Hello Planning Commissioners,

I appreciate your effort and thoughtfulness. Not all projects should be approved, but those that check all the boxes of our rigorous evaluation should be. Thank you for making decisions based on facts and data, and ignoring the ideological minority who want to shut everything down.

I support the Scottsdale\Gold Dust Project DR\_4\_ZN\_2022. Please be sure this is added to the case file.

Did anyone expect anything else ?The developers own the Commissions, the Staff and have access to zoning attorneys that never seem to lose.

The Rubber Stamp Commission is really not a far fetched name.
