Structure Details

Latitude: 33° 38' 42.00" N

Longitude: 111° 55' 13.00" W

Horizontal Datum: NAD83

Site Elevation (SE): 1554 (nearest foot) PASSED

Structure Height (AGL): 57 (nearest foot)

Current Height (AGL): (nearest foot)

** For notice of alteration or existing provide the current AGL height of the existing structure. Include details in the Description of Proposal*

Proposed Frequency Ban

Low Freq High Freq

Minimum Operating Height (AGL):

(nearest foot)

** For aeronautical study of a crane or construction equipment the maximum height should be listed above as the Structure Height (AGL). Additionally, provide the minimum operating height to avoid delays if impacts are identified that require negotiation to a reduced height. If the Structure Height and minimum operating height are the same enter the same value in both fields.*

Description of Location:

On the Project Summary page upload any certified survey.

The project is at the east side of N Cottage Terrace and the south of E Hacienda Way on an existing event lawn. It is a 4 story structure, maximum height 57' at the stair tower, located at the north side of the building. The proposed height is higher than other existing structures on site

Description of Proposal:

The project is a 4-story structure, with long-span deck, metal stud framing, concrete tile/flat roofs, stucco façade. It sits on top of an underground parking structure. The total project includes approx. 31,301 sf. No miscellaneous site structures are proposed that would exceed the building height.
