Review Methodologies

The city of Scottsdale maintains a business and resident friendly approach to new development and improvements to existing developments. In order to provide for flexibility in the review of Development Applications, and Applications for Permitting, the city of Scottsdale provides two methodologies from which an owner or agent may choose to have the city process the application. The methodologies are:

1. Enhanced Application Review Methodology

Within the parameters of the Regulatory Bill-of-Rights of the Arizona Revised Statutes, the Enhanced Application Review method is intended to increase the likelihood that the applicant will obtain an earlier favorable written decision or recommendation upon completion of the city's reviews. To accomplish this objective, the Enhanced Application Review allows:

- the applicant and city staff to maintain open and frequent communication (written, electronic, telephone, meeting, etc.) during the application review;
- city staff and the applicant to collaboratively work together regarding an application; and
- city staff to make requests for additional information and the applicant to submit revisions to address code, ordinance, or policy deficiencies in an expeditious manner.

Generally, the on-going communication and the collaborative work environment will allow the review of an application to be expedited within the published Staff Review Time frames.

2. Standard Application Review Methodology:

Under the Standard Application Review, the application is processed in accordance with the Regulatory Bill-of-Rights of the Arizona Revised Statutes. These provisions significantly minimize the applicant's ability to collaboratively work with city Staff to resolve application code, ordinance, or policy deficiencies during the review of an application. After the completion the city's review, a written approval or denial, recommendation of approval or denial, or a written request for additional information will be provided.

The city is not required to provide an applicant the opportunity to resolve application deficiencies, and staff is not permitted to discuss or request additional information that may otherwise resolve a deficiency during the time the city has the application. Since the applicant's ability to collaboratively work with Staff's to resolve deficiencies is limited, the total Staff Review Time and the likelihood of a written denial, or recommendation of denial is significantly increased.

In addition to the information above, please review the Development Application, and/or the Application for Permitting flow charts. These flow charts provide a step-by-step graphic representation of the application processes for the associated review methodologies.

Appeals of Dedication, Exactions, or Zoning Regulations

Rights of Property Owner

In addition to the other rights granted to you by the U.S. and Arizona Constitution, federal and state law and city ordinances or regulations, you are hereby notified of your right to appeal the following City actions relating to your property:

- 1) Any dedication or exaction which is required of you by an administrative agency or official of the city as a condition of granting approval of your request to use, improve or develop your real property. This appeal right does not apply to a dedication or exaction required as part of a city legislative act (for example a zoning ordinance) when an administrative agency or official has no discretion to determine the dedication or exaction.
- 2) The adoption or amendment of a zoning regulation that creates a taking of property in violation of Arizona and federal court decision.

Appeal Procedure

The appeal must be in writing and specify the City action appealed and the date final action was taken, and must be filed with or mailed to the hearing officer designated by the city within 30 days after the final action is taken

- No fee will be charged for filing
- The city Attorney's Office will review the appeal for compliance with the above requirements, and will notify you if your appeal does not comply
- Eligible appeals will be forwarded to the hearing officer, and a hearing will be scheduled within 30 days of receipt by the hearing officer of your request. Ten days notice will be given to you of the date, time and place of the hearing unless you indicate that less notice is acceptable to you.
- The City will submit a takings impact report to the hearing officer.
- In an appeal from a dedication or exaction, the City will bear the burden of proving that the dedication or exaction to be imposed on your property bears an essential nexus between the requirement and a legitimate governmental interest and that the proposed dedication or exaction is roughly proportional to the impact of the use, improvement or development you proposed.
- In an appeal from the adoption or amendment of a zoning regulation, the City will bear the burden of proving that any dedication or exaction requirement in the zoning regulation is roughly proportional to the impact of the proposed use, improvement, or development, and that the zoning regulation does not create a taking of property in violation of Arizona and federal court cases.
- The hearing officer must render his decision within five working days after the appeal is heard.
- The hearing officer can modify or delete a dedication or exaction or, in the case of an appeal from a zoning regulation, transmit a recommendation to the City Council.
- If you are dissatisfied with the decision of the hearing officer, you may file a complaint for a trial nevo with the Superior Court within 30 days of the hearing officer's decision.

For questions, you may contact:

Requirements for Submitting Evidence of Title to the City of Scottsdale Planning Department

The City of Scottsdale planning department requires applicants for various zoning applications, building permits and other approvals to provide evidence of land ownership. Unless city staff directs otherwise, the required evidence shall be a title insurance commitment meeting the following requirements:

1. The applicant shall instruct the title insurance company to prepare a normal title insurance commitment.
2. The title commitment must cover the whole project site, just as if the city were a commercial real estate developer who was going to buy the whole site from whoever owns it today.
3. The title insurance commitment must be in the same form and have the same wording that the title insurer usually uses when a sophisticated real estate purchaser is buying land from a sophisticated seller. For example, it must not have any extra notes, disclaimers or other language that is not in a normal title insurance commitment for a straightforward land purchase.
4. The City of Scottsdale must be listed as the proposed insured.
5. The proposed insurance amount must be a reasonable estimate of the actual dollar value of the whole site. (The price for the most recent arms-length sale of the whole site is usually an acceptable amount.)
6. The Schedule B requirements must call for:
 - a. A deed from the current owner to the city.
 - b. Releases of all liens, as if the city were going to pay cash for the land and not assume any liens or take subject to any liens.
 - c. Termination of all leases. (Leases with 24 or fewer months remaining in their term may be listed in the Schedule B exceptions instead.)
 - d. Any other specific payments or specific document recordings that the title insurer would normally call for (such as payment of delinquent property taxes).
7. The Schedule B exceptions must show any other specific title matters that may exist.
8. Title companies sometimes state in their title commitments that they will update the title search before issuing a title insurance policy. That's o.k. if the language is clear that the update will only include new title documents that are recorded after the title commitment date. For example, it is o.k. to have wording that says: "Additional items may be added based on new documents recorded before closing." But there must not be vague wording such as this: "Check with title examiner for additional items before closing."
9. The title search date on the title commitment must be less than 30 days old.
10. Both "standard coverage" and "extended coverage" title commitments are acceptable. (The title information on an extended coverage commitment must be identical to the title information that would be on a standard coverage commitment. The only difference is that the Schedule B requirements for an "extended coverage" commitment will call for a survey and will allow the title company to add Schedule B exceptions or requirements for any problems the survey reveals.)
11. There is no need to open an escrow to make a routine dedication. The city will record the dedication directly without sending it through the title company. Often, the city will not actually buy the title insurance described in the commitment or require the applicant to buy it. But, if the city decides to do it (or require the applicant to do it), then the city or the applicant will follow up with the title insurer to pay the insurance premium and satisfy the Schedule B requirements so that the title insurer will issue the policy.
12. The applicant shall inform city staff in writing of any and all title changes that occur after the title commitment is issued.
13. The city reserves the right for city staff to require additional evidence of title, including but not limited to an extended title insurance policy in favor of the city.

Addressing Requirements

Make all addressing requests using the city's online application form online: www.ScottsdaleAZ.gov and search: address request form

Prior to your application submittal to Current Planning for your entitlement approval (Development Review Board, Planning Commission, City Council) the City will need to assign an address to your property. This will be used for all future submittals and permit issuance. Prior to final plan submittal the records department will work with applicants on assigning suite, units, or apartment numbers and any additional addresses.

The City is responsible for assigning addresses/suite, and apartment numbers. If any developer/builder or owner performs this, it is subject to change by the City. Any and all costs associated with these changes will be the responsibility of the developer/builder or owner.

The City of Scottsdale utilizes the Maricopa Association of Government Standards (MAG) for all addressing. This policy was developed to aid emergency and first responders. We have a Mutual Aid agreement with the City of Phoenix Fire Department, it is essential that we maintain this policy.

To provide the commercial suite assignments please provide the records department with a floor plan showing the different suites within your building. The second floor being in the 200 range, and the third floor 300 range, etc. Suite numbering for commercial suites will be provided in a sequence of fives to allow for future suite division. For example: if you had 5 suites on the first floor we would assign them as 100, 105, 110, 115 & 120.

Individual living spaces (Condominiums and Apartments) are designated as units and numbered in the thousand ranges (4 digits). First floor units get 1000 numbers; second floor units get 2000 numbers, etc.

Re: *Private Property Rights Protection Act (A.R.S. § 12-1131 to § 12-1138)*

Under the Private Property Rights Protection Act (A.R.S. § 12-1131, et. seq.), a property owner is permitted to make a claim for just compensation if the value of the owner's property is reduced by the city's enactment of a land-use law to the property. A land-use law is defined as a law or regulation that regulates the use or division of land, such as municipal zoning laws, or regulates accepted farming or forestry practices.

For example, a property owner may file a claim against a city if the owner's existing rights to use, sell, divide, or possess the property is diminished in value by enactment or applicability of land-use laws to their property, even though the owner made the request or application to the city.

Under the Private Property Rights Protection Act, the city may request a waiver of a property owner's potential claim for any of the numerous land-use actions within the city's jurisdiction, such as rezoning property, platting, abandonments, annexations, change of use, requesting a use permit, or approval of development plans or site plans. The waiver is specific to the action requested.

By signing the waiver, a property owner acknowledges that a Private Property Rights Protection Act claim may exist but that the property owner voluntarily relinquishes the right to any claims that the city's land-use laws, applicable to the owner's property, reduce the property's value.

Not all land-use laws that are applied to an owner's property will raise a Private Property Rights Protection Act compensation requirement. The following seven (7) types of land-use laws are exempt from the application of the Private Property Rights Protection Act:

1. Laws or regulations that limit or prohibit the use or division of real property enacted for the protection of the public's health and safety, including rules and regulations relating to fire and building codes, health and sanitation, transportation, traffic control, solid or hazardous waste, and pollution control.
2. Laws or regulations that limit or prohibit the use or division of real property and laws historically recognized as "public nuisance" laws.
3. Laws or regulations that are required by the Federal government.

4. Laws or regulations that limit or prohibit the use or division of property for the purpose of housing sex-offenders, selling illegal drugs, liquor control, or pornography, obscenity, or any other adult-oriented businesses.
5. Laws or regulations that establish locations for utility facilities.
6. Laws or regulations that do not directly regulate an owner's land.
7. Laws or regulations that were enacted before the effective date of December 7, 2006.

A complete version of the Private Property Rights Protection Act is available at your local law library, at Title 12, Chapter 8, Article 2.1 of the Arizona Revised Statutes.

If The Waiver Is Not Executed

If an owner elects not to sign a waiver, he/she will execute a Refusal to Sign Waiver Form and return the form to city staff. For legislative actions such as re-zonings or general plan amendments, information regarding whether a waiver has been executed will be included in the staff report for the case and the owner's case and application will move through the city's process.

Questions Regarding the Waiver

If you have specific questions on the interpretation of the Private Property Rights Protection Act and/or execution of a waiver, you may consult with privately retained counsel. City staff, including the City Attorney's office, are prohibited from giving legal advice to private parties.

FOR DIMINUTION IN VALUE OF PROPERTY**

THIS AGREEMENT FOR THE WAIVER OF CLAIMS FOR DIMINUTION IN VALUE OF PROPERTY (the "Agreement") is made in favor of the City of Scottsdale ("City") by _____ a _____ ("Owner").

RECITALS

A. Owner is the fee title owner of property, Parcel No(s). _____ - _____ - _____ located at _____ (the "Property").

B. Owner acknowledges that he/she has made a request to the City for application of its land use laws for the development of the Property and is under no compulsion, economic or otherwise, to enter into this Agreement.

C. Arizona statute ARS § 12-1134.A provides that a city must pay just compensation to a land owner, in some cases, if the city approves a land use law that reduces the fair market value of the owner's property. This law is sometimes referred to as the "Private Property Rights Protection Act". (ARS 12-1131, et.seq.)

D. The Private Property Rights Protection Act (e.g., A.R.S. § 12-1134.I) authorizes private property owners to enter into agreements with political subdivisions to waive any claim for diminution in value of their property in connection with any action requested by the property owner.

E. City and Owner seek to resolve whether the application of the City's land use laws to the Property constitute a "diminution in value" of the Property or other harm entitling Owner, now or in the future, to seek compensation from the City under the Private Property Rights Protection Act.

IT IS AGREED AS FOLLOWS:

Owner hereby makes the following acknowledgements and representations:

1. Owner acknowledges that:

a. The recitals set forth above are true and correct and are incorporated herein by this reference.

b. Owner is aware of the Private Property Rights Protection Act. (ARS 12-1131, et. seq.)

c. Owner has independently determined and believes that the application of the City's land use laws to the Property will not reduce the fair market value of the Property.

d. Owner is aware that, as a condition of receiving approvals under the City's land use laws, the City may impose various requirements upon the Property, such as requirements for right-of-way dedications, time limitations for development, and other zoning ordinance stipulations and conditions.

2. The undersigned Owner agrees as follows:

a. The Owner agrees that the stipulations and conditions set forth in Case No. _____ shall be included as part of the ordinance that will be considered by the Scottsdale City Council. Owner agrees that compliance with the stipulations and conditions set forth in Case No. _____ will govern development of the property. Owner further understands and agrees that stipulations and conditions may be added or modified during the public hearing process and that those stipulations and conditions will be incorporated into this Agreement.

b. Owner hereby waives and fully releases any and all financial loss, injury, claims and causes of action that Owner may have, now or in the future, for any "diminution in value" and for any "just compensation" under the Private Property Rights Protection Act based on the Owner's request in Case No. _____. This waiver constitutes a complete release of any and all claims and causes of action under the Private Property Rights Protection Act that may arise out of the Owner's request in Case No. _____.

c. Owner hereby agrees to indemnify, hold harmless and defend City, its officers, employees and agents, from any and all claims, causes of actions, demands, losses and expenses, including reasonable attorney's fees and litigation costs asserted by or resulting from any of the present owners of any interest in the Property seeking any potential compensation, damages, attorney's fees or costs under the Private Property Rights Protection Act that they may have based on the Owner's request in Case No. _____.

d. This Waiver Agreement shall run with the land and shall be binding upon all present and future owners of any interest in the Property. Owner consents to the recording of this Agreement with the County Recorder in which the Property is located.

e. The Owner agrees that, as of the effective date of this Agreement, he/she has received equal protection of the laws and due process of all claims and requests, and has not suffered any compensable regulatory taking (as those terms and their related claims are defined by Arizona state and federal constitutional jurisprudence).

3. Owner warrants and represents that Owner is the owner of the fee title to the Property.

4. The person who signs this Agreement on behalf of Owner personally warrants and guarantees to City that he has legal power to bind Owner to this Agreement.

Open Space Plan (Site Plan Worksheet)

Sample

Project Data Zoning: I-1
 Net Lot Area: 79,008 s.f.
 Building Height: 22'

(SEE ZONING ORDINANCE FOR ZONING DISTRICT REQUIREMENTS)

Open Space Calculations

Required Open Space:
 maximum building height = 22' proposed (36' allowed)
 first 12' of height = 10% x net lot area
 = .10 x 79,008 = 7,900.8 s.f.
 next 10' of height = 10' x .004 x 79,008 = 3,160.32 s.f.

Open Space Required (not including parking lot landscaping)
 = 7,900.8 + 3,160.32 = 11,061.12 s.f. (14%)
 Open Space Provided = 27,668 s.f.

Parking Lot Landscaping Required
 parking lot area x 15%
 18,037 s.f. x .15 = 2,706 s.f.
 Parking Lot Landscape Provided = 5,596 s.f.
