Dear Sir/Madam,

I am resident of Horseman park and I have received notification for the proposed new project (the collectors's garage at Westworld). I strongly oppose this project. We have seen a significant increase in traffic with the new sports complex and this project will make it even worse. Moreover, the little bit of nature left will be lost and this will also impact the wild life. We have already seen a decrease in wild life in the neighborhood.

Thank you for your consideration.

Sincerely,
Mohan Kaadige
Horseman Park Resident.
