Good morning, Chad

My name is Marshall Antonio. I live in the beautiful community of Terravita, in north Scottsdale.

Chad, I want to sincerely thank you for recently chatting with Deb Lewis, a good friend who also lives in Terravita. Deb shared with you the concerns many of our friends and neighbors have with the planned construction of pickleball courts on Tract G within our community.

I can't tell you how much we appreciate your very generous and thoughtful offer to notify us when any representatives of Terravita Country Club submit a planning proposal for the pickleball court project. Your assistance will truly help give voice to many Terravita friends and neighbors who just want to be heard.

If it works for you, I'd really like to visit your office, for just a few minutes, to meet you, Doris McClay and Meredith Tessier. Meredith was also kind enough to speak with, and provide information to, Anne McDonald, another friend and Terravita resident. I simply want to introduce myself and personally thank each of you for providing helping hands we truly need.

When would be most convenient for you?

Thanks, Chad

Good afternoon. Thank you for chatting with me earlier about your concerns. I am going to touch base with both Doris McClay and Meredith Tessier right now to see how we can insure your opposition to any potential project i.e. pickle ball courts in the Tract G behind your home is accounted for if a planning submittal is received from an applicant representing Terravita. In the meantime below is all my contact information so feel free to reach out with any additional concerns or question on anything. Lastly, I also hyperlinked our Active Case Map so that you can monitor any planning cases in your neighborhood.
