Greg,
I just cancelled our meeting tomorrow...sorry! Ive been ill for 12 days up in michigan and Im not allowed to fly. I will be fine, just still recovering.
Please see the Palo plans attached with notes on them regarding my questions on their submittal. These are largely related to the standards that my project was held to during the zoning process, and then in DRB.
Please email me back how these items will be addressed.
Thank you!
Steven
