Dear Mr. Cluff:

Below please find complete details regarding the Citizen Review Plan for Trulieve's, Harvest of Scottsdale's Pre-Application Number 711-PA-2022.

Harvest of Scottsdale, a marijuana dispensary located at 15190 N. Hayden Road, Scottsdale, Arizona 85260, is seeking a proposed change to the City of Scottsdale Zoning Ordinance to allow drive-thru operations for marijuana dispensaries. Not unlike Arizona's allowance for other drive-thru uses, this option at a dispensary allows for faster transaction times, and importantly, allows for our most immunocompromised patients to receive their medicine without exposing themselves to in-person shopping.

Drive-thru capabilities are allowed by state law. The consumption of cannabis while operating a vehicle, or riding as a passenger, is strictly prohibited by law.

Specific Community Outreach Activities:

- Trulieve will be mailing an open house invite via 1<sup>st</sup> class letter to the City's interested party list, as provided by the City of Scottsdale on October 28, 2022.
- Trulieve will be running a 1/8-page advertisement in the Daily Independent, alerting the public as to the scheduled open houses, which will appear in the November 05, 2022 print edition.
- Trulieve will be holding two open houses to allow community members to ask questions of the Trulieve team and gain a greater understanding of the requested text amendment.

Scheduled open houses:
