No, the airport commission discussion will be far more narrowly focused.....main topic being land use as opposed to overall project design.

I'll see what I can find out about Mayo.

property, the City would require written authorization from your community. Note that the plans submitted for zoning approval are conceptual and subject to final design approval at a later date.

--Does the proposal suggest what is to happen to the west leg of Axon Way/Mayo Blvd that would no longer be a city street? There are no immediate plans that I am aware of however, the portion from Hayden to 82<sup>nd</sup> Street will essentially be abandoned and no longer used by the public. It may still be used in the future by City staff though I'm not sure what the ultimate plan is. I can follow up with other staff and try to get you an answer on that.

As always, I appreciate your consideration! Once I hear back from you I will update our community's response to the new filing.
