475 K-12 students and total enrollment of 4,886 by 2028/29.

**FIGURE 5**  
**K-12 SCHOOL-AGE POPULATION AND ENROLLMENT**

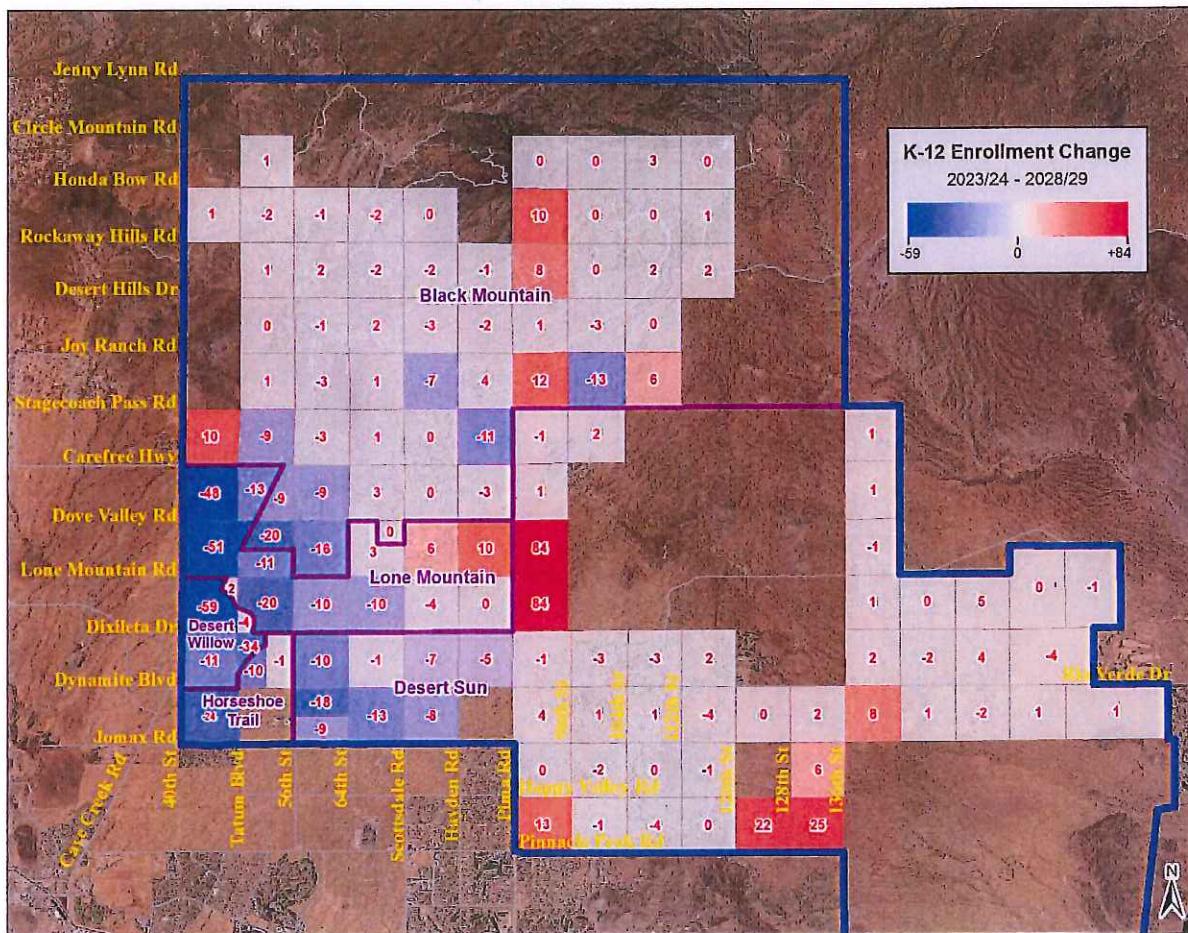

In terms of average enrollment per grade, the K-2 cohort is expected to experience very little change through 2028/29 (**Figure 6**). Both the 3-5 and 6-8 cohorts are projected to decline next year and then fluctuate up and down slightly for several years, although neither ever returns to its current size; despite these small fluctuations, both cohorts are expected to be decreased in size at the end of each 5-year period due to the progression of smaller advancing classes. Average high school enrollment by grade is projected to increase slightly over the next two years and then decrease every year through 2025/26, after which the average number of 9-12 students per grade will increase slightly and stabilize through 2028/29. By 2028/29, the three youngest cohorts will be similar in terms of the average enrollment per grade, although the 6-8 cohort will be slightly larger than either the K-2 or 3-5 cohort; the 9-12 cohort will remain the largest in terms of average enrollment throughout the projection period.

Both elementary (K-6<sup>th</sup> grade) middle school (7<sup>th</sup>-8<sup>th</sup> grade) enrollment is expected to decline during the first five years of the projection period, although the loss is stronger at the middle school level (**Table 11**). During the second five-year period, elementary enrollment becomes more stable and middle school enrollment fluctuates up and down but ends the period with an overall decline. High school enrollment is projected to increase in the next two years and then decrease through 2025/26; after a slight increase in 2026/27, high school enrollment will also decrease in the final two years of the projection period.

**Map 10** displays the projected change in enrollment in the second half of the projection period from 2023/24 to 2028/29. The Lone Mountain development will be built-out by this period, but strong gains are anticipated in areas associated with new development on State Land parcels along Pima Road. There are also pockets of growth projected for the southeastern portion of the District as activity increases in the Sereno Canyon and Storyrock developments. Losses become more widespread during the second five-year period and continue to be concentrated in the southwestern portion of the District due to the lack of turn-over in the older, existing households in this area.

**MAP 10**  
**PROJECTED K-12 ENROLLMENT CHANGE BY GRID: 2023/24 – 2028/29**

Scottsdale, AZ 85251

Dear Mayor Lane and City Council Members:

I am writing today in support of the proposed Solitude project at Happy Valley Road and 92<sup>nd</sup> Street. As a nearby property owner, I think that it is important to add luxury housing of this quality to our neighborhood. This gated, high-end community will be sensitive to the surrounding neighborhoods and should be welcomed with open arms.

Please vote in approval of this wonderful project.

Sincerely,

A handwritten signature in black ink, appearing to read "Kristina Walker".

Dear Mayor Lane and City Council Members:

I am writing today to express my support for the proposed Solitude Development located at Happy Valley Road and 92<sup>nd</sup> Street. I believe that a luxury residential development such as this will have a positive impact on the surrounding neighborhood. It will create a wonderful residential community and ensure that the development of the property is sensitive to the adjacent neighbors.

Please vote to approve this wonderful project.

Sincerely,

A handwritten signature in black ink. The first name "Danielle" is written in a cursive script above a surname that appears to begin with "Mat". A small circle is drawn around the letter "D" in "Danielle".

## CITIZEN REVIEW & NEIGHBORHOOD INVOLVEMENT REPORT

### Solitude by SWD

December 17, 2019

#### Overview

This Citizen Review Report is being performed in association with a request for a Zoning District Map Amendment from R1-190 ESL to R1-43 ESL on an approximately 20+/- acre site located at the southwest corner of Happy Valley Road and 92<sup>nd</sup> Street. In addition, there is a Right-Of-Way Abandonment request associated with this proposal. The proposed project would result in a new luxury, single-family residential neighborhood. This proposal is in conformance with the City's General Plan land use designation of Rural Neighborhoods. This Citizen Review Report will be updated throughout the process.

The entire project team is sensitive to the importance of neighborhood involvement and creating a positive relationship with property owners, residents, business owners, homeowners associations, and other interested parties. Communication with these parties will be ongoing throughout the process. Work on compiling a list of impacted and interested stakeholders and neighborhood outreach began prior to the application filing and will also continue throughout the process. Communication with impacted and interested parties has taken place with verbal, written, electronic, and door-to-door contact.

#### Community Involvement

The outreach team has been communicating with neighboring property owners, HOA's, and community members by telephone, one-on-one meetings, and door-to-door outreach since June 2019. The outreach team visited **over 100 residential neighbors** to get their feedback on the project. A majority of this feedback was favorable to this proposal. Members of the outreach team will continue to be available to meet with any neighbors who wish to discuss the project. Additionally, they will be contactable via telephone and/or e-mail to answer any questions relating to the project.

Surrounding property owners, HOAs and other interested parties were noticed via first class mail regarding the project. The distribution of this notification **EXCEEDED** the City's 750' radius mailing requirements as specified in the Citizen Review Checklist. This notification contained information about the project, as well as contact information. This contact person will continue to provide, as needed, additional information and the opportunity to give feedback. The notification also contained information regarding a neighborhood Open Houses that was held on September 5, 2019 at the Living Water Lutheran Church for those who wished to learn more about the project. The site and time were posted on an Early Notification Sign on the property.

6 interested people (see attached sign-in sheets) attended the Open House. Most of the attendees were generally supportive of the project. A couple of questions arose about density, lot grading and vehicular access. All questions were addressed at the Open House to the best of our ability and knowledge. The development team did not receive any questions regarding the right-of-way abandonment request. The outreach team will continue to be available to respond to any neighbors who have questions or comments. The outreach team has not received any additional questions since the neighborhood Open House.

A vital part of the outreach process is to allow people to express their concerns and understand issues and attempt to address them in a professional and timely matter. Again, the entire team realizes the importance of the neighborhood involvement process and is committed to communication and outreach for the project.

August 23, 2019

Dear Neighbor:

We are pleased to tell you about an upcoming request (615-PA-2019) by luxury, custom homebuilder Sonora West Development to develop a new gated, single-family residential neighborhood consisting of 17 lots on the 20+/- acre parcel located at the southwest corner of Happy Valley Road and 92<sup>nd</sup> Street (approximately a half-mile east of Pima Road). The request is for a Zoning District Map Amendment to rezone from R1-190 ESL to R1-43 ESL. A similar proposal was recently approved by the Scottsdale City Council on the adjacent 20+/- acre property immediately to the west. This proposal is in conformance with the City of Scottsdale's General Plan land use designation of Rural Neighborhoods.

You are invited to attend an open house to discuss this proposal. The open house will be held on Thursday, September 5, 2019 from 5 p.m. to 6 p.m. in the Matthew/Mark Room (in the Education Building) of the Living Water Lutheran Church, located at 9201 E. Happy Valley Road.

If you have any questions, please contact the neighborhood outreach team at 602-957-3434 or [info@technicalsolutionaz.com](mailto:info@technicalsolutionaz.com). The City of Scottsdale Project Coordinator for the project is Meredith Tessier, who can be reached at 480-312-4211 or [MTessier@ScottsdaleAZ.gov](mailto:MTessier@ScottsdaleAZ.gov).

Thank you.

Sincerely,

A handwritten signature in black ink that reads "Susan Bitter Smith".

Susan Bitter Smith  
President
