

October 24, 2025- MAILED 10/31/2025

Dear Neighbor:

This letter is written to inform you of a pending application with the City of Scottsdale for a Type 4 Alternative Concealment Wireless Communications Facility Use Permit *renewal for, and modification of, an existing* Wireless Communication Facility (“WCF”).

### **THE REQUEST**

Crown Castle and Commscapes, LLC will be applying with the City of Scottsdale for a Type 4 Alternative Concealment Wireless Communications Facility Use Permit for *the renewal of an existing* wireless stealth artificial palm tree structure (“monopalm”) 55 feet in height (63’ to top of concealment fronds) located in the R-5 Multiple family Residential Zoning District at 7730 North Pima Road Scottsdale, AZ 85257 (APN: 174-08-939). The existing monopalm currently supports six (6) AT&T and three (3) Dish panel antennas camouflaged by artificial palm fronds. A new Type 4 Alternative Concealment WCF Use Permit is required, as WCF Use Permits expire every five (5) years. In addition, AT&T is requesting to replace six (6) antennas and add six (6) antennas to the existing antenna array.

### **SUBJECT PARCEL**

The subject parcel is approximately 4.74 acres in size and lies within the R-5 Multiple family Residential Zoning District. The site hosts two other monopalm WCFs (one for Verizon Wireless and one for T-Mobile) near the northeast corner of the parcel.

### **SITE DETAILS-USE PERMIT REQUIREMENT**

The site was originally approved as 38-UP-2011 and developed by AT&T in 2012. The site was subsequently transferred to Crown Castle, who owns and manages the site. The Use permit has been renewed several times since its original issuance. The site has been modified by AT&T several times as technology has evolved, primarily consisting of antenna replacements.

The site was recently modified by the addition of 3 Dish antennas (1 per sector) in 2024. The modification was consistent with the original stipulations of approval, and required the addition of 18-10’ long fronds to conceal the antennas.

In addition to the Use Permit renewal, this Use Permit request seeks approval for 1.) the replacement of six (6) 8’ antennas with six (6) 6’ antennas and 2.) the addition of six (6) 31”X16” antennas to be located directly

above the new 6' antennas. As part of this request, AT&T will be required to maintain a minimum of 74 palm fronds to effectively screen the antennas.

This WCF has been in continuous use since 2012. The technology associated with this WCF continues to evolve and the wireless communication use is ongoing, with no plans for the decommissioning of this facility. The height and diameter of the existing WCF has not changed nor has the character of the surrounding area. This site continues to blend with the other vertical objects and is unobtrusive on views.

## **SUMMARY**

The continued use of this existing wireless facility is critical to Crown Castle's operations and the coverage objectives of its customers. Crown Castle is committed to maintaining affordable, reliable and secure wireless service to the residents in this area and the compliance of their network elements is primary in this objective.

In requesting a Type 4 Use Permit for this site, Crown Castle's desire is to remain in compliance with the City of Scottsdale. The continued use of this site will not increase traffic, generate noise, dust or light or have any other significant impact on surrounding property owners. In addition, there is no hardship created on the infrastructure in place, nor will there be a need to increase capacity of any public service.

The site will be posted in the near future with upcoming hearing information (Planning Commission and City Council hearings).

You may contact the City of Scottsdale Project Coordinator, Keith Niederer, with any questions or comments at 480-312-2953 or: [kniederer@scottsdaleaz.gov](mailto:kniederer@scottsdaleaz.gov).

Commscapes LLC and Crown Castle appreciate your consideration of this request. Should you have any questions or require additional information, please contact me at (602) 549-9054 or [tdaoust@commscapesllc.com](mailto:tdaoust@commscapesllc.com).

Respectfully,

Todd E Daoust
