Bars and live entertainment activity require conditional use permits.

Development Information

The development proposal includes the operation of a brewery establishment that offers bar services. Bar uses are allowed in the C-3 zoning district subject to approval of a Conditional Use Permit.

- Existing Use: Vacant, Gas station
- Proposed Use: Microbrewery (Bar)
- Parking Required: 37 Spaces
- Parking Provided: 77 Spaces
- Floor Area: 4,333 square feet (interior)

IMPACT ANALYSIS

Land Use

Conditional Use Permit

Conditional Use Permits, which may be revocable, conditional, or valid for a specified time period, may be granted only when expressly permitted after the Planning Commission has made a recommendation and City Council has found as follows:

- A. That the granting of such Conditional Use Permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:
 1. Damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination.
 - **The granting of a conditional use permit for a bar use will not increase damage or nuisance arising from noise, smoke, odor, dust vibration, or illumination. All brewery equipment is within an enclosed building. The plans submitted do not display any outdoor speakers.**
 2. Impact on surrounding areas resulting from an unusual volume or character of traffic.
 - **Parking for the proposed use requires 37 spaces and the overall commercial center requires 76 spaces. Seventy-seven (77) spaces are provided for the overall commercial center.**
 - **The proposed use will not have a negative impact on the volume or character of traffic. This commercial area contains restaurants, retail, and office uses. Per the trip generation information provided, this use will generate fewer trips than the gas station use that previously occupied this tenant suite.**
- B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.
 - **This use is permitted under the C-3 zoning district with an associated conditional use permit. The shopping center has a variety of other commercial uses that are compatible with this request.**
- C. The additional conditions specified in Section 1.403, as applicable, have been satisfied. The proposal meets the provisions for Bars, cocktail lounges, and/or after hours establishments as identified in Zoning Ordinance Section 1.403.C., including:
 1. The use shall not disrupt existing balance of daytime and nighttime uses.
 - **The area currently has a variety of both daytime and nighttime uses including the adjacent restaurant and caterer which are open from morning to approximately 3 pm, the nearby car wash open from 8 am to 6 pm, and the nearby furniture and rug stores open until approximately 5 pm. Pinnacle's hours of operation will be in conformance with the area as they are planned to be open from approximately noon to 9 pm. This use will not disrupt the area or existing mix of uses.**

2. The use shall not disrupt pedestrian-oriented daytime activities.
 - **The use will not disrupt pedestrian-oriented daytime activities. The new proposed patio includes a sidewalk connection to N 82nd Street, which currently does not exist and will enhance the existing pedestrian connectivity for the area.**
3. If the site is located within the downtown overlay district then
 - a. The use shall not encourage displacement of daytime retail uses unless it can be demonstrated that the proposed use shall promote diversity of first floor uses along the street.
 - b. The required parking for the use shall be within six hundred (600) feet of the property and shall not be separated from the property by a major or minor arterial street.
 - **The site is not located within the DO District.**
4. If the use is located within five hundred (500) feet of a residential use or district then:
 - a. The use shall not adversely impact residential uses.
 - b. The use shall provide methods of buffering residential uses.
 - **The site is not located within 500 feet of a residential use.**
5. An active management and security plan shall be created, approved, implemented, maintained, and enforced for the business.
 - **An active management and security plan is included in this submittal.**
6. The applicant shall provide, with the application for a conditional use permit, a written exterior refuse control plan which must be approved by the planning and development department staff as complying with the written guidelines of the department.
 - **A refuse control plan is included in this submittal.**
7. The applicant shall demonstrate how noise and light generated by the use shall be mitigated.
 - **The proposed plans do not include information about external speakers and any noise is regulated by the noise ordinance. All proposed lighting improvements comply with the requirements of Zoning Ordinance Section 7.600. for Outdoor Lighting.**
8. The applicant shall demonstrate that the use shall meet required parking and shall not exceed capacity for traffic in the area.
 - **As calculated the required parking for this use is 37 parking spaces and the overall commercial center requires 76 spaces. The existing commercial center includes 77 parking spaces for all users. As a part of the building improvements the applicant will provide 5 additional parking spaces in front of the proposed patio to meet the parking requirements.**

9. After hours establishments must maintain a valid after-hours establishment license.

- **The proposal and applicant narrative does not request after-hours operations.**

Water/Sewer

All infrastructure upgrades necessary to serve this project will be completed by the applicant through the final plans and permitting process.

Fire/Police

The nearest fire station is within .3 miles of the site and located at 8014 E McClain Dr. The subject site is served by Police District Foothills, Beat 15. As with any project that contributes to growth, the fire department and police department continually anticipate and evaluate resource needs for the city's budget process.

Community Involvement

Property owners within a 750-foot radius of the subject site were notified and the site was posted. Staff has not received any comments from the public regarding this application. Throughout the process, staff received comments about a nearby tenant space within the same commercial center which does not directly pertain to this request.

STAFF RECOMMENDATION

Recommended Approach:

Staff recommends that the Planning Commission find that the Conditional Use Permit criteria have been met and determine that the proposed bar use is consistent and conforms with the adopted General Plan, and make a recommendation to City Council for approval, per the attached stipulations.

Use Permit Narrative – Bar Use

**Case No. 8-UP-2023
Resubmitted: November 21, 2023**

I. Explanation of Request

On behalf of Pinnacle Brewing Company (“Pinnacle”) we request a Use Permit for a “bar” use in order to sell beer in Pinnacle’s approximately 5,969 square foot brewery and taproom in an existing pad within the Airpark Corner Square located near the southeast corner of Hayden Road and 82nd Street (“Site”). The Site is in the process of submitting a land assemblage to combine the two parcels that make up the Airpark Corner Square—APNs 215-55-017A and 215-55-041E. The Site is zoned C-3, permitting a “bar” subject to a Conditional Use Permit. A regional aerial of the Site is attached as **Exhibit 1**.

Pinnacle is a family-run business that will offer a variety of craft beers in an indoor/outdoor space. Pinnacle’s space will be comprised of a large brewing area, an indoor service and seating area, and a large, approximately 1,636-square-foot patio area. Pinnacle will utilize existing strip mall circulation and has added several additional parking spaces for the use of the center. See **Exhibit 2**, Floor Plan. Pinnacle will update the existing pad, previously utilized as a gas station, to convert the prior gas-pump area to a patio. See **Exhibit 3**, Elevations.

The Site is zoned C-3 and designated “Employment: Light Industrial/Office” on the General Plan. The Site is also located within the Airpark Corner Square Center consisting of restaurants, a caterer, a bank, a swim school, and other uses, all zoned C-3. To the North, across Hayden Road, exists a corporate center zoned I-1. To the immediate south exists a carwash zoned C-3, to the west, across 82nd Street, exists a car rental agency zoned C-4. To the immediate west is a restaurant in the Airpark Corner Square Center zoned C-3. Accordingly, this proposal is fitting for the area and is the type of use envisioned in the Airpark Area.

II. Conditional Use Permit Criteria, Section 1.401

As specified in Section 1.403 of the Zoning Ordinance, the following is an analysis of the general use permit criteria applicable to all use permit requests.

A. That the granting of such conditional use permit will not be materially detrimental to the public health, safety or welfare. In reaching this conclusion, the Planning Commission and the City Council's consideration shall include, but not be limited to, the following factors:

1. Damage or nuisance arising from noise, smoke, odor, dust, vibration or illumination.

The granting of a conditional use permit for a bar use will not increase damage or nuisance arising from noise, smoke, odor, dust vibration, or illumination. Rather, a brewery is the precise type of use that is fitting for the area. Further, this location is not one that is inappropriate for the serving of alcohol. Other nearby establishments, including Sugar Jam in the same center, serve alcohol and other bars and breweries are nearby. Given the proximity to the Airport and Hayden Road, any noise should not be above ambient conditions. Pinnacle plans to have a single point of

access facing the parking lot and Hayden Road. Further, Pinnacle’s bar use should create less emission than the gas station previously operating on the Site.

2. Impact on surrounding areas resulting from an unusual volume or character of traffic.

Pinnacle’s proposed use will not have a negative impact on the volume or character of traffic. This commercial area contains restaurants, retail, and offices. Patrons may come to visit one business or visit another while there. Pinnacle is occupying an existing pad and will not increase traffic more than other commercial uses that could occupy the pad by right. Further, this use will generate fewer trips than the gas station use that previously occupied this pad. Per the below trip generation, Pinnacle will greatly reduce the trips generated compared to the prior use. This center is well-equipped with parking and well-planned circulation to handle a variety of uses. See below for more information regarding parking.

B. The characteristics of the proposed conditional use are reasonably compatible with the types of uses permitted in the surrounding areas.

Pinnacle Brewing is fitting for this commercial area and will be an asset to the area and benefit other nearby businesses. Other uses in the immediate area include a variety of airport-related uses, auto uses, offices, shops, restaurants, and entertainment—including several establishments that serve alcohol. Pinnacle will be a welcome addition that makes good sense in the area. Further, the Site is located in the Greater Airpark Growth Area. This proposal supports the Airpark Growth Area’s goals of “attract[ing] new businesses”, “attracting a diversified business base”, and “support[ing] and enhance[ing] existing tourist attractions.” For all of these reasons, Pinnacle Brewery’s proposal of a family-owned brewery is compatible with the surrounding area.

C. The additional conditions specified in Section 1.403, as applicable, have been satisfied.

See below.

III. Additional Conditional Use Permit Criteria 1.403

The following is an analysis of the specific criteria for a bar as included in Section 1.403 of the Zoning Ordinance.

C. Bars, cocktail lounges, and/or after hours establishments.

- 1. The use shall not disrupt existing balance of daytime and nighttime uses.**
The area currently has a variety of both daytime and nighttime uses including the adjacent restaurant and caterer which are open from morning to approximately 3 pm, the nearby car wash open from 8 am to 6 pm, and the nearby furniture and rug stores open until approximately 5 pm. Later uses include nearby dispensaries open until 10 pm and restaurants open until 8 pm. Consequently, Pinnacle's use is well-suited for the area and will not disrupt the existing balance. Pinnacle's hours of operation will be in conformance with the area as they are planned to be open from approximately noon to 9 pm.
- 2. The use shall not disrupt pedestrian-oriented daytime activities.**
Pinnacle will not disrupt pedestrian-oriented daytime activities. Unlike other "bars" Pinnacle is both a daytime and nighttime use and has hours in line with many restaurants. This brewery will not disrupt any pedestrian activities and hours of operation will be similar to nearby uses.
- 3. If the site is located within the Downtown Overlay District D-O then:**
The Site is not located within the DO District.
 - a. The use shall not encourage displacement of daytime retail uses unless it can be demonstrated that the proposed use shall promote diversity of first floor uses along the street.**
 - b. The required parking for the use shall be within six hundred (600) feet of the property and shall not be separated from the property by a major or minor arterial street.**
- 4. If the use is located within five hundred (500) feet of a residential use or district then:**
 - a. The use shall not adversely impact residential uses.**
The Site is not located within 500 feet of a residential use. The nearest residential use is approximately half a mile away.
 - b. The use shall provide methods of buffering residential uses.**
- 5. An active management and security plan shall be created, approved, implemented, maintained, and enforced for the business.**
An active management and security plan is included in this submittal.
- 6. The property owner shall create a written exterior refuse control plan for approval by the City.**

A refuse plan is included in this submittal.

7. The property owner shall demonstrate how noise and light generated by the use shall be mitigated.

8. The use shall conform to the parking requirements of Article IX and shall not exceed capacity for traffic in the area.

Pinnacle will be located in the Airpark Corner Square. As part of this process, a land assemblage is being requested to combine the two current parcels that makeup the Airpark Corner Square, in part so that the center may be parked as one parcel. When calculating the required parking for the center as a whole, 77 spaces are required (36.95 for Pinnacle), and 77 spaces are provided in the center. Eight bicycle stalls are also provided.

9. After hours establishments must maintain a valid after hours establishment license.

No after hours license is required. Pinnacle plans to be open approximately from noon to 9 pm.

For the foregoing reasons, we request your approval of this Use Permit.

Purpose of the Plan

To address security measures, maintenance/refuse and operations for an establishment whose use shall require a Security Plan pursuant to Scottsdale Revised Codes. These uses typically include a Bar Use Permit and a Live Entertainment Use Permit. The contents of this plan will address the listed concerns as well as community concerns regarding:

- Any significant increase in vehicular or pedestrian traffic, including effects on parking, traffic and circulation in the area.
- Adequate control of disruptive behavior both inside and outside the premises to include property damage and refuse issues.
- Compatibility with surrounding structures and uses.

It is the intent of the City of Scottsdale to provide an environment that enhances the safeguarding of property as well as public welfare and to limit the need for law enforcement involvement.

The Permittee agrees that successful execution and enforcement of this Plan are a required condition of the use permit. Termination, cancellation, deviation or non-approval of the Plan constitutes a breach of the Plan and could result in the revocation of the use permit.

Security and Maintenance

Security Attire

Security personnel must be readily identifiable to police, patrons, and other employees to ensure the safety of the security staff when engaged with patrons. Security personnel should wear an appropriate styled shirt with the word "security" on both the front and back, in two (2) inch lettering and clearly visible. During cold weather, a jacket with the same inscription should be worn.

The use of radios should be employed between security staff and management when the size of the establishment limits communication efforts.

Security Officer Responsibilities

The Permittee or management must clearly delineate the below responsibilities to all new security personnel and ensure these responsibilities are explained and understood.

Civilian Security Officers will be responsible for patrolling the full property of the liquor establishment during all hours when patrons are in the establishment, outside the establishment, and in the establishment parking areas.

On peak nights, there will be a minimum of 0 uniformed security officer(s). (Wearing the above-described uniform). The following responsibilities shall be agreed upon and adhered to:

1. ___ Security officer(s) will be responsible for roaming the interior of the business and identifying hazards, problems, and maintaining guest safety.
2. ___ Security officer(s) will be responsible for checking identifications at the front door. Acceptable identification are those listed in Arizona Revised Statutes Title 4, section 241A and apply to patrons accessing any area of the licensed premises, including the time period of After-Hours, if applicable. Additional responsibilities shall include: access control, counting of patrons, and prevention of intoxicated persons from entering the business.
3. ___ Security officer(s) will be responsible for conducting roaming patrol of the exterior in an effort to prevent criminal behavior, maintain the peace and prevent refuse issues. This patrol shall include all parking areas to prevent a gathering of patrons during business hours and up to thirty (30) minutes after closing.

In addition, security officers will report all acts of violence to management personnel, complete a written report, log the act of violence, and contact Scottsdale Police Department immediately. Liquor establishment management and/or ownership has the ultimate responsibility for the recording of the act of violence, logging of the act of violence, and reporting the act of violence to the police department and the State Department of Liquor Licenses.

Management Responsibilities

The Permittee must clearly delineate the below responsibilities to all managers, assistant managers, and person(s)-in-charge and ensure these responsibilities are understood and followed.

The manager(s) shall ensure that all employees, security staff and off-duty officers (if applicable) be trained and knowledgeable about the contents of this plan. The following shall be agreed upon and adhered to:

2. There shall be a general manager and one assistant manager on duty all hours while open for business and for thirty minutes after closing.
3. 4. At least one security manager will be on duty until one hour after closing or the last security officer is off duty, whichever occurs last.

- I plan to hire _____ officer(s) during peak nights from (name of agency) _____.
- I do not plan to hire off-duty law enforcement.

Parking

In order to reduce criminal activity that negatively affects the nearby businesses, the Permittee is responsible for the designated parking area to include any lots used by the Permittee's contracted valet company. It is the Permittee's responsibility to ensure that parking areas utilized by patrons and employees will be routinely patrolled by security staff so parking areas are not used: as a gathering place; for consumption of spirituous liquor; for violations of state or city law; for acts of violence, or disorderly conduct. Management will ensure that all patrons have left the parking areas within thirty minutes after the designated closing time.

If valet is used, it is the Permittee's responsibility to ensure the valet company meets all the requirements of the City of Scottsdale and has a valid valet license and permit prior to conducting valet business.

This will also include patron parking lot(s), valet parking lot(s) and employee parking lot(s). All bottles, trash, bodily fluids or secretions and refuse found on streets, sidewalks, private property, and empty lots within the above designated areas will be placed in the refuse container or cleaned appropriately.

Enforcement of Security Plan

Violations of this Security Plan will be enforceable by City of Scottsdale Police Officers and/or Code Enforcement employees and may constitute grounds for revocation of applicable use permits relating to the establishment.

Violation, amendment, revocation, as defined in Scottsdale City Zoning Code Sec. 1.402.

Conditional use-permits, which have been approved by the City Council, shall be subject to the following procedures and criteria regarding any violation, amendment, or revocation.

The Zoning Administrator shall have the discretion to determine if a proposed change warrants an amendment. An amendment must be approved as provided in Section 1.400 et seq. for the approval of conditional use permits.
- The Zoning Administrator may recommend to the City Council and the City Council may affect revocation of a conditional use permit pursuant to Section 1.402 of the Scottsdale Zoning Code for acts including but not limited to:

 6. Any enlargement or expansion of the premises, plan of operation or program format without appropriate approval from the City.
 7. Misrepresentations or material misstatements of the Permittee, its agents or employees.

- A reading log will be maintained and will be signed by each of the above persons, stating they have read and understood this plan. Each security employee must read the plan once per year, or when there are any changes to the plan.
- A current copy of this plan will be maintained on the premises at all times, and a copy of this plan must be made available upon request of any code enforcement officer or police officer.

Pinnacle Brewing
Public Safety Conditions & Considerations

The following Plan shall be effective upon opening.

The Manager of Record of Pinnacle Brewing Company (“Licensee”) will supervise the premises located at 15111 N Hayden, Suite 100 (the “Premises”), together with members of Licensee’s personnel and managerial staff who are responsible for monitoring and patrolling both the interior and the immediate exterior of the Premises. The Premises is anticipated to be open from approximately noon to 9 pm. The Licensee shall utilize the following procedures:

General Procedures

1. The Licensee shall have staff members posted throughout the venue for observation of patrons both inside and outside of the Premises. All staff members will wear clothing and/or tags which will readily identify them as staff and/or security.

2. Staff and Security Training
As a small brewery, security staff will not be hired. However, Pinnacle Brewing will ensure managers attend Scottsdale Public Safety Plan courses.

3. ID Checks
At all times, before serving a patron with alcohol, Pinnacle Brewing staff shall ensure customers are 21 years or older. Staff will also monitor the number of guests attempting to enter and/in the Premises and shall take steps to ensure that all such patrons entering and/or queuing outside of the Premises do not become unruly and maintain compliance with all rules and regulations including these measures, and shall advise other persons not to loiter outside and/or inside of the Premises and to disperse the area immediately if no additional persons may be admitted to the Premises at a given time. If a person fails or refuses to comply with these requirements, the Licensee will not allow the guest entry to the Premises and will ask the guest to leave immediately. In accordance with Arizona trespass law, all Staff is empowered to call police if a guest is asked to leave and refuses.

4. Roving Personnel: Pinnacle Brewing Staff will also monitor patrons coming and going to the restrooms. Staff member(s) shall regularly patrol the restroom facilities and other nonpublic areas of the Premises.

5. Staff shall regularly patrol the immediate exterior of the Premises and shall act reasonably and diligently to disperse loiterers or patrons who attempt to congregate in front of or at the Premises, and shall take such steps as are necessary and reasonably possible to prevent patrons from leaving the Premises with open alcoholic beverages.

6. Surveillance Systems: Pinnacle Brewing will install and operate a surveillance system.

7. Unruly Patrons: When a patron acts in a manner that is violent, abusive, indecent, profane, boisterous, or otherwise disorderly, staff will work to de-escalate the situation and will contact the police to have the patron removed from the Premises if and when they are unable to convince the patron to cease disorderly behavior or leave the Premises voluntarily.

8. Patrons Who Are Intoxicated: Licensee may not sell, dispense, or provide alcohol to any person who is intoxicated, nor shall such a person be permitted on the Premises. When a guest has been “cut off” or denied the service of alcohol, the server will notify the other associates. Management will support the server’s decision to terminate service to any patron. If a patron is too impaired to drive safely, Licensee will try to persuade the guest not to drive and arrange for a safe ride. If the guest refuses, management will notify the police with a description of the person and the license plate number of the vehicle, if possible.

9. Patrons Presenting False IDs: All forms of identification (“ID”) used to prove age must be valid (i.e., may not be expired), and must be government-issued. If the ID is expired or appears at all questionable, the associate shall request a second form of ID. The associate shall make sure that the individual purchasing alcoholic beverages resembles the person who appears on the ID. Associates are encouraged to ask purchasers questions relating to their ID in order to verify the information contained therein. If the associate checking an ID has a strong suspicion that an ID is false, altered, or belongs to someone other than the person presenting the ID, he/she shall confiscate the ID and turn it over to management, to be presented to the police if this can be performed safely.

10. Control/Supervision of Patrons Under 21: Licensee will request proof of age from all patrons, and will refuse service to any guest who cannot produce adequate ID. Separate types of glassware will be used to distinguish alcohol drinks from non-alcohol drinks. All alcohol servers shall be TIPs trained and certified.

11. Circumstances Under Which the Police Will be Called: The police will be called, in a timely manner, any time management or staff has reason to believe a crime has been or is about to be committed and/or whenever a threat of or act of violence occurs on the Premises or off Premises in areas that would be considered in view or earshot of the establishment. Staff shall not make bodily contact with a patron unless to protect other patrons or themselves from being injured by an unruly patron.

12. Handling of Physical Disturbances, Including Fights: Staff or management will ask anyone who is being disruptive, acting in a manner that may result in a fight, or engage in fighting to leave. Staff or management will contact the police for assistance in the event of an assault.

NOTE: the above procedures are subject to change, including in the event the City of Scottsdale issues revised guidance or policies concerning security protocols or other recommendations concerning Covid-19.

RE: 15111 North Hayden Road, Ste 100
Case No.: 231-PA-2023

Dear Area Neighbors and Interested Parties:

This letter is to inform you that we anticipate filing an application for a Conditional Use Permit on behalf of Pinnacle Brewing Company (“Pinnacle”) for a bar use in order to sell beer in their approximately 5,935 square foot (including patio) brewery and taproom in an existing pad within the Airpark Corner Square located near the southeast corner of Hayden Road and 82nd Street (the “Site”). The Site is zoned C-3, permitting a bar subject to a Conditional Use Permit.

Pinnacle is a family-run business that will offer a variety of craft beers in an indoor/outdoor space. Pinnacle’s space will be comprised of a brewing area, an indoor service and seating area, and a large patio area. A regional aerial, conceptual site plan, and conceptual elevations are attached.

We would be happy to answer your questions or hear concerns you may have regarding this proposal or set up a meeting to discuss. You may contact me ([602-234-8791](tel:602-234-8791)/mleake@bcattorneys.com) or Leslie Chatburn at Burch & Cracchiolo ([602-234-8787](tel:602-234-8787)/lchatburn@bcattorneys.com).

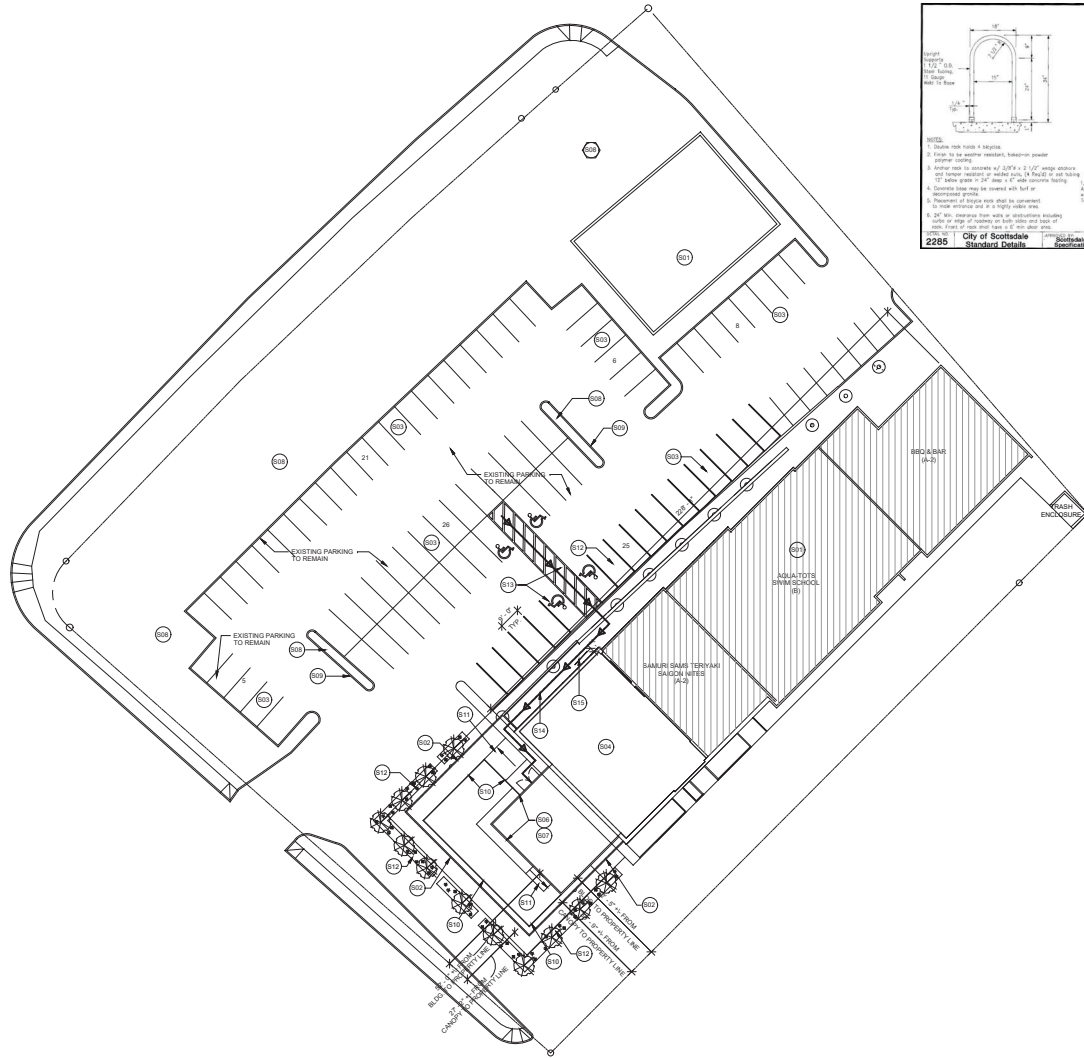

You can also contact Chris Zimmer, Planner at the City of Scottsdale (480-312-2347/czimmer@scottsdale.gov) if you have any questions or comments for City of Scottsdale Planning Staff. Thank you.

Sincerely,

Madison Leake
