My husband and I are residents of Terravita Country Club, 6823 E Amber Sun Dr. We live just north of the tennis courts where the “temporary” play is being requested of pickleball play. We have lived through the ‘trial’ of pickleball on the tennis courts in 2018 so have been down this before. We are not happy that many of us are still traveling the month of Sept and are not going to be home in the next few weeks when this trial is to occur. Pickleball play with 200 yards of the courts is ridiculous. We have suggested that TCC really get serious about this noisy sport and not consider any pickleball play on outside courts because of the proximity not only to our homes, but also the club house, the first and 10th tee boxes. Please do not grant the request to “trial” pickleball play on our existing tennis courts. Thank you.
