RE: 136-PA-2021 — **Citizen Review Report**

Per the Citizen Review Plan the attached informational letter was sent to interested parties and property owners within 750' of the subject property. A "Project Under Consideration" sign was erected on May 3rd announcing the virtual Open House.

On May 19th the project was presented to the DC Ranch HOA Design Review Manager and the project was well-received.

Prior to the virtual Open House on May 19th, there were no contacts from the "Project Under Consideration" sign nor the mailout. Likewise, there were no public members participating in the virtual Open House. There have been no other contacts.

We will continue to encourage and respond to any questions, comments or concerns throughout the entire application process. The Citizen Review Report will be updated as needed prior to the Planning Commission and City Council hearings.

RE: 136-PA-2021 – Citizen Review Plan

The Citizen Review Plan consists of the following:

- : mailing informational letters to interested parties and property owners/HOAs within 750' of the subject property by first class letter
- : posting a "Project Under Consideration" sign a minimum of 10 days prior to the virtual Open House
- : responding to communications from the public
- : completing a "Citizen Review Report" to be submitted with the filing of the application.

Thank you ml

TO: Neighboring Property Owners and Interested Parties

FROM: Mike Leary, Development Consultant

RE: DC Ranch Corporate Center vehicle storage

I am the development consultant for the proposed internal vehicle storage facility at 9271 E. Hidden Spur Trail within the DC Ranch Corporate Center (DCRCC) located south of Palo Brea Bend and east of 91<sup>st</sup> street. The 1-story storage facility will consist of condominium units for predominantly storing of owners' vehicles including classic, rare and antique cars. As part of the City's public outreach process, this notice is provided to property owners with 750 feet of the subject property and other interested parties.

The 1.34-acre lot is located in the furthestmost southeast corner of the subdivision bounded by the 2-story REI adventure tours building to the north, the 2-story Sante Rehabilitation center to the northwest, the 3-story Desert Parks Vista apartments to the east, the 2-story Victorium sports facility to the west and the 40-acre Bell Road Sports Complex undergoing construction to the south. A preliminary site plan and elevations are enclosed.

The DCRCC property was zoned I-1 PCD (Industrial Park within a Planned Community District) with the overall zoning of the 8,300-acre DC Ranch back in 1990. The I-1 permitted use list included vehicle storage subject to City Council approval of a Conditional Use Permit. A few I-1 development standards were amended in 2006 which included a building height limitation of 24 feet within 50 feet of residentially-zoned property which only affects the eastern building adjoining the apartments and park. Beyond the 50 feet, buildings or portions of buildings are allowed to 36 feet in height. The preliminary design of the buildings is architecturally enhanced with a shallow angled roofline at the ends of the western building and the southern end of the eastern building (shown in brown on the attached site plan). The angled roof line is consistent with the approved architectural features within DCRCC. The angled portion on the eastern building occurs at the southern end where the clubhouse overlooks the park. The 1-story main portion of the building (shown in white) is approximately 26 feet and the angled portion approximately 32 feet both of which are measured from finished floor due to drainage considerations. The clubhouse space at the southern end of the eastern building will be 2-stories to take advantage of park views. A 30-foot building setback (yard) and landscaped

buffer with a 6-foot screen wall was also required adjoining the residentially-zoned apartment property and park. However, the proposed eastern building is in excess of 70 feet away from the nearest 3-story apartment building with a combined 30-foot landscape area and the apartment parking lot in between. A related anomaly applies to the residentially-zoned but non-residentially-developed city park. Accordingly, the proposal is to reduce the 30-foot landscaped setback to 20 feet.

The 2006 amended standards were intended to provide compatibility between residential uses and potential industrial uses. However, the standards did not anticipate that DCRCC would develop with less intensive uses such as office buildings, a rehab facility, a sports facility, or an adjoining 40-acre park. The proposed vehicle storage facility is likely the most benign use that is permitted in the I-1 zoning district.

In summary, our request is for a Conditional Use Permit for internal vehicle storage and amendment to the 2006 amended development standards eliminating the 24-foot height restriction on the eastern building, reducing the building setback/yard from 30 feet to 20 feet from the apartment and park boundaries, and eliminating the landscape buffer and 6-foot screen wall requirement adjoining the apartments and park. These minor amendments will not negatively impact the adjoining apartments or park.

If you should have any questions/comments/concerns, please feel free to contact me directly. I will also be hosting a remote meeting for those interested in more information. The zoom meeting is scheduled for Wednesday May 12<sup>th</sup> starting promptly at 6:15 pm MST and will conclude no later than 7:00 pm per below:
