Hello Katie,

I previously sent you our comments related to the proposed re-zoning of the property at Pinnacle Peak & Los Portones, which is proposed to allow for an animal farm. We were told that the case numbers were changed to 1-GP-2023 and 1-ZN-2023, so I want to make sure our comments are attached to these new case numbers.

To reiterate, our residence is located within a few hundred feet of this proposed business, and there will be serious problems if the project goes through. The noise and filth alone will diminish our property values, and lead to many legal and other issues.

Thanks again and have a great day!

Joe Keyser
