Aeronautical Study No.  
2021-AWP-4455-OE

Issued Date: 03/29/2021

Jason Phillips  
SDL - TB II LLC  
PO Box 26768  
Scottsdale, AZ 85255

**\*\* THIS IS NOT A DETERMINATION \*\***

Additional information is required before we can complete an aeronautical study concerning:

Structure:	Construction Equipment tbd
Location:	Scottsdale, AZ
Latitude:	33-37-10.00N NAD 83
Longitude:	111-55-24.00W
Heights:	1500 feet site elevation (SE) 1530 feet above ground level (AGL) 3030 feet above mean sea level (AMSL)

Verify and determine the correct ground elevation for the site. Your notice reports the site elevation to be 1500 feet MSL. However, the 7.5' topographic chart and National Elevation Data (NED) indicates that terrain elevations in the vicinity of the filed coordinates are approximately 1453 feet MSL.

Your filing indicates the use of a temporary crane to erect a new structure or alter an existing structure. Please determine whether the permanent structure must be e-filed for a separate study by using the Notice Criteria Tool. Our office will not proceed with your temporary crane proposal until it is determined that the permanent structure has been considered and Title 14 of the Code of Federal Regulations Part 77.9 Notice Criteria is applied.

Please provide the Aeronautical Study Number (ASN) assigned to the separate filing submitted for the permanent structure, or the reason it has not been e-filed.

See attachment for additional information.

If data is changed as a result of FAA verification, it will be necessary for you to ensure the corrected information is also on file with the FCC (if applicable).

**NOTE: IF NO RESPONSE IS RECEIVED WITHIN 30 DAYS OF THE DATE OF THIS LETTER, ACTION WILL BE TAKEN TO TERMINATE THIS AERONAUTICAL STUDY.**

If we can be of further assistance, please contact our office at (404) 305-6429, or [roger.s-ctr.desmarais@faa.gov](mailto:roger.s-ctr.desmarais@faa.gov). On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2021-AWP-4455-OE.

**Signature Control No: 475774965-475846926**

Additional Information

**Additional information for ASN 2021-AWP-4455-OE**

Please confirm the Minimum operating height Above Ground Level (AGL) and the overall maximum height of the construction equipment Above Ground Level (AGL). note; do not add the site elevation.
