Ms. Posler,

I am writing to you to express my concern in rezoning the property in the above case to allow for general commercial activity. Specifically that a facility designed for the day care and overnight boarding of pets in a location that will impact our quality of life for years to come. We live in the first neighborhood to the north of this property, which puts us within a couple hundred yards of this proposed business. Although our neighborhood contains a number of pet owners, it is very quiet during daylight hours and certainly during the night time hours. I ask that the city not approve the rezoning request for this parcel which could affect our peaceful neighborhood for years to come.

Regards,

David Steward
