Re: REQ 15016 – Partial Release of Federal Patent Easement No. 1204244 located upon Maricopa County APN 216-69-156A

Dear Mr. Oliver,

Southwest Gas Corporation ("SWG") has reviewed the request referenced above.

After review, SWG has determined that there are existing or proposed facilities within the area proposed. An easement for gas purposes has been granted for those facilities so we have no objection to the request as presented.

Nothing in this is intended or shall be construed to affect, reduce, or diminish any other existing property rights or easement SWG may have at this site or within the area affected. SWG retains the right to use any other reservations, easements, licenses or other property rights in which it may have an interest or that otherwise may be located within the area proposed.

If you or the applicant have any questions; or if the applicant wishes to discuss this matter further, please contact Conflict Review at 480-730-3845 or me directly at 480-730-3611

Respectfully,

*Steve Salazar*
