RE: Abandonment Request for 14XXX N 90th St APN 217-15-03

Ms. Gulsvig,

I have reviewed the proposed abandonment request for the parcel located at 14XXX N 90th St APN 217-15-03, in Scottsdale, AZ

Based upon the supplied drawings/exhibit that you've submitted it has been determined that COX will allow easement abandonment with the following stipulations:

Stipulations:

COX Communications has Active Plant within the requested G.L.O.P.E. Areas.

Without any Site Plans to understand what Conflicts that would present I will be requesting a Stipulation for Conflict Review, to determine if there would be any charges for the possible need to move from those current locations and paths. The below is a Snip of the Conduit Paths that fall within the 33 foot G.L.O.P.E. Areas.

Also please note that Cox Communications accepts no liability for costs associated with any relocation of existing facilities required as a result of this proposed abandonment.

Please forward to the Requestor the below information.

Conflict Review:

Email to:

natlconsttrafficmgmtteam@cox.com

A Cover Letter for the Conflict Review.

A set of the Project's Site Plans, for the Construction Planner to Review to determine the possible work involved and possible costs for the COX Plant Relocation within the Site of the Project.
Include Zip Code for the Site Area for proper Construction Planner Assignment.

If I can be of further assistance or a conflict arises, please contact me using the contact information below.
