

8283 N. Hayden Road, Suite 258 • Scottsdale, AZ 85258

May 22, 2023

Dear Neighbor,

The purpose of this letter is to inform you that Coal Creek Consulting, representing Verizon Wireless, has submitted an application (Case Number **743-PA-2018**) to the City of Scottsdale to construct a new Wireless Communication Facility (WCF) on an existing APS utility pole located at the APS Substation at 14724 N. 90th St. in Scottsdale.

Specifically, Verizon Wireless is requesting approval for the addition of (9) antennas and associated equipment. The proposed antennas will be similar in size and will be painted to match the existing light pole. Proposed cables will be back-fed and concealed within the pole.

This letter is being sent to you as part of the required notification process for the City of Scottsdale. With this letter please find a set of plans indicating what the site will look like once it is complete. Feel free to distribute this notice to all respective tenants, and all other interested parties. If you have any questions or wish to discuss this application, please contact me either by phone or e-mail using the contact information below. You may also contact the site's planner, Keith Niederer, at his office (480) 312-2953 or by email (KNiederer@scottsdaleaz.gov) with any questions, comments, or concerns.

Sincerely,

Cameron Lehman
