Development Application Process

Enhanced Application Review Development Review (DR & PP)

Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and City staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- City staff and the applicant to collaboratively work together regarding an application; and
- City staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

Note:

1. Time period determined by owner/applicant.
2. All reviews and time frames are suspended from the date a the letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
4. Owner/applicant may agree to extend the time frame by 50 percent

Development Application Process

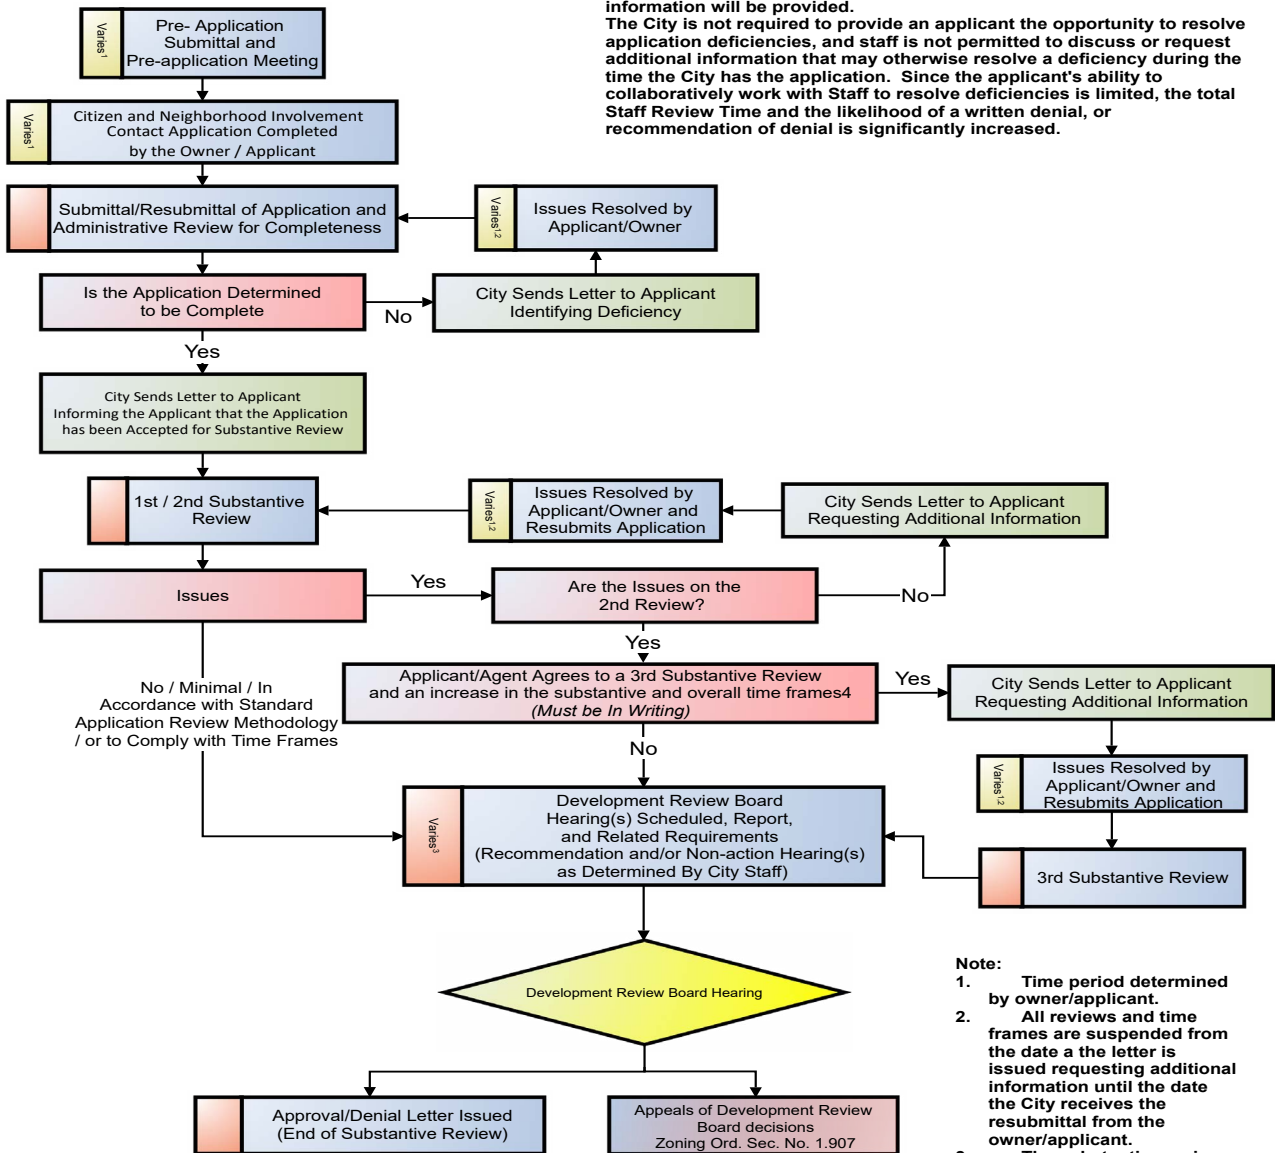

Standard Application Review Development Review (DR & PP)

Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with City Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion of the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The City is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the City has the application. Since the applicant's ability to collaboratively work with Staff to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

- Note:**
1. Time period determined by owner/applicant.
 2. All reviews and time frames are suspended from the date a letter is issued requesting additional information until the date the City receives the resubmittal from the owner/applicant.
 3. The substantive review, and the overall time frame time is suspended during the public hearing processes.
 4. Owner/applicant may agree to extend the time frame by 50 percent

Appeals of Dedication, Exactions or Zoning Regulations

Rights of Property Owner

In addition to the other rights granted to you by the U.S. and Arizona Constitution, federal and state law and city ordinances or regulations, you are hereby notified of your right to appeal the following City actions relating to your property:

- 1) Any dedication or exaction which is required of you by an administrative agency or official of the city as a condition of granting approval of your request to use, improve or develop your real property. This appeal right does not apply to a dedication or exaction required as part of a city legislative act (for example a zoning ordinance) when an administrative agency or official has no discretion to determine the dedication or exaction.
- 2) The adoption or amendment of a zoning regulation that creates a taking of property in violation of Arizona and federal court decision.

Appeal Procedure

The appeal must be in writing and specify the City action appealed and the date final action was taken, and must be filed with or mailed to the hearing officer designated by the city within 30 days after the final action is taken

- No fee will be charged for filing
- The city Attorney's Office will review the appeal for compliance with the above requirements, and will notify you if your appeal does not comply
- Eligible appeals will be forwarded to the hearing officer, and a hearing will be scheduled within 30 days of receipt by the hearing officer of your request. Ten days notice will be given to you of the date, time and place of the hearing unless you indicate that less notice is acceptable to you.
- The City will submit a takings impact report to the hearing officer.
- In an appeal from a dedication or exaction, the City will bear the burden of proving that the dedication or exaction to be imposed on your property bears an essential nexus between the requirement and a legitimate governmental interest and that the proposed dedication or exaction is roughly proportional to the impact of the use, improvement or development you proposed.
- In an appeal from the adoption or amendment of a zoning regulation, the City will bear the burden of proving that any dedication or exaction requirement in the zoning regulation is roughly proportional to the impact of the proposed use, improvement, or development, and that the zoning regulation does not create a taking of property in violation of Arizona and federal court cases.
- The hearing officer must render his decision within five working days after the appeal is heard.
- The hearing officer can modify or delete a dedication or exaction or, in the case of an appeal from a zoning regulation, transmit a recommendation to the City Council.
- If you are dissatisfied with the decision of the hearing officer, you may file a complaint for a trial *nevo* with the Superior Court within 30 days of the hearing officer's decision.

A municipal inspector or regulator shall obtain the signature of the regulated person or on-site representative of the regulated person on the writing prescribed in subsection B of this section indicating that the regulated person or on-site representative of the regulated person has read the writing prescribed in subsection B of this section and is notified of the regulated person's or on-site representative of the regulated person's inspection and due process rights. The municipality shall maintain a copy of this signature with the inspection report. Unless the regulated person at the time of the inspection is informed how the report can be located electronically, the municipality shall leave a copy with the regulated person or on-site representative of the regulated person. If a regulated person or on-site representative of the regulated person is not at the site or refuses to sign the writing prescribed in subsection B of this section, the municipal inspector or regulator shall note that fact on the writing prescribed in subsection B of this section.
- D. A municipality that conducts an inspection shall give a copy of, or provide electronic access to, the inspection report to the regulated person or on-site representative of the regulated person either:
1. At the time of the inspection.
 2. Notwithstanding any other state law, within thirty working days after the inspection.
 3. As otherwise required by federal law.

- E. The inspection report shall contain deficiencies identified during an inspection. Unless otherwise provided by law, the municipality may provide the regulated person an opportunity to correct the deficiencies unless the municipality determines that the deficiencies are:
 - 1. Committed intentionally.
 - 2. Not correctable within a reasonable period of time as determined by the municipality.
 - 3. Evidence of a pattern of noncompliance.
 - 4. A risk to any person, the public health, safety or welfare or the environment.
- F. If the municipality allows the regulated person an opportunity to correct the deficiencies pursuant to subsection E of this section, the regulated person shall notify the municipality when the deficiencies have been corrected. Within thirty working days of receipt of notification from the regulated person that the deficiencies have been corrected, the municipality shall determine if the regulated person is in substantial compliance and notify the regulated person whether or not the regulated person is in substantial compliance, unless the determination is not possible due to conditions of normal operations at the premises. If the regulated person fails to correct the deficiencies or the municipality determines the deficiencies have not been corrected within a reasonable period of time, the municipality may take any enforcement action authorized by law for the deficiencies.
- G. A municipality's decision pursuant to subsection E or F of this section is not an appealable municipal action.
- H. At least once every month after the commencement of the inspection, a municipality shall provide the regulated person with an update, in writing or electronically, on the status of any municipal action resulting from an inspection of the regulated person. A municipality is not required to provide an update after the regulated person is notified that no municipal action will result from the municipality's inspection or after the completion of municipal action resulting from the municipality's inspection.
- I. This section does not authorize an inspection or any other act that is not otherwise authorized by law.
- J. This section applies only to inspections necessary for the issuance of a license or to determine compliance with licensure requirements. This section does not apply:
 - 1. To criminal investigations and undercover investigations that are generally or specifically authorized by law.
 - 2. If the municipal inspector or regulator has reasonable suspicion to believe that the regulated person may be or has been engaged in criminal activity.
 - 3. Inspections by a county board of health or a local health department pursuant to section 36-603.
- K. If a municipal inspector or regulator gathers evidence in violation of this section, the violation shall not be a basis to exclude the evidence in a civil or administrative proceeding, if the penalty sought is the denial, suspension or revocation of the regulated person's license or a civil penalty of more than one thousand dollars.
- L. Failure of a municipal employee to comply with this section:
 - 1. Constitutes cause for disciplinary action or dismissal pursuant to adopted municipal personnel policy.
 - 2. Shall be considered by the judge and administrative law judge as grounds for reduction of any fine or civil penalty.
- M. A municipality may adopt rules or ordinances to implement this section.
- N. This section:
 - 1. Shall not be used to exclude evidence in a criminal proceeding.
 - 2. Does not apply to a municipal inspection that is requested by the regulated person.
