Re: Perimeter Center, Lot 16 Archaeological Review

Dear Ms. Gibbons:

SWCA Environmental Consultants (SWCA) conducted an archaeological survey 135 acres, of the Perimeter Center project area, in 1999. The results of that survey were reported in October 1999 in "*A Cultural Resources Survey of 135 Acres in the Perimeter Center Development, Scottsdale, Arizona*," SWCA Cultural Resources Report No. 99-212. The survey efforts in 1999 included all undeveloped portions of the Perimeter Center project area, including Lot 16. No archaeological sites or isolated occurrences were identified in Lot 16 during the 1999 survey. As such, no further archaeological work is recommended for Lot 16.

The archaeological survey and report were done to appropriate standards and guidelines for pedestrian survey as set forth by the Arizona State Museum, the State Historic Preservation Office, and the City of Scottsdale. Please contact me at (602) 274-3831 if you have any questions regarding this letter, or the results of SWCA's 1999 report.

Sincerely,

A handwritten signature in blue ink that reads "Cara Bellavia". The signature is written in a cursive, flowing style.
