Meredith, Michelle and Wendy –

Just wanted to follow up on Collectors Garage 5-ZN-2024, 4-GP-2024 AND 8-AB-2024 cases and let you know everything has been resubmitted including the appraisal for the GLO Abandonment. We are hopeful to be scheduled for next available PC hearing date and CC in June/July. Thx so much!!

Thanks Michelle! I see the you have the same comment about the building on the southern property line. Can this be added to the case as a stipulation? Thx.

Thanks Wendy and Roy for reviewing and commenting on the updated legals & sketches!

Jennifer, I was looking back through my notes to make sure all of Real Estate comments had been sent to you and realized I didn't send you my comments on the 2nd Submittal of the Site Plan.

I have attached those comments to this e-mail.

And yes, at a minimum, would you please submit the corrected versions of the ALTA, Legals and Sketches, as well as the Site Plan into the portal for the AB case when they are all complete?

Meredith – I would imagine you'd like those corrected documents loaded into the ZN and GP cases as well but don't want to speak for you so please respond with your preference.

Thanks!

Hello Jennifer,

Michelle Colby is my boss and she's out of the office the early part of this week.

I wanted to share these updated comments from our RLS. Meredith asked me to share these directly with you for case 8-AB-2024. If your RLS can also provide their closure report with square footages that would be helpful.

With Peace and Gratitude,
Wendy Hardy

Hi Michelle – our surveyor reviewed your comments and made the appropriate revisions to the ALTA and GLO legals attached. We are working on getting an appraisal for the Abandonment valuation. Please let me know if you need me to upload these documents into the city portal as well. Thanks!

Jennifer,

A quick caveat regarding the legal description, exhibit, and ALTA comments I sent yesterday. We are not surveyors and are not stating that the comments we sent are accurate. As you know, there are multiple ways to describe the abandonment parcels and the "parent" properties. Also, the redlines/comments we provided are based on certain assumptions we had to make regarding which parcel(s) the surveyor was intending to describe in each legal, etc.

The big picture is that the metes and bounds descriptions, exhibits, and data shown on the ALTA should be consistent and we'd like the surveyor to verify and correct as necessary and applicable.

Please give me a call if you have questions.

Thanks!

Jennifer –

Thank you. These are the versions I found in our system after I learned there had been a 2nd submittal.

I have attached comments on both the legals and the ALTA to this e-mail #2 for today. Another e-mail will follow tomorrow and then I'll give you a call to confirm you received everything. 😊

And FYI – we don't usually look too closely at ALTAs of private property but in this case, I did a bit more than a standard review simply because if the ALTA shows adjacent lots that we own or manage we also keep the data in our files for future reference.

Hopefully my handwriting is legible – was working fast so I also included a snapshot from our LIS system below.

Hi Michelle – thanks again for your time yesterday! You mentioned that you were unaware of the 2nd submittal uploaded to the portal back in December. Attached please find the 2nd submittal documents including the revised legal descriptions and exhibits for the GLO Abandonment areas per your 1st review comments.

Also – please let us know if staff had additional discussion about BOR and potential lot line issue. Thanks!
