Re: Scottsdale Collections (cases 9-ZN-2020, 1-II-2020 and 9-AB-2020)

Honorable Mayor and City Council,

The Planning Commission heard the cases above on November 18, 2020 and recommended approval of all three with a vote of 4-1. Refer to Attachment 1, November 18, 2020 Planning Commission Meeting Minutes. The dissenting voter expressed concern that, due to the size and significance of this project, the applications should be continued, to a date to be determined, so they could be considered in a public forum; where citizens could voice their concerns/opinions directly to the Planning Commission instead of having to voice them remotely.

Also attached to this memo is additional correspondence/public comment received the day before the hearing not included in the City Council report (Attachment 2).
