### Survey Response

COMMENT	
Comment:	<p>In the email I sent Mr. Venker on December 1, 2019, I have responded to the two inquires the HP Commission made to me during the November 7 HPC Meeting. The email has 2 Attachments, and reads in part as follows: I am responding as follows to the two inquiries from the HP Commission during the November 7, 2019 HPC Meeting. Please note my responses and forward them to each of the Historic Preservation Commissioners so that they have them by the December 5, 2019 HPC Meeting: 1. VM3 Appendix to the HP Draft Guidelines (See Attachment 1) Page two of the VM3 Appendix, under "Modifications That Will Not Be Approved By The Association", bullet 5 reads: "Paint and other liquid coatings". The Commission requested further clarification. Please change the wording to: "Paint or other liquid coatings on the driveway. (Modifications of the carport or driveway pad will be considered for approval, see page 1) 2. 10-17-19 Letter from Colleen Klapac (VM3) to HPC and HPO (See Attachment 2) On page 3 of this letter there appeared five blank areas on the copies the Commission was given. The Commission requested the information that should have been in these</p>

		<p>blank areas. Each of the 5 areas should read "Section 6.100". In the original letter, each of these areas were in the color of blue (since they refer to sections of the City Code and Ordinances). The copies the Commission received from Mr. Venker were probably made in 'black' rather than in 'color' and thus were not visible. Colleen Klapac (VM3) phone 480-219-3227</p>
