Phoenix, AZ 85085

Project: **AutoBox - Scottsdale**
14805 N. 73rd Street

Attn: Native Plant Plan Reviewer

City of Scottsdale,

Native Resources has conducted a site visit to the subject property. After reviewing the project limits, we have concluded that no protected native plants, per the City of Scottsdale ordinance, are present on site. As a result, no native plant inventory or native plant permit is required. Please accept this letter as validation that the native plant requirements have been addressed.

Please feel free to contact us if you have any questions.

Thanks,

Kevin Brenda
